ARTICLE 6.—REGULATION OF RATES FOR PUBLIC SERVICE OR UTILITY.

This article consists of Laws 1911, ch. 71. In the session laws for that year it is printed without any heading except the title which reads as follows: "An act authorizing cities incorporated under the laws of this state to regulate and fix the rate to be charged by persons, firms or corporations furnishing water, light, or other public service or utility to such cities and the inhabitants thereof." The chapter has no repealing section or provision, but an emergency section recites that "there is no law in the state touching the subject matter hereof." See notes to sections 3607, 3608.

§ 3607. Powers of city council or commission. Maximum rates and charges for public services or utility. The city council or commission of any city now or hereafter incorporated under the laws of this state, in which city any person, firm or corporation now is or hereafter may be exercising a franchise, right or license or privilege in or to any street, highway, alley or public place of such city for the furnishing of water, light or other public service or utility, to such city and the inhabitants thereof, is hereby empowered to prescribe by ordinance, maximum rates and charges for the service, commodity or utility so furnished, and to provide for the enforcement of such ordinance by suitable penalties; provided, that the rates and charges so fixed shall be just and reasonable, and when fixed, shall not be altered by the municipality oftener than once in five years; provided, further, that such rates and charges shall be fixed by the city council or commission after notice to the person, firm or corporation whose rates and charges are to be affected, and after rea-

sonable opportunity to such person, firm or corporation to appear and be heard in relation to such matter in such manner as the city council or commission may by resolution determine, and on such hearing such city council or commission or its committee appointed for such purpose may by resolution require the production before it of all books of account, records and vouchers of such person, firm or corporation pertaining to the business, rates and charges under investigation; provided, further, that the provisions of this article shall not apply to any person furnishing any public service or utility, the rates or charges for which may now or hereafter be placed under the control of the board of railroad commissioners. [1911, ch. 71, § 1.]

This section evidently supplants Laws 1909, ch. 55, § 1, which reads as follows: "The city council of any city now or hereafter incorporated under the laws of this state, in which city any person, firm or corporation now is or hereafter may be exercising a franchise, right, license or privilege in or to any street, highway, alley or public place of such city for the furnishing of manufactured gas for lighting and heating purposes to such city and the inhabitants thereof, is hereby empowered to prescribe by ordinance maximum rates and charges for the service, commodity or utility so furnished, and to provide for the enforcement of such ordinance by suitable penalties; provided, that the rates and charges so fixed shall be just and reasonable, and when fixed, shall not be altered by the municipality oftener than once in five years; provided, further, that such rates and charges shall be fixed by the city council after notice to the person, firm or corporation whose rates and charges are to be affected, and after reasonable opportunity to such person, firm or corporation to appear and be heard in relation to such matter in such manner as the city council may by resolution determine, and on such hearing such city council or its committee appointed for such purpose may by resolution require the production before it of all books of account, records and vouchers of such person, firm or corporation pertaining to the business, rates and charges under investigation."

§ 3608. Fixed rates prima facie, just and reasonable. Court determine reasonableness. Appeal. All rates and charges fixed hereunder shall, if the validity thereof be contested, be held to be prima facie just and reasonable, but any person, firm or corporation aggrieved by any rate or charge fixed or established under the provisions of this article may by suit in the district court of the county have the reasonableness of such rate or charge adjudicated, and may appeal from the decision of such court to the supreme court in the manner provided by law; [provided, that no appeal from such rates or charges fixed by the city council or commission pursuant to this article shall be taken by any person, firm or corporation aggrieved thereby, nor shall any action or suit to annul such rates or charges or to enjoin their enforcement or otherwise be brought or maintained by any such person, firm or corporation in any court, if such person, firm or corporation has failed or neglected to comply with any demand made hereunder by the city council or commission or its committee, for the production and inspection by the city council or its committee of the books of account, papers, vouchers and records of such person, firm or corporation]. [1911, ch. 71, § 2.]

This section is a repetition ipsissimis verbis of Laws 1909, ch. 55, § 2.

The provision enclosed in brackets was vetoed, Laws 1911, ch. 71, p. 120, the veto message declaring it to be "clearly a violation of section 22 of the Constitution," and citing on that point, *Southern Pac. R. Co. v. R. R. Comm.*, 18 Fed. 236; *Ex Young*, 209 U. S. 715; *Regan v. F. L. & T. Co.*, 154 U. S. 1023. In the same message, however, it is said: "Under the rule of construction it is an independent provision that may be dropped if that which is left is fully operative as a law" — citing *Regan v. F. L. & T. Co.*, 154 U. S. 1023.

§ 3609. May employ legal counsel and assistance. When. The city council or commission in exercising the right and powers hereby granted, may, by resolution, employ such legal counsel and other assistance as it may deem expedient. [1911, ch. 71, § 3.]

This section is a repetition *ipsisimis verbis* of Laws 1909, ch. 55, § 3, except that the words "or commission" have been inserted.

[R. C. 1905, § 2722; 1887, ch. 73, art. 9, § 6; 1893, ch. 33, § 2; R. C. 1899, § 2189; 1905, ch. 62, § 89.]

Whenever the city council shall deem it necessary to construct, rebuild or repair, except as hereinafter provided, any sidewalk in the city, it shall notify each owner and occupant of any lot or parcel of land adjoining such sidewalk, to construct, rebuild or repair the same at his own expense, and subject to the approval of the street commissioner, within the time designated in such notice, by the publication in the official newspaper of the city twice, once in each week for two successive weeks, of a notice to said owner or occupant, setting forth what work is to be done, and the character of the same as specified in the ordinance provided for in the preceding section, and the time within which he is required to do the same. Such notice may be general as to the owner, but must be specific

as to the description of the lot or parcel of ground in front of which such sidewalk is to be built, and a copy thereof shall also be served in the manner provided in section 3693. [R. C. 1905, § 2765; 1905, ch. 62, § 130½.]

§ 3691. Building by city. If such work is not done and the sidewalk is not built, repaired or rebuilt, in the manner and within the time prescribed in said notice, the city council shall order the same to be done by such person as they may have contracted with therefor, under the direction of the city engineer, or street commissioner in cities having no city engineer, at the expense of the lot or parcel of land adjoining each sidewalk, and such expense, including the expenses of all notices in connection with such work and the assessment therefor, and any other expense incurred for such work, shall be assessed upon the lot or parcel of land properly chargeable therewith, by the city engineer, or by the street commissioner in cities having no city engineer; and such assessment shall be returned by him, and filed in the office of the city auditor, and the city auditor shall cause to be published the said assessment, together with a notice of the time and place when and where the city council will meet to approve the same, and said notice shall be published once in the official newspaper of the city at least ten days prior to the meeting of the city council to approve such assessment. [R. C. 1905, § 2766; 1905, ch. 62, § 131.]

§ 3692. Letting contracts for sidewalks. The city auditor shall, on or before the fifteenth day of March in each year, advertise in the official newspaper of the city twice, once in each week for two consecutive weeks, for bids for the construction of the various kinds of sidewalks in the city during the ensuing year, in accordance with the specifications of the ordinance provided for in section 3689, and such bid shall be received and opened and if accompanied by a check and bond as hereinafter provided, such contract shall be awarded to the lowest bidder, at the regular meeting of the city council in April and contracts may be awarded to different bidders for the different kinds of sidewalks required. But if the city auditor shall have failed to advertise for bids as aforesaid before the fifteenth day of March, and if the city council shall have failed to award contracts at their regular meeting in April, upon such showing being made and published together with notice for bids for two consecutive weeks prior to any regular meeting of the city council, the city council may thereupon at any such regular meeting after such publication, award such contracts to the best bidders for the different kinds of sidewalks required. § 3693. Repairs. Whenever the necessary repair of sidewalks will not, in the judgment of the street commissioner, exceed in cost the sum of ten dollars for each twenty-five feet in front of land belonging to the same owner, he shall notify the city auditor thereof, and the city auditor shall forthwith prepare a notice in writing, which may be general as to the owner of the lot or parcel of land, but describing it specifically, requiring him to repair such sidewalk to the satisfaction of the street commissioner, within a time to be fixed in such notice not exceeding three days. The auditor shall deliver such notice to the street commissioner, who shall forthwith serve it by delivering a copy thereof to the occupant or owner of the parcel of land, if the same is occupied, or by leaving such notice at the dwelling house upon such lot or parcel of land with some person over the age of fourteen years residing therein, or if such lot or parcel of land is not occupied, by posting a copy of such notice in a conspicuous place thereon or immediately in front thereof, and if such sidewalk is not so repaired within the time fixed in such notice, the street commissioner shall, as soon as practicable, repair the same and certify the cost thereof, with his return of service of such notice to the city auditor; and

the cost of such repairs shall be paid out of the "sidewalk special assessment fund." [1911, ch. 64; R. C. 1905, § 2768; 1905, ch. 62, § 133.]

§ 3694. Duty of auditor. The city auditor shall keep in his office a book called "sidewalk repair special assessment book," and shall enter such cost so certified by the street commissioner therein, as a special assessment against the lot or parcel of land adjoining such sidewalk, with the name of the owner, if known to him; and at its regular meeting in September of each year, the city council shall review all assessments and hear all complaints against the same, and approve the same as finally adjusted. [1907, ch. 46, § 8; R. C. 1905, § 2769; 1905, ch. 62, § 134.]

See the connection in which this section is cited in note to section 3740.

§ 3695. Sidewalk special assessment fund. All moneys collected from special assessments for building or repairing sidewalks shall be kept in a fund to be called "sidewalk special fund" and warrants shall be drawn on such fund for the payment of the costs of building and repairing all sidewalks, and the city shall in no case be liable on any contract for the building or repairing of sidewalks in any sum whatsoever, to be paid by moneys raised by general taxation.

All such sidewalk special assessment warrants shall be payable as specified and in such amounts as in the judgment of the city council the taxes and assessments will provide for, which said warrants shall bear interest at the rate of not to exceed seven per cent, per annum, payable annually, and may have coupons attached representing each year's interest. Such warrants shall state upon their faces for what purpose they are issued and the further fact from which fund they are payable and shall be signed by the mayor and countersigned by the city auditor under the seal of the city and be in denominations of not more than one thousand dollars each. Such warrants may be used in making payment on contracts for making such improvements or be sold for cash at not less than par value thereof and the proceeds thereof credited to such fund, and used for paying such improvements. It shall be the duty of the city treasurer to pay such warrants and interest coupons as they mature and are presented for payment out of the sidewalk special assessment fund, and to cancel the same when paid. § 3696. Assessment for removing snow and ice from sidewalks. In all cases where snow and ice are not removed from sidewalks within the time and in the manner that is now and hereinafter may be provided by the ordinances of any city, the same may be removed by or under the direction of the street commissioner, and the necessary expense thereof shall be chargeable against the abutting property. On or before May first in each year the street commissioner shall make and file in the office of the city auditor a list of the property chargeable and assessed against each lot and tract separately, and stating the owner's name, so far as known to him. The city auditor shall give notice by publication in the official newspaper of the hearing and confirmation of such report and assessment at the regular June council meeting, notifying all persons objecting thereto to appear and present their objections, such notice to be published twice, once in each week for two consecutive weeks, the last publication to be not less than eight days before the time fixed for the hearing. At the June council meeting or at such later meeting as the hearing and confirmation of such assessment may be adjourned to, the council shall take up and consider said assessment and shall hear any objection thereto or to any part thereof, and after revising and correcting the same, if necessary so to do, shall approve and confirm the same. The city auditor shall thereupon attach to such list his certificate that the same is correct as confirmed by the city council and shall thereupon file such assessment list in his office; and such

assessment, with interest and penalties thereon, shall be and remain a permanent lien upon the property upon which such assessment is levied, from the time such assessment list is approved by the city council, and shall remain a lien thereupon until fully paid, and shall have precedence over all other liens except ordinary taxes to which it shall be subject, and such lien shall not be divested by any judicial sale, and no mistake in the description of the property or in the name of the owner shall obviate such lien, provided the property assessed can be identified by the description in such assessment list. Such assessment shall be certified to the county auditor by the city auditor at the same time and in the same manner that sidewalk assessments are certified by him under the provisions of section 2804, Revised Codes of 1905. [1913, ch. 82, § 2; 1907, ch. 46.]

for a complete water works system, and for the purpose of laying, extending, improving, enlarging, relaying or replacing water mains and districts, for the purpose of grading, graveling, curbing, planting trees, constructing grass plots, sowing grass seed, constructing gutters, or for the purpose of making any one or more of the improvements herein mentioned and maintaining the same within the limits of such city, which districts shall be consecutively numbered. [1913, ch. 74, § 1; 1911, ch. 70, § 1; R. C. 1905, § 2772; 1905, ch. 62, § 137.]

§ 3699. Size and form of sewer districts. Such sewer districts shall be of such size and form as the city council, after consultation with the city engineer, shall decide most practicable for the purpose of the drainage of such portion of such city as may be included in the respective districts as established by the city council. [R. C. 1905, § 2773; 1905, ch. 62, § 138.]

§ 3700. Form of paving districts. Such paving districts shall be in compact form as nearly as practicable, and include all streets within their respective boundaries, and nothing in this article contained shall be construed as authorizing and empowering the city council to create one street, by length, as a district, except when it shall be necessary to repave any street which shall not, when originally paved, have been included in any paving district. [R. C. 1905, § 2774; 1905, ch. 62, § 139.]

§ 3701. Water main and water works districts. Such water main districts and water works districts for the purpose of constructing a water works system, including the construction and erection of a pumping station, settling basin, filtration plant, stand pipes and water towers, reservoirs and other contrivances and structures necessary for a complete water works system and for the purpose of laying, extending, improving, enlarging, relaying or replacing water mains and districts for the purpose of grading, graveling, curbing, planting trees, constructing grass plots, sowing grass seeds and constructing gutters, shall be of such size and number as the city council, after consultation with the city engineer, shall decide most practicable. [1913, ch. 74, § 2; 1911, ch. 70, § 2; R. C. 1905, § 2775; 1905, ch. 62, § 140.]

§ 3702. Power to make improvements. All cities shall have power to grade, curb, pave, replace, gravel, macadamize or gutter any street, highway, avenue, alley or public place in such city, and to plant trees, construct grass plots or to sow grass seed thereon, and to maintain and preserve any one or more of such improvements by causing such trees or grass to be watered, the grass cut and trees trimmed, or otherwise maintaining and preserving the same, as the city council shall deem suitable and proper, and any city shall have power to create sewer, paving and water main districts and water works districts for the purpose of constructing a water works system, including the construction and erection of a pumping station, settling basins, filtration plant, stand pipes and water towers, reservoirs and other contrivances and structures necessary for a complete water works system, and for the purpose of laying, extending, improving, enlarging, relaying or replacing water mains and districts, and to defray the expense of all such work as hereinafter provided. [1913, ch. 74, § 3; 1911, ch. 70, § 3; R. C. 1905, § 2776; 1905, ch. 62, § 141.]

Assessment of damages before change of grade. Searle v. City of Lead, 10 S. D. 312, 73 N. W. 101; Whittaker v. City of Deadwood, 12 S. D. 608, 82 N. W. 202.

Grade must be established before passage of ordinance to grade. Whittaker v. City of Deadwood, 12 S. D. 608, 82 N. W. 202.

§ 3703. Plans, specifications and estimates. When the city council shall deem it necessary to construct or alter any sewer or to open, widen, extend, grade, curb, pave, repave, gravel, macadamize or gutter any street, highway, avenue, alley, lane or other public ground within the city limits or to plant trees, construct grass plots, or sow grass seed thereon or to construct a water works system, including the construction and erection of pumping stations, settling basins, filtration plants, stand pipes, water towers, reservoirs and other contrivances and structures necessary for a complete water works system, the

city council shall direct the city engineer, or in case the city has no competent city engineer, shall employ a competent engineer, to prepare plans and specifications for such work, including the grading of the street if not already established, if such grade is deemed necessary by such engineer, and all details of the work to be done, and make an estimate of its probable cost, which plans, specifications and estimates shall be approved by resolution of the city council, which approval shall be deemed to establish the grade of the street as shown in such plans and specifications, if the grade of the street has not previously been established by ordinance, providing such grade has been included in such plans and specifications. In case the improvement shall consist in paving or repaving any street, alley or public place, the city council may require such plans, specifications and estimates to be made of such different kinds of pavement as they may deem advisable. In case the improvement shall consist of planting trees, constructing grass plots, sowing grass seed thereon, or otherwise parking or beautifying any of the streets, highways, avenues, alleys, lanes or other public grounds within the city limits, the said city may require plans, specifications and estimates to be made of the probable cost of making, constructing or maintaining such improvements or any of them. Such plans, specifications and estimates shall be the property of the city and be filed in the office of the city auditor and remain on file in his office subject to inspection of all persons. The city engineer shall retain a copy of such plans, specifications and estimates, and file the same in his office, and shall furnish to any person applying therefor copies of the same, and may charge and receive for such copies at the rate of one dollar an hour for the time necessarily employed in making the same. [1913, ch. 74, § 4; 1911, ch. 70, § 4; R. C. 1905, § 2777; 1905, ch. 62, § 142.]

§ 3704. Resolution declaring work necessary. After the plans, specifications and estimates mentioned in the preceding section shall have been filed in the office of the city auditor and approved as provided in the preceding section the city council shall by resolution declare such work or improvement (except the construction or alteration of sewers) necessary to be done, such resolution shall refer intelligently to the plans, specifications and estimates therefor, and shall be published twice, once in each week for two consecutive weeks in the official newspaper of the city. If the owners of a majority of the property liable to be specially assessed for such proposed improvement shall not, within fifteen days after the first publication of such resolution, file with the city auditor a written protest against such improvement, then the majority of such owners shall be deemed to have consented thereto. At the next regular meeting of the city council after the expiration of the time for filing protests against such improvement, the council shall hear and determine the sufficiency and validity of such protests, and if two-thirds of the council shall decide that such protests are insufficient or not well taken, then the city council shall have power to cause such improvement to be made and to contract therefor, and to levy and collect assessments therefor as herein-after provided, and all such work shall be let by contract to the responsible bidder whose bid is the lowest therefor. In case the work to be done consist of paving or repaving, the city council shall not in its resolution declaring such improvement necessary determine which of the kinds of paving or paving material shall be adopted; but in the call for bids bidders shall be invited to submit bids for one or more of the several kinds of paving or paving material for which the city engineer shall have been directed to file plans and specifications. When the bids shall have been opened and made public they shall be entered on the minutes of the meeting and be carefully preserved by the city auditor, and action on the same shall be deferred for a period of at least five days, and another meeting of the council shall be held at least five days after the opening of the bids for the purpose of considering and acting on the same. Notice of the time and place of such future meeting shall be

published by the city auditor at least once in the official newspaper of the city at least five days before the date fixed for such meeting. If, after the opening of the bids and before the meeting of the council to consider the same, the owners of a majority of the property liable to be specially assessed for such paving or repaving, shall file with the city auditor a written petition (which may consist of a single petition or several separate petitions signed by the owners of a majority of the property liable to be specially assessed for such improvement, or their authorized agents) indicating that such petitioners are agreed in a preference for any one of the kinds of paving or paving materials for which bids have been invited, then it shall be obligatory upon the city council to cause the paving or repaving to be constructed of the kind of paving material indicated in such petition. [1907, ch. 46, § 3; R. C. 1905, § 2778; 1905, ch. 62, § 143.]

See the connection in which this section is cited in note to section 3740.

§ 3705. Duty of council. The city council shall then cause proposals for said work to be advertised for in the official paper of such city twice, once in each week for two consecutive weeks, which advertisement shall specify the work to be done according to the plans and specifications therefor on file in the auditor's office and shall call for bids therefor upon a basis of cash payment for said work, and state the time within which such bids will be received, and within which such work is to be completed. The city council may also require bidders to state the rate of interest the warrants shall bear (not exceeding seven per cent per annum), which are to be received and accepted by them at par in payment for such work. In case of pavement such proposals may call for bids for one or more kinds of pavement. Bids for such work shall be forwarded to the city auditor of such city securely sealed so as to prevent their being opened without detection, and shall have indorsed upon the outside thereof a statement of what work such proposals are for. Such bids shall be opened by the city council at the expiration of the time limited in said advertisement for receiving the same, which shall be not less than fifteen days after the first publication of said advertisement, or at such other time as the city council may appoint therefor, and if accompanied by a check and bond hereinafter provided for shall be considered, and if not accompanied by such check and bond shall be rejected. [1907, ch. 46, § 5; R. C. 1905, § 2780; 1905, ch. 62, § 145.]

In absence of charter or statutory requirement municipal contracts need not be let under competitive bidding. *Price v. Fargo*, 24 N. D. 440, 139 N. W. 1054.

§ 3706. Bids. Each bid for any work to be done under the provisions of this article shall be accompanied by a certified check, in case of sidewalks for the sum of fifty dollars, and in the case of other work for the sum of five hundred dollars, indorsed or payable to the mayor, as a guarantee that the bidder will enter into a contract for the performance of such work in case such contract is awarded to him, and in case any bidder to whom such contract shall be awarded, fails or refuses to enter into such contract when requested so to do, such check accompanying his bid shall be retained by the city, and be deemed liquidated damages for such failure, and shall be delivered to the city treasurer and credited by him to the fund from which the consideration for such work is payable. [R. C. 1905, § 2781; 1905, ch. 62, § 146.]

§ 3707. Bonds. Each bid for any such work shall also be accompanied by a bond running to the city. In case of all improvements except sidewalks, paving and repaving the amount of bidder's bond shall be a sum equal to

the full amount of the bid. In case of paving or repaving, the amount of the bond to be required on each bid for different kinds of paving or repaving shall be fixed at a sum equal to at least five per cent of the amount of the bid or such additional sum as the city council may by resolution determine at the time bids are called for; provided, however, that in the case of contracts for the construction of sidewalks the amount of the bond shall be five hundred dollars. Such bidder's bond shall be executed by the bidder or contractor as principal and by a surety company authorized to do business in this state, or by two or more freeholders resident of this state; and if executed by individuals as sureties such sureties must attach to such bond an affidavit of justification, showing that they possess the qualifications required of sureties in arrest and bail and are worth in the aggregate in property within this state a sum equal to twice the penalty of the bond over and above their exemptions; such bonds shall be made payable to the city and shall be conditioned as follows: That if the principal's bid shall be accepted and the contract for the work of improvement awarded to him, he will, within ten days after the acceptance of his bid or within such further time as the city council shall grant, enter into and execute a contract bond in a sum equal to the amount of the bid and a contract in writing to and with the city, to well and faithfully perform and complete the work for which his bid was accepted in accordance with the plans and specifications therefor and the terms of his bid and within the time required by the terms of such contract; that he will pay for all labor and materials used in such work. Such bonds shall be for the benefit of the city. In case the bidder shall fail to execute a contract bond and a contract as aforesaid for the completion of the work bid for within ten days or such further time as the city council may grant after the acceptance of the bid, then the city council shall be authorized the same as if the bid or bond contained an expressed stipulation to that effect, to cause such work to be done or completed, the work, or contract, with some other contractor to do or complete the work, and in such case may recover in a suit on the defaulting bidder's bond the difference between actual cost to the city of such improvements and the sum which it would cost if the defaulting bidder had complied with his bid. The successful bidder shall, within the time fixed by the city council for executing the contract, file a contract bond in a sum equal to the full amount of the contract with the city auditor. Such contract shall be executed by the bidder or contractor as principal and a surety company authorized to do business in this state, as surety or by two or more freeholders resident of this state, and if executed by individuals as sureties such sureties must attach to such bond an affidavit of justification showing that they possess the qualifications required of sureties in arrest and bail, and are worth in the aggregate in property within this state a sum equal to twice the penalty of the bond over and above their exemptions; such bond shall be made payable to the city and shall be conditioned that he will well and faithfully perform the work bid for in accordance with the terms of and within the time provided for in such contract, and pursuant to the plans and specifications for such work on file in the city auditor's office, and pay for all labor and material used in such work, and that in case of default on the part of the bidder or contractor to perform such work as provided in this contract, the sum named in the bond shall be taken and held to be fixed and liquidated damages in favor of said city, and that the full amount thereof may be recovered from said bidder and his sureties in an action by the city against them on said bonds. Such bonds shall be approved by the city council and shall thereupon be and remain in full force and effect. Upon the execution of the contract and approval of the contract bond the bidding bond shall be returned. A sufficiency of any bond filed by a bidder shall be determined by the city council at the time of considering bids. If the council shall at any time deem the bond of a contractor insufficient, either in

form or sufficiency of sureties, it may require the successful bidder or contractor to furnish a new bond to be approved by the mayor and the city council, within such reasonable time as the council may fix, and if the bidder or contractor shall fail to furnish such new bond within the time required after notice to him to do so his contract may be cancelled and in that event the contractor's bond shall be liable the same as if the contractor had failed to perform his contract. [1907, ch. 46, § 6; R. C. 1905, § 2782; 1905, ch. 62, § 147.]

See the connection in which this section is cited in note to section 3740.

§ 3708. Council or commission may reject bids and have work performed by the city. The city council or city commission shall have the right to reject any and all bids for work to be done under this article, if, in its opinion, the interests of the city will be best subserved by so doing, and such work may be performed directly by the city by the employment of labor and purchase of material, or in any other manner in which the city council or city commission may deem proper in each particular case, and payment for the construction thereof may be provided for by special assessment in the same manner as if said work had been performed by contract, or the city council, or the city commission may readvertise for other bids, but if such bids are not rejected the contract shall then be awarded to the responsible bidder, whose bid is the lowest, upon the basis of cash payment therefor, providing said bidder shall have complied with the foregoing requirement; provided, further, that in case the contemplated improvements consist of paving or repaving the city council or city commission may, after opening and considering the bids, by resolution, determine the kind or kinds of pavement to be laid, and may then proceed to award a contract or contracts therefor; provided, that the city council or city commission shall, before adopting or rejecting any bids, require the city engineer, or may employ a competent engineer to make a careful and detailed statement of the estimated cost of such work. [1913, ch. 70; 1907, ch. 46, § 7; R. C. 1905, § 2783; 1905, ch. 62, § 148.]

See the connection in which this section is cited in note to section 3740.

§ 3709. Contracts. All contracts entered into for any work provided for in this article, shall be entered into in the name of the city, and shall be executed on the part of the city, by the mayor thereof, and countersigned by the auditor with the corporate seal of the city affixed, and when signed by the contractor shall be filed in the office of the city auditor. Such contract shall require the work to be done thereunder, to be done pursuant to the plans and specifications therefor on file in the office of the city auditor, or in case of sidewalks, pursuant to the specifications of the ordinance provided for by section 3689 and subject to the approval of the city engineer, who shall personally supervise and inspect such work during its progress, and there shall be reserved in each contract the right of the city council, in case of the improper construction of such work, to suspend work thereon at any time, and to relet the contract therefor, or order a reconstruction of said work on any part thereof improperly done. Each contract so entered into shall state the time on or before which such work must be completed, and must state from what fund the amount to be paid thereon by the city is to be paid, and that the consideration of such contract is payable only in warrants drawn on such fund, and that such city assumes and incurs no general liability under such contract. [R. C. 1905, § 2784; 1905, ch. 62, § 149.]

shown by such estimate to have been so earned, in warrants drawn on the fund from which the same is to be paid. [R. C. 1905, § 2785; 1905, ch. 62, § 150.]

Such warrants shall state upon their face for what purpose they are issued, and the fund from which they are payable, and shall be signed by the mayor and countersigned by the city auditor, under the seal of the city, and be in denominations of not more than one thousand dollars each. Such warrants may be used in making payments on contracts for making such improvements or may be sold for cash, at not less than the par value thereof, and the proceeds thereof credited to such fund, and used for paying such improvements. It shall be the duty of the city treasurer to pay such warrants and interest coupons as they mature and are presented for payment out of the district funds on which they are drawn, and to cancel the same when paid. supply such deficiencies, or correct such errors or mistakes; the total of such assessments not to exceed the benefit to such property, and any such assessment shall be a lien upon the lots and lands on which it is levied as herein provided for the original assessments, and shall be payable in the same manner, and in the same installments, and shall draw interest at the same rate, and shall be enforced in the same manner as herein provided with respect to the original assessment. vacate or set aside any sale of real estate for such special assessment, or to cancel any tax certificate or deed given under such sale, and such assessment shall be held to be void by reason of noncompliance with this article, the court shall determine the true and just amount which the property attempted to be so assessed by said special assessment should pay, to make the same uniform with other special assessments for the same purpose, and the amount of such assessments as the same appears on the assessment list thereof, shall be prima facie evidence of such true and just amount, and judgment must be rendered and given therefor against the party liable for such special assessment, without regard to the proceedings had for the levy thereof, and such judgment shall be a lien upon the property upon which a special assessment shall have been levied, of equal force and effect as the lien of special assessments, and the lien of such special judgment shall be enforced by the court in such action; provided, that no action for either of said purposes shall be maintained unless it is commenced within six months after such special assessment is approved, and in case of such assessment heretofore approved, within six months after this article takes effect. § 3726. Special assessments, how made. Review. It shall be the duty of such commission, whenever required under the provisions of this article to make any special assessment, to personally inspect any and all lots and parcels of land which may be subject to such special assessment and determine from such inspection the particular lots and parcels of land which will in the opinion of such commission be especially benefited by the construction of the work for which such assessment is to be made and thereupon determine the amount in which each of said lots and parcels of land will be especially benefited by the construction of the work for which such special assessment is to be made and thereupon assess against such of said lots and parcels of land such sum, not exceeding such benefits, as shall be necessary to pay its just proportion of the

total cost of such work, or part thereof as is to be paid by special assessment, including all expenses incurred in making such assessment, and publishing necessary notices with reference thereto, including the per diem of such commission; and such commission shall thereupon make or cause to be made a complete list of such benefits and assessments, setting forth each lot or tract of land assessed, and the amount each lot is benefited by the improvement, and the amount assessed against each, and shall attach to such lists a certificate signed by a majority of the members of such commission, certifying that the same is a true and correct assessment of the property therein described to the best of their judgment, and stating the several items of expense, included in such assessment, and shall thereupon cause the same to be published twice, once in each week for two consecutive weeks in the official newspaper of the city, together with a notice of the time and place when and where such commission will meet to hear objections which may be made to any such assessment, by any person therein interested, or his agent or attorney, which time shall not be less than fifteen days after the first publication of such notice; and such commission may thereupon alter the same as may in their opinion be just or as may be necessary to correct any errors therein, and they may increase or diminish any such assessment as may be just and as is necessary to make the aggregate of all such assessments equal to the total special assessment to be made for the cost of the work for which they are made; provided, that no assessment shall exceed the benefits of the parcel of land assessed, as determined by the commission. Such commission shall thereupon confirm such list and attach thereto their further certificate certifying that the same is correct as confirmed by them. Such commission shall thereupon file such assessment list in the city auditor's office. Provided, however, that property belonging to the government of the United States shall be exempt from such assessment. [1913, ch. 85; R. C. 1905, § 2801; 1905, ch. 62, § 166.]

The city auditor shall, annually, at the time he certifies to the county auditor the amount of the city taxes to be levied for the current year, also certify to such auditor all sidewalk, and all sidewalk repair assessments, and all assessments for opening or widening streets, remaining in his office uncertified, and shall also certify to such county auditor a list of the lots and tracts of land specially assessed for any other purpose as hereinbefore provided, designating the purpose of such assessment, and the fund to which it belongs, with the proportion of such assessment for such year against each lot, and shall add thereto one per cent (1%) of all such assessments, so certified; and the county auditor shall thereupon extend the same upon the tax list for the current year, and

the amount, with all interest and penalties, shall be collected and paid over to the city treasurer in the same manner as other city taxes, and when so paid over shall be credited by the city treasurer and city auditor to the fund for which it was collected; provided, however, that in all cities having less than two thousand (2,000) inhabitants, the city council may by resolution direct and authorize the city auditor to certify at one time any and all special assessments of said city for any purpose; and that when so directed by the city council the city auditor shall certify to the county auditor a list of the lots and tracts of land specially assessed for any purpose, designating the purpose of such assessment, and the fund to which it belongs, with the proportion of such assessment for each and every year when such special assessment will become payable in the future, including interest; and said city auditor shall also add to the assessment payable one per cent (1%) of the amount payable on such assessments for each year; such assessments so certified shall be accompanied by a certified copy of the resolution of the city council directing the assessment to be certified in this manner; and when any special assessment has been certified in the manner last described, then the city auditor shall not be required to certify any installment of such assessment annually, but the county auditor shall each year extend the amount so certified against each tract of land upon the tax list for the year when the same becomes payable according to the certificate of the city auditor, and the amount, with all interest and penalties, shall be collected and paid over to the said city treasurer in the same manner as other city taxes, and when so paid over shall be credited by the city treasurer and the city auditor to the fund for which it was collected; provided, further, that the county auditor shall have in his office a book entitled, "special assessment record," and when any city causes to be certified the special assessments for a period of more than one year, that then the county auditor shall cause said special assessments so certified to be duly recorded in said book for the respective years, and amounts shown in the certificate of the city auditor; provided, further, that whenever special assessments of any kind whatsoever, hereafter certified to the county auditor by the city auditors of cities incorporated under the general laws of this state or under the commission form of government, shall be paid to the county treasurer, it shall be the duty of the said county treasurer, at the time set by law for the payment to the city treasurer of all taxes and special assessments collected by the said county treasurer during the preceding month, to certify the amounts of such special assessments so collected in duplicate, one copy to be certified to the city treasurer, and one copy to be certified to the city auditor; such certificate to state specifically the lot, or known subdivision thereof, as appears upon the tax books of the county treasurer, the block, addition, amount collected and credited to each lot or known subdivision thereof, and the year for which said sum was so collected. [1913, ch. 84, § 3; R. C. 1905, § 2804; 1905, ch. 62, § 168.]

§ 3730. Warrants may be issued to pay assessments. Any matured special assessment warrants or interest coupons may be used in the payment of special assessments levied for the payment of the improvement for which such warrants or interest coupons were issued, and such warrants or coupons so used shall be canceled and retired by the city treasurer. [R. C. 1905, § 2805; 1905, ch. 62, § 169.]

§ 3731. Right of property owners to pay assessments. The owner of any property against which an assessment shall have been made for the cost of any improvement under this article shall have the right to pay the same, or any part thereof remaining unpaid, in full, with the unpaid interest thereon, and such payment in full shall constitute a discharge of the lien of such assessment upon his property. Such payment may be made to the county treasurer upon all installments of such assessments which have been certified

to the county auditor, and may be made to the city treasurer upon all portions of such assessments which have not been so certified. The person desiring to pay any portion of such assessment of the city treasurer shall obtain from the city auditor a certificate of the amount due upon such assessment which has not been certified to the county auditor, and shall thereupon present such certificate to the city treasurer, and the city treasurer shall thereupon receive and collect such amount, and issue duplicate receipts therefor, one of which he shall deliver to the party paying such assessment, and thereupon deposit the other in the office of the city auditor, and the city auditor shall thereupon note upon his records the payment of such assessment. [R. C. 1905, § 2806; 1905, ch. 62, § 170.]

City may stipulate in paying warrants payable in installments that city may pay warrants before maturity and stop interest. *State ex rel. Bithulitic & Contracting Co. v. Murphy*, 20 N. D. 427, 128 N. W. 303.

§ 3732. Penalties to be added. The county treasurer shall add to all such special assessments the same interest and penalties that are provided to be added in the case of general taxes, and at the same time, and shall collect such interest and penalties with such special assessments, and shall pay over to the city treasurer all such interest and penalties. [R. C. 1905, § 2807; 1905, ch. 62, § 171.]

Interest and penalty may be collected on special assessments for city purposes. *State ex rel. Viking Twp. v. Mikkelson*, 24 N. D. 175, 139 N. W. 525.

§ 3733. Delinquent special assessment taxes. If the real property against which any assessment is levied is sold to enforce the collection of a special assessment which has become delinquent, the sale shall be made by the same officer, and upon like notice and subject to the same provisions in relation to redemption, and the same record thereof shall be kept by the officer making the sale, as in cases of real property for delinquent taxes; but if any real property is subject to sale at the same time for delinquent taxes, and also for delinquent special assessments it shall be sold separately for each, and a separate certificate of sale shall be issued upon each of said sales, although both sales are made to the same person, and the certificates issued upon the sale for special assessments shall so state and if no redemption is made from such sale, a deed shall be issued to the purchaser or his assigns, which shall be, as nearly as practicable, in the same form as deeds issued upon sales for general taxes, except that it shall state that such sale was made for special assessments; and in case the sale for special assessments is made to a different purchaser from the sale for general taxes, such purchaser may redeem said premises from the purchaser of the same for delinquent general taxes, and upon such redemption shall be subrogated to all the rights of such purchaser from whom such redemption is made. [R. C. 1905, § 2808; 1905, ch. 62, § 172.]

§ 3734. Certificate of redemption. Such redemption shall be made at the office of the county auditor, and the auditor shall issue to the redemptioner a certificate of such redemption, which shall state that such redemption is made by the holder of a certificate of sale of the premises for delinquent special assessment and that the person to whom such certificate is issued or his assigns, is subrogated to all the rights of the original purchaser, and such certificate shall entitle the holder to a tax deed of said premises under such sale for delinquent general taxes, subject to the same conditions, and at the same time as the original certificate of sale. [R. C. 1905, § 2809; 1905, ch. 62, § 172.]

§ 3735. When no bidders. Whenever any parcel of land shall be offered for sale for a special assessment, as provided in section 3733, and there shall be no bidder therefor, the county auditor shall strike off such parcel of land to the city, making such assessment, and issue a certificate of sale therefor to such city, which certificate shall be assignable as hereinafter provided, and, if no redemption be made from such sale, or such certificate be not assigned within three years from the date of such certificate of sale, the

piece or parcel of land so bid off shall become the absolute property of the city at the expiration of said three years, without any further act upon its part, and may be disposed of by the city at public or private sale, as may be provided by the city council and the city may redeem any parcel of land from a purchaser thereof under a sale for general taxes as is hereinbefore provided for such redemption in other cases, and any assignee of the city's certificate of sale may likewise, and in like manner redeem any such parcel of land from any such sale for delinquent general taxes, and such redemption shall have the same force and effect as provided in the two preceding sections. The city may at any time before its title to said land becomes absolute, by resolution of the city council, assign said certificate of sale to any person except the city auditor and city treasurer, their deputies and clerks, who shall pay the amount for which the same shall have been bid in, and the amount of all subsequent special assessments thereon then due, and all penalties, interest and costs upon the same, and the city auditor shall thereupon execute to the purchaser of such certificate of sale an assignment thereof, substantially as provided in section 1588. [R. C. 1905, § 2810; 1905, ch. 62, § 173.]

§ 3736. Tax deed. In case such lands are not redeemed from such sale, and any amount paid by the city for the redemption of such premises from sale for general delinquent taxes with interest thereon at the date of such assessment, the county auditor shall, at the expiration of the period of redemption, issue a deed thereof to such city if such certificate has not been assigned by it, and if so assigned, then to the holder of such certificate; provided, that no deed shall be issued on any such certificate except to the city, until notice of expiration of the period of redemption has been given as provided for sales for general taxes. [R. C. 1905, § 2811; 1905, ch. 62, § 173.]

Omission of seal to signature of city treasurer will not render deed by city defective. Kirby v. Waterman, 17 S. D. 314, 96 N. W. 129.

§ 3737. Vacation of judgment in condemnation proceedings. Whenever any property is to be taken under this article by condemnation proceedings, the court shall upon request by resolution of the city council call a special term of court for the purpose of the trial upon such proceedings and may summon a jury for such trial whenever necessary and such proceedings shall be determined as speedily as practicable, and any appeal from the judgment in such action shall be taken within sixty days after the entry of such judgment and such appeal may be determined at either a special or regular term of the supreme court and shall be given precedence of all other civil causes before the court, except election contests, and in case any judgment which shall be rendered in condemnation proceedings, for damages to property used by any city for street, sewer or other purposes, is entered, it shall not be vacated or set aside; provided, the city council shall within three months after its entry, levy special assessments for its payment in whole or in part, and shall at the time of the next annual tax levy, levy a general tax for the payment of such part of the same as is not to be paid by special assessment; and provided, further, that upon failure of the city council to make such assessments and levy as hereinbefore stated, said judgment may then be vacated. [R. C. 1905, § 2812; 1905, ch. 62, § 174.]

§ 3738. Records. Duty of auditor. It shall be the duty of the city auditor to keep in his office a complete record of all proceedings taken in the matter of making any improvements under this article, including all reports and the confirmation thereof, and all petitions, orders, appointment of commissioners, notices and proofs of publications and orders and resolutions of the city council. Such record or certified transcript thereof or the original papers, proofs of publication, orders or resolutions on file in his office, shall be admitted in evidence without further proof, as evidence of the fact therein contained, in any court or place in this state. [R. C. 1905, § 2813; 1905, ch. 62, § 175.]

§ 3739. Abbreviations. In all proceedings taken for the levy and collection of any special assessments, abbreviations, letters and figures may be used to denote lots, lands and blocks, sections, townships, ranges and parts thereof, years, days of the month and amounts of money. [R. C. 1905, § 2814; 1905, ch. 62, § 176.]

§ 3740. Connections with sewer and other mains. Whenever the city council shall determine to pave or repave any street, avenue or alley in which water mains, gas mains, sewers, steam pipes or other pipes, or either of them, shall have been previously laid and constructed, they may, by resolution, require the owners of all property abutting on the said street to cause sewer, water, gas, steam and other service pipes to be first constructed and laid in such street, avenue or alley at the cost of the property fronting thereon, from the sewer, water, gas, steam or other mains in said street, avenue or alley to a point two feet inside of the curb line on either side of such street, avenue or alley at such intervals along the whole length of such street, avenue or alley as shall be necessary to supply and serve each lot, part of lot or parcel of land in accordance with the city ordinance governing the construction of such connections. Upon the adoption of such resolution the city auditor shall publish in the official newspaper of the city twice, once in each week for two successive weeks, a notice to said owner or occupant, setting forth what work is to be done and the time within which he is required to do the same. Such notice may be general as to the owner, but must be specific as to the description of the lot or parcel of land in front of which the improvement is to be made. If such work is not done in the manner and within the time prescribed in said notice the city council shall order the same to be done by such person as they may have contracted with therefor, under the direction of the city engineer or street commissioner, in cities having no city engineer, at the expense of the lot or parcel of land adjoining such improvement, and such expense, including the expenses of all notices in connection with such work and the assessment therefor, and any other expenses incurred for such work, shall be assessed upon the lot or parcel of land properly chargeable therewith, by the city engineer or by the street commissioner in cities having no city engineer; and such assessment shall be returned by him and filed in the office of the city auditor, and the city auditor shall cause to be published the said assessment, together with a notice of the time and place when and where the city council will meet to approve the same, and said notice shall be published once in the official newspaper of the city at least ten days prior to the meeting of the city council to approve such assessment. The city council after the adoption of such resolution declaring the necessity of making the service connections above referred to, shall, by resolution, direct the city engineer to prepare plans and specifications for same and file with the city auditor and shall direct the city auditor to advertise for bids for the construction of such connections in accordance with the plans and specifications for the construction of the same, which plans and specifications shall be filed with the city auditor by the city engineer; and such bids shall each be accompanied by a certified check in the sum of \$500 to guarantee the entering into the contract should same be awarded to him. Bids shall be received by the city council and the contract awarded to the lowest responsible bidder. The successful bidder shall give a surety bond in the sum of \$1,000 executed by such bidder and a surety company as surety or by two freeholders of the state, who shall justify as required in arrest and bail, and the aggregate of such justification shall equal the amount of such bond, and such bond shall be conditioned that in case such bid is accepted and such contract awarded to such bidder he will well and faithfully perform the work bid for in accordance with the terms of and within the time provided for in such contract, and pursuant to the plans and specifications for such work on file in the auditor's office,

and pay for all labor and material used in such work, and that in case of default on the part of such bidder to perform such work as provided in his contract the sum named in said bond shall be taken and held to be fixed and liquidated damages in favor of said city; and that the full amount thereof may be recovered from such bidder and his sureties in an action by the city against them on such bond. Such bond shall be approved by the city council and filed in the office of the city auditor, and shall thereupon be and remain in full force and effect. Upon the award of the contract the checks of all unsuccessful bidders shall be returned to them, and upon the filing of such bond the check of the successful bidder shall be returned to him. The city council shall have the right to reject any and all bids for work to be done under this section if, in its opinion, the interests of the city will be best subserved by so doing, and readvertise for further bids, but if all such bids are not rejected the contract shall then be awarded to the responsible bidder whose bid is the lowest upon the basis of cash payment therefor; provided, such bidder shall have complied with the foregoing requirements and furnished the bond hereinbefore provided for. All contracts entered into for any work provided for in this section shall be entered in the name of the city and shall be executed on the part of the city by the mayor thereof, and countersigned by the auditor with the corporate seal of the city affixed, and when signed by the contractor shall be filed in the office of the city auditor. Such contract shall require the work to be done thereunder to be done pursuant to the plans and specifications therefor on file in the office of the city auditor, and subject to the approval of the city engineer, who shall supervise and inspect such work during its progress, and there shall be reserved in each contract the right of the city council, in case of an improper construction of such work, to suspend work thereon at any time, and to relet the contract therefor, or order a reconstruction of said work or any part thereof improperly done. Each contract so entered into shall state the time on or before which such work must be completed, and must state from what fund the amount to be paid thereon by the city is to be paid, and that the consideration of such contract is payable only in warrants drawn on such fund, and that such city assumes and incurs no general liability under such contract. In case the contractor to whom any such contract shall be let shall properly perform the work therein designated, the city council may from time to time in its discretion, as the work progresses, pay to such contractor upon an estimate made by the city engineer of the amount already earned thereunder, eighty-five per cent of the amount shown by such estimate to have been so earned, in warrants drawn on the fund from which the same is to be paid. All money collected from special assessments for building and constructing sewer and water and other connections shall be kept in a fund called "sewer and water connections special assessment fund," and warrants shall be drawn on such fund for the payment of the costs of all such connections. All such sewer and water special assessments shall be paid in a single amount. [1907, ch. 46, § 10; R. C. 1905, § 2815; 1905, ch. 62, § 177.]

This is R. C. 1905, § 2815, as amended by Laws 1907, ch. 46, § 10, which chapter also amends R. C. 1905, § 2740 (section 3664 herein), enacts a new R. C. § 2770a (as amended, section 3696 herein), and amends R. C. 1905, §§ 2778 (section 3704 herein), 2780 (section 3705 herein), 2782 (section 3707 herein), 2783 (as amended again, section 3708 herein), 2769 (section 3694 herein), and 2798 (section 3723 herein). Laws 1907, ch. 46, above cited, concludes with a section 11 reading as follows: "This act shall not affect any contract let and commenced under this act which it amends, but all such contracts shall be conducted and concluded under the terms of said act,"—which may perhaps refer only to the immediately preceding section 10, being section 3740 herein.

§ 3741. Proceedings heretofore commenced, how completed. Any special assessment or other proceeding hereinbefore provided for, which shall have been commenced by any city officer or committee appointed under the laws heretofore existing, may be completed by such officer or committee in the manner provided by such law, and shall have the same force, effect and

validity as though taken or completed under this article, but all future steps and proceedings not so commenced, taken for any purpose hereinbefore provided for, shall be taken under the provisions of this article, and no special assessment or other proceeding heretofore had with reference to any improvement or assessment hereinbefore provided for, shall be in any manner affected by the provisions of this article. [R. C. 1905, § 2816; 1905, ch. 62, § 178.]

§ 3742. Water main provisions, applicable when. The provisions of this article with reference to water mains shall apply only to cities which own a system of water works and water mains. [R. C. 1905, § 2817; 1905, ch. 62, § 179.]

§ 3743. Special assessments. Lien between vendor and vendee. As between vendor and vendee, all special assessments upon real property for local improvements shall become and be a lien upon the real property upon which the same are assessed, from and after the first day of December, next after such assessments shall have been certified and returned to the county auditor, to the amount so certified and returned, and no more. [R. C. 1905, § 2818; 1905, ch. 62, § 180.]

§ 3743a. Special assessments, validated. Every special assessment or part thereof made or levied by the officers of any cities for any purpose authorized by law, heretofore and since the year 1903; and all taxes levied therefor by any board or officer authorized by law to make the same, is hereby legalized and made valid in all respects and purposes, without regard to any defects, errors or omissions in the proceedings therefor, the same as if in all things made in conformity to the laws then in force. [1911, ch. 72, § 1.]

The title of the act constituting this and the next section is as follows: "An act validating special assessments and taxes made or levied in cities and villages since 1903 and establishing certain rules of evidence relating thereto."

§ 3743b. Conclusive evidence. What is. In any action or proceedings where the legality or validity of any of the said taxes, assessments or the warrants issued thereon, is called into question, the production of evidence that any such special assessment was duly approved and confirmed by the city council or board of village trustees, shall be deemed conclusive evidence that every step in the proceedings therefor has been duly and regularly made in the manner and form provided by law. [1911, ch. 72, § 1.]

ARTICLE 21.—SPECIAL STREET LIGHTING SYSTEM.

§ 3744. Special system authorized. All cities shall have power and authority to install upon any of the streets thereof any special system or systems of street lighting, and to defray the expenses and cost thereof as hereinafter provided. [1909, ch. 56, § 1.]

§ 3745. Procedure to install. Whenever the owners of a majority of the property abutting on any street or streets of any city shall petition the city council, asking that there be installed upon such street lighting, to be therein and by said petition described in general terms, such city council may, at any time within sixty days after the filing of such petition with the city auditor, require plans, specifications and estimates of the probable cost of such improvement to be prepared by the city engineer, or such other person as shall, upon motion or resolution, be designated, and thereafter, and upon the return and filing of such plans, specifications and estimates and probable cost, such city may proceed to provide for the construction of such improvement and to assess the cost thereof against the abutting property in the same manner and with the same notice and according to the same forms and procedure as now provided by statute for the construction and assessment of street paving; and upon such proceedings being taken and completed, the cost of such construction or such part thereof as the council shall deem proper, be assessed against the abutting property in the same manner and according to the same form as now provided by law for the assessment of the cost of street paving. [1909, ch. 56, § 2.]

§ 3746. Assessment for cost. In conducting proceedings under this act, it shall not be necessary to establish any separate lighting or improvement districts, and, in assessing the benefits, no assessment shall be made against any property other than that immediately contiguous to the streets or avenues where such improvement is made. [1909, ch. 56, § 3.]

ARTICLE 22.—IMPROVEMENT OF ROADS LEADING TO CITIES.

§ 3747. Roads leading to cities, how improved. Whenever ten per cent of the electors, as shown by the last municipal election, of any city, shall petition the city council to call an election for the purpose of raising money or the issuing of bonds to repair or construct any road or bridge within such city, or approaching or leading thereto, whether the same is adjacent thereto or not, or to pay for any bridge heretofore constructed or built on any such road or highway; and if such petition shall state first, the purpose of raising such money and the object for which the same is to be expended; second, the amount thereof, it shall be the duty of such city council to call an election in said city for the purpose of submitting to the electors therein the question of raising the money and the amount thereof as stated in the petition, and which election may be called at any regular or special meeting of such city council, and such city council shall cause notice of such election to be published twice in the official paper of the city, once in each week for two consecutive weeks, and such election shall not be held until at least twenty days after the first publication of such notice. Such notice shall state:

1. The purpose of raising such money.
2. The object for which the same is to be expended.
3. The amount thereof.

4. The amount thereof that shall be raised by the issuing of bonds in payment thereof, or by the customary and usual method of raising money by assessment and levy, as such electors may designate on their ballots at such election. [R. C. 1905, § 2819; 1905, ch. 62, § 181.]

§ 3748. Funds for improvement, how raised. If at such election a two-thirds majority of all the electors voting shall vote in favor of raising such sum of money, and a majority of the electors voting at such election shall vote in favor of raising such money by the issuing of bonds therefor, then the city council is authorized to issue and negotiate the sale of such bonds without any other election; but if a two-thirds majority of the electors voting at such election shall vote in favor of raising such sum of money, and a majority of the electors voting at said election shall vote in favor of raising the same by levy and assessment, then the same shall be raised by levy and assessment as in other cases provided by the law governing cities. [R. C. 1905, § 2820; 1905, ch. 62, § 181.]

§ 3749. Money, how expended. Such money, when so raised, shall be used and expended by the city council for the purpose stated in the notice of election, and for no other; provided, however, that any money coming into the city treasury from the county treasury, on account of road taxes collected from residents of any incorporated city and all road taxes collected on account of real or personal property situated within an incorporated city, or which may come into the city treasury from the bridge fund of such county from any such taxes, levied, assessed and collected from persons and property in such city, may be, at the discretion of the city council, expended in the repair or construction of any such road within such city, or approaching or leading thereto, or for the repair or building of any bridge thereon, or any bridge heretofore constructed thereon whether the same is adjacent to such city or not. [R. C. 1905, § 2821; 1905, ch. 62, § 181.]

CHAPTER 46.

CITIES UNDER COMMISSION FORM OF GOVERNMENT.

This chapter clearly supersedes Laws 1911, ch. 67, and is substantially identical in terms with the latter. An emergency section recites that "a doubt exists of there being any law governing said recall commission form of government." It is quite probable that the doubt arose from the fact that Laws 1911, ch. 67, §§ 1 and 5 refer to "chapter 45 of the Laws of 1907," whereas the latter chapter was undoubtedly repealed by Laws 1911, ch. 77.

§ 3835. Recall. The holder of any elective office in cities which may adopt or have adopted the commission plan of government under any of the laws of this state applicable thereto may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least thirty per centum of the entire vote for all candidates for the office of president of the city commission cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city auditor, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer, competent to administer oaths, that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition the city auditor shall examine, and from the voter's register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the board of city commissioners shall allow extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the auditor's certificate, the petition is shown to be insufficient it may be amended within ten days from the date of said certificate. The auditor shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition of the same effect. If the petition shall be deemed to be sufficient, the auditor shall submit the same to the board of city commissioners without delay. If the petition shall be found to be sufficient, the board of city commissioners shall order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the auditor's certificate to the board of city commissioners, that a sufficient petition is filed. The board of city commissioners shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same shall be conducted, returned and the result thereof declared in all respects as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes should

fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes, he shall continue in office. This said method of removal shall be cumulative and additional to the methods heretofore provided by law. [1913, ch. 29, § 1; 1911, ch. 67, § 1.]

§ 3836. Initiative. Any proposed ordinance may be submitted to the board of city commissioners by petition signed by electors of the city equal in number to the percentage hereinafter required. The signatures, verification, authentication, inspection, certification, amendment and submission of such petition shall be the same as provided for petition under section 3835. If the petition accompanying the proposed ordinance be signed by electors equal in number to fifteen per centum of the votes cast for all candidates for president of the city commission at the last preceding general municipal election and contains a request that the said ordinance be submitted to a vote of the people if not passed by the board of city commissioners, such board of city commissioners shall either

(a) Pass said ordinance, without alteration, within twenty days after attachment of the auditor's certificate to the accompanying petition, or,

(b) Forthwith, after the auditor shall attach to the petition accompanying such ordinance his certificate of sufficiency, the board of city commissioners shall call a special election, unless a general municipal election is fixed within ninety days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city. But if the petition is signed by not less than twenty-five per centum of the electors, as above defined, then the board of city commissioners shall, within twenty days, pass said ordinance without change, or submit the same at the next general city election occurring not more than thirty days after the auditor's certificate of sufficiency is attached to said petition. The ballots used when voting upon said ordinance shall contain these words: "For the ordinance" (stating the nature of the proposed ordinance), and "Against the ordinance" (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city, and any ordinance proposed by petition and which shall be adopted by vote of the people, cannot be repealed or amended except by a vote of the people as long as the city is under the commission form of government.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section, but there shall not be more than one special election in any period of six months for such purposes.

The board of city commissioners may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall be thereby repealed or amended accordingly. Whenever any ordinance or proposition is required by this chapter to be submitted to the voters of the city at any election, the city auditor shall cause such ordinance or proposition to be published once in each of the daily newspapers published in said city; such publication to be not more than twenty or less than five days before the submission of such proposition or ordinance to be voted on. [1913, ch. 79, § 2; 1911, ch. 67, § 2.]

Initiative and referendum. 11 L.R.A.(N.S.) 1092; 33 L.R.A.(N.S.) 969.

§ 3837. Referendum. No ordinance passed by the board of city commissioners, except when otherwise required by the general laws of the state or by the provisions of this chapter, except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency and is passed by a four-fifths vote of the board of city com-

missioners, shall go into effect before ten days from the time of its final passage; and if during said ten days a petition signed by electors of the city equal in number to at least ten per centum of the entire votes cast for all candidates for president of the city commission at the last preceding general municipal election at which a president of the city commission was elected, protesting against the passage of such ordinance, be presented to the board of city commissioners, the same shall thereupon be suspended from going into operation, and it shall be the duty of the board of city commissioners to reconsider such ordinance, and if the same is not entirely repealed, the board of city commissioners shall submit the ordinance as is provided by subsection (b) of section 3836, to the vote of the electors of the city, either at the general election or at a special municipal election to be called for that purpose; and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said section 3836, except as to the percentage of signers, and be examined and certified to by the auditor in all respects as therein provided. [1913, ch. 79, § 3; 1911, ch. 67, § 3.]

§ 3838. Form of petition. Petitions provided for in this chapter shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides, his age and length of residence in the city. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and the number of signers at the time the affidavit was made. [1913, ch. 79, § 4; 1911, ch. 67, § 4.]

§ 3839. Return to former system. Any city which shall have operated for more than six years under the provisions of this chapter may abandon such organization hereunder and accept the provisions of the general law of the state then applicable to cities of its population, or if now organized under special charter, may resume said special charter by proceeding as follows:

Upon petition of not less than forty per centum of the electors of such city a special election shall be called at which the following propositions only shall be submitted: " Shall the city (name of city) abandon its organization under the commission system and become a city under the general law governing cities of like population? " If a majority of the votes cast at such special election be in favor of such proposition, the officers elected at the next biennial election shall be those then prescribed by the general law of the state for cities of like population and upon the qualification of such officers such city shall become a city under such general law of the state; but such change shall not in any manner or degree affect the property, rights or liabilities of any nature of such city, but shall merely extend to such change in its form of government.

The sufficiency of such petition shall be determined, the election ordered and conducted, and the result declared generally as provided by section 3835 in so far as the provisions thereof are applicable. [1913, ch. 79, § 5; 1911, ch. 67, § 5.]

After the final entry of any judgment against a village the trustees may issue certificates of indebtedness evidencing the debt, its amount and interest, and payable as funds are collected by the annual levies aforesaid; said certificates may be issued in the total sum of such judgment or may be issued in separate certificates of one hundred dollars each or any multiple or fraction thereof, as the trustees may determine, and shall be presented to the village treasurer on January first and July first of each year until fully paid, for indorsement of funds available on said date, for the satisfaction of the same; such certificates may be at any time, upon there being sufficient funds to fully pay the same, called in by the treasurer for payment, and unless the same shall be surrendered for payment within five days thereafter the interest thereon shall cease; such certificates shall bear the same rate of interest as the judgment or judgments which they represent, and such interest shall be payable semi-annually. Such certificates may be thereafter presented to the clerk of the district court of the county in which such judgment is docketed for certification as to the date of docketing and amount of said judgment, and may thereafter be presented to the auditor of the county in which such village is located who shall certify as to the date and amount of the tax levy provided for its payment. Such certificates so indorsed shall be assignable and negotiable.

§ 3932. When organized. Whenever any area of contiguous territory in this state, not exceeding four square miles, shall have residing thereon a population of not less than one hundred inhabitants, which shall not already have been included within the corporate limits of any legally incorporated village or city and which territory to be embraced in the limits of said village is in more than one county, such territory may become incorporated as a village, in the manner provided in chapter thirty-one (31) of the political code of North Dakota [of 1905], governing the incorporation of villages and said chapter 31 of the political code is hereby made applicable to the organization, power, duties and privileges of such village and as to the authority and duties of its officers, except as herein otherwise specifically provided for. [1911, ch. 314, § 1.]

The act constituting this chapter probably supersedes §§ 3564a-3564e so far as the latter relate to organization of villages.

Who may maintain quo warranto to test validity of organization of village. 21 L.R.A. (N.S.) 685.

§ 3933. Census and survey. Prior to the commencement of any proceedings to incorporate such territory as a village, a census as prescribed in section 2844 of the Revised Codes for 1905 [section 3841 herein], shall be taken and a survey of the territory so to be incorporated shall be made in accordance with section 2845 of said code [section 3842 herein], and furnish proof hereof in conformity to section 2847 R. C. [section 3844 herein]. [1911, ch. 314, § 2.]

§ 3934. Petition for incorporation. A petition signed by not less than one-third (1-3) of the qualified voters, residing within such territory, shall be filed in the office of the county auditor of the county where the greater part of the territory is situated, addressed to the board of county commissioners of such county, which petition shall define the boundaries of such proposed village and state the number of inhabitants residing within such limits, and also state the name of such proposed village, and submit a verified copy of the census taken and a duplicate map of the survey thereof, and such petition shall contain a prayer that the question be submitted to the qualified voters residing within such limits, whether they will organize as a village under said chapter. It shall be the duty of the board of county commissioners to make an order fixing a time and place within the boundaries of such proposed village, at which an election may be held to determine such question (providing that when such territory is situated in more than one county, the commissioners shall designate a separate election place in each county for that portion of territory to be embraced within the limits of the proposed village so to be incorporated) and such commissioners shall name the persons to act as judges in holding such election, and shall give notice thereof by causing the same to be published in a weekly newspaper for a period of ten days, if there is a newspaper published within such territory or by causing five notices to be posted in public places within such proposed village for ten days, and chapter 31 of the political code of 1905 [chapter 47 herein], applicable hereto relative to holding elections and manner of voting and form of ballot, except as herein otherwise specifically provided for. election shall be for incorporation, the board shall make an order declaring that such village has been incorporated by the name adopted (stating such name) and cause such order to be spread on the records of said commissioners, which order shall be conclusive of such incorporation in all suits by or against such village, and the existence of such corporation by the name and style aforesaid, shall thereafter be judicially taken notice of in all courts in this state. A certified copy of such order shall be at once transmitted to each county within which a portion of such territory may be situated and the auditor of such county shall likewise make a record thereof on the commissioners' books. Whereas, a voter cannot cast his vote in a county other than the one in which he is a qualified voter,

Be it hereby provided for, and made a part of this act [chapter], that the territory embraced within the limits of such corporation be divided into as many election places as there are portions of counties embraced and the whole of such territory to be divided into districts in accordance with section 2852 of the Revised Codes [section 3849 herein]. There shall be a board of election, consisting of two judges and two clerks for each election place, appointed by the board of trustees at their regular meeting preceding the day of any election to be held within such village, and such election boards to make due returns to the board of trustees immediately after the votes are counted and recorded, and shall receive two dollars per day for their services. [1911, ch. 314, § 5.]

§ 3937. Office of village. The seal to be used by such village shall also contain the names as above set forth. [1911, ch. 314, § 6.]

§ 3938. Assessor, how elected. In addition to the officers to be elected by such village in accordance with section 2857, chapter 31 of Revised Codes of North Dakota [section 3854 herein], there shall be elected an assessor for each of the counties of which a portion is embraced within the limits of such village, and such assessor shall have the same powers and duties as assessors in villages situated within the limits of one county, and shall be governed accordingly. [1911, ch. 314, § 7.]

§ 3939. Board of equalization. The board of equalization shall consist of the same members as now provided for under chapter 31 [chapter 47 herein], governing villages, but the trustees shall require the clerk of such village to transmit assessment books together with a certified copy of the minutes showing the proceedings of the board of equalization, to the county auditor in each county in which such village is situated, and when the trustees have made a levy on the property assessed within such village to correctly proportion the amount to be certified to each county in accordance with the valuation returned by the assessor and as left by the equalization board. ARTICLE 5.— ERRORS AND DEFICIENCIES IN CITY PLATS.

§ 3967. Procedure for correction, method of correction, assessment for expenses. Whenever any platted addition, outlot or parcel of ground, or any subdivision of same within the corporate limits of any city shall be found to be inadequately or erroneously described in the plat, or when such plat or plats shall be found in error or deficient as to marked or scaled distances, angles, descriptions or have such other defects as will make said plat an incorrect and deficient plat and description of the property platted, the city council may by resolution declare it necessary to correct such plat or plats, or completely replat such property, and shall publish such resolutions in the official paper of the city once each week for three consecutive weeks.

Such resolution shall contain and stipulate: (a) The description of the property affected, (b) the nature of the errors or defects, (c) an outline of the proposed corrections, (d) an estimate of the probable cost of making the corrections as made by the city engineer or some competent engineer or surveyor designated for that purpose, (e) that any interested owner may file objections to the proposed work or the cost of same and that such objections will be heard and considered at a meeting designated for that purpose, (f) the time of such meeting when the council will meet to consider all objections. When all objections filed at or prior to the meeting designated for the purpose shall have been duly heard and considered, the city council shall if it deems such work advisable and if the owners of the majority of the property affected shall not have filed a protest against same, order the city engineer or such other competent engineer or surveyor as shall have been designated in the resolution declaring the work necessary, to do the work in accordance with said resolutions.

The engineer or surveyor designated to make the correction or replatting shall follow such original hubs, stakes, monuments and lines as are known to be correct and the original hubs, stakes, monuments and lines, and shall to the best of his ability by actual survey and measurements on the ground make the plat conform to the divisions, subdivisions, blocks, lots, outlots, pieces and parcels of land as originally laid out. All lost or disputed points, lines and angles shall be determined by actual survey and made to conform with the original survey, and shall be marked on the ground with substantial oak stakes in a manner customary and provided for in townsite surveys. All numbers, letterings and names of references to blocks, lots, outlots, additions, streets, avenues, alleys, etc., shall be the same as on the original plat, and the revised and corrected plat shall be a true plat of the survey as originally made. The surveyor shall make his affidavit and certification that the plat has been so made to the best of his ability and shall affix same to the plat.

The completed plat shall be filed with the city auditor who shall publish a notice of that fact once a week for three consecutive weeks, which notice shall stipulate that all interested parties may view same, and set forth a date when the city council will sit to hear objections to the survey as made and when it will consider same.

If in the opinion of the council an injustice has been done, it shall order such surveys and resurveys as it may deem necessary to determine the merit of any claim and shall adjourn from time to time or until such time as all the necessary information shall be available. [1911, ch. 289.]

The council then shall affirm or reject the plat by resolution. If passed by two-thirds vote of the members elected the plat shall be recorded in the county in which the city is located and shall be the true and correct map of the property described and shall supersede any and all previous plats. All costs and disbursements shall be assessed against the property benefited according to the benefits by the city engineer which assessment shall be published in full by the city auditor in the official paper of the city and be subject to the approval of the city council after due consideration and hearing of any and all objections at a meeting designated for that purpose in the notice and publication of the assessment. ARTICLE 5.—PAVING AND OTHER PUBLIC IMPROVEMENTS IN CERTAIN CIVIL TOWNSHIPS.

Laws 1907, ch. 252, consisting of fifty sections, was entitled "An act to provide for paving, curbing or macadamizing the highways in civil townships adjoining incorporated cities of not less than six thousand inhabitants, and for the construction of sewers and water mains therein, connecting with city sewers and water mains or with their own trunk sewers, and for the construction of sidewalks."

Section 49 of that chapter expressly repealed "article 5 of chapter 33 of the Revised Codes of 1905." But the substantive provisions in said chapter 252 were held unconstitutional in *Morton v. Holes*, 17 N. D. 154, 115 N. W. 256. Pursuant to the general rule that where an act expressly repealing another act and providing a substitute therefor is found to be invalid, the repealing must also be held to be invalid (36 Cyc. 1099), article 5 in the Revised Codes above mentioned is considered as still in force and constitutes sections 4090-4102 herein.

§ 4090. **What civil townships may pave, grade or macadamize streets.** Any civil township in this state adjoining an incorporated city having by the last census at least six thousand inhabitants and which shall have paved, graded, curbed or macadamized its streets leading to the boundaries of such civil township or shall have constructed sewers or water mains in such streets, may pave, grade or macadamize the highways of such township connecting with such city streets, or with such highways so paved or highways running along the boundaries of such city, or construct sewers or water mains therein as provided by this article; provided, that such township shall not so improve any portion of such highways not lying within its boundaries. [R. C. 1905, § 3065; 1905, ch. 177, § 1.]

manholes and catch basins for such sewers, and the number and location of fire hydrants for such water mains, which petition shall be accompanied by an affidavit of each signer thereof, stating his place of residence, and that he is the owner of certain real property abutting on the part of such highway sought to be improved, describing such property, and stating the number of feet frontage thereof abutting on such street, which petition shall be filed in the office of the township clerk. [R. C. 1905, § 3066; 1905, ch. 177, § 2.]

§ 4092. Township board to have working plans made. [R. C. 1905, § 3067; 1905, ch. 177, § 3.]

§ 4094. Bids to be accompanied by certified check. Each bid for such work shall be accompanied by a certified check payable or indorsed to said civil township for at least fifty per cent of the amount thereof and no bid shall be considered which is not accompanied by such check. [R. C. 1905, § 3069; 1905, ch. 177, § 5.]

§ 4095. Contracts, how let. At the time stated in such advertisement for opening such bids, the board of township supervisors shall meet at the place designated in such advertisement, and open said bids, and award the contract for the construction of such improvements to the lowest bidder therefor, and shall thereupon return to each of the unsuccessful bidders the certified check accompanying his bid, and shall retain the certified check of the successful bidder until the making of the contract and giving of the bond hereinafter provided, and when such contract and bond shall have been executed and filed, the said certified check shall thereupon be returned, but in case the successful bidder fails or refuses to enter into such contract or to give such bond, said certified check shall be retained by said civil township as liquidated damages for such failure to enter into said contract, and give said bond. the sum so due for one month after demand thereof is made, the complainant may recover the same, with interest at one per cent a month, in civil action. [R. C. 1905, § 3234; 1903, ch. 100, § 5.]

§ 4299. Controversy, how settled. When any controversy arises about the rights of respective occupants in partition fences, or their obligation to maintain same, either party may apply to a majority of the supervisors of the civil township where the lands lie, who, after due notice to each party, may, in writing, assign to each his share thereof and direct the time within which each party shall erect or repair his share of the fence, in the manner before provided; which assignment, being recorded in the registry of deeds, shall be binding upon the parties and upon all the succeeding occupants of the lands; and they shall be obliged always thereafter to maintain their respective portions of said fence. [R. C. 1905, § 3235; 1903, ch. 100, § 6.]

§ 4300. Party neglecting to maintain fence. How liable. In case any party refuses to erect or maintain the part of any fence assigned to him as aforesaid, the same may be erected and maintained by the aggrieved party, in the manner before provided, and he shall be entitled to the value thereof, ascertained in the manner aforesaid, and be recovered in like manner. [R. C. 1905, § 3236; 1903, ch. 100, § 7.]

§ 4301. Division of fences valid. All divisions of fences made by supervisors according to the provisions of this chapter, or which shall be made by the owners of adjoining lands, in writing, witnessed by two witnesses, signed, sealed and acknowledged by the parties making the same, being recorded in the registry of deeds, shall be good and valid against the parties thereto, and their heirs and assigns. [R. C. 1905, § 3237; 1903, ch. 100, § 8.]

§ 4302. Party voluntarily erecting whole fence may recover, when. When any controversy that may arise between the occupants of adjoining lands, as to their respective rights in any partition fence, it shall appear to the supervisors that either of the occupants had, before any complaint made to them, voluntarily erected the whole fence, or more than his just share of the same, or otherwise become proprietor thereof, the other occupant shall pay for as much as shall be assigned to him to repair and maintain, the value of which shall be ascertained and recorded in the manner provided in this chapter. [R. C. 1905, § 3238; 1903, ch. 100, § 9.]

§ 4304. Proceedings when land is bounded by rivers. When lands of different persons which are required to be fenced are bounded upon or divided by any river, brook, pond or creek, which of itself, in the judgment of the supervisors, is not a sufficient fence, and it is in their opinion impracticable, without unreasonable expense, for the partition fence to be made in such waters, in the place where the true boundary line is, if in such case the occupant of the land on one side refuses or neglects to join with the occupant of the land on the other side, in making a partition fence on the one side or the other, or if such person disagrees respecting the same, then two or more supervisors of the civil township in which such lands lie, on application to them made, shall forthwith proceed to view such river, brook, pond or creek. [R. C. 1905, § 3240; 1903, ch. 100, § 11.]

§ 4305. Supervisors to give notice and render decision. If such supervisors determine that such river, brook, pond or creek will not answer the purpose of a sufficient fence, and that it is impracticable, without unreasonable expense, to build a fence on the true boundary line they shall, after giving notice to the parties, determine how, or on which side thereof, the fence shall be set up and maintained, or whether partly on one side and partly on the other side, and shall reduce such determination to writing and sign the same;

and if either party refuses or neglects to make or maintain his part of the fence, according to the determination of said supervisors, the same may be made and maintained by the other party as before provided in this chapter, and the delinquent party shall be subject to the same charges and costs, to be recovered in like manner. [R. C. 1905, § 3241; 1903, ch. 100, § 12.]

§ 4306. Lands occupied in common. How fenced. When any lands belonging to different persons in severalty have been occupied in common without a partition fence between them, and one of the occupants is desirous to occupy his part in severalty, and the occupant refuses or neglects, on demand, to divide with him the line where the fence ought to be built, or to build a sufficient fence on his part of the lines when divided, the party desiring it may have the same divided and assigned by a majority of the supervisors of the same civil township, in the manner provided in this chapter. [R. C. 1905, § 3242; 1903, ch. 100, § 13.]

§ 4307. Supervisors to assign time for making fence. Upon the division and assignment as provided in the preceding section, the supervisors may, in writing under their hands, assign a reasonable time for making the fence, having regard to the season of the year; and, if either party shall not make his part of the fence within the time assigned, the other party may, after having completed his part of the fence, make the part of the other, and recover therefor the ascertained expense thereof, together with the fees of the supervisors, in the manner provided in this chapter. [R. C. 1905, § 3243; 1903, ch. 100, § 14.]

§ 4308. Partition fence, when removable. When one party ceases to improve his land, or opens his inclosure, he shall not take away any part of the partition fence belonging to him, and adjoining the next inclosure, if the owner or occupant of such adjoining inclosure will, within two months after the same is ascertained, pay therefor such sum as a majority of the supervisors shall, in writing under their hands, determine to be the value of such partition fence belonging to such parties. [R. C. 1905, § 3244; 1903, ch. 100, § 15.]

§ 4309. Rule in case of uninclosed lands afterwards fenced. When any uninclosed grounds are afterwards inclosed, the owner or occupant thereof shall pay one-half of each partition fence, standing upon the line between his land and the inclosure of any other owner or occupant, and the value thereof shall be ascertained by a majority of the supervisors of the civil township, in writing under their hands, in case the parties do not agree; and if such owner or occupant neglects or refuses for sixty days after the value has been ascertained and demand made to pay for one-half of such partition fence, the proprietor of each fence may maintain a civil action for such value and the cost of ascertaining the same. [R. C. 1905, § 3245; 1903, ch. 100, § 16.]

When a partition fence running into the water is necessary to be made, the same shall be done in equal shares, unless otherwise agreed by the parties; and in case either party refuses or neglects to make or maintain the share belonging to him, similar proceedings shall be had as in case of the other fences, and with like effect. [R. C. 1905, § 3247; 1903, ch. 100, § 18.]

§ 4312. Effect of record of division. In all cases where the line upon which a partition fence, to be built between unimproved lands, has been divided by the supervisors, or by agreement in writing between the owners of such lands, recorded in the office of the register of deeds of the county where such lands lie, the several owners thereof, and their heirs and assigns forever,

shall erect and support said fence agreeably to such divisions. [R. C. 1905, § 3248; 1903, ch. 100, § 19.]

§ 4313. **Notice of determination not to improve lands.** If any person determines not to improve any of his lands adjoining any partition fence that may have been divided according to the provisions of this chapter, and gives six months' notice of such determination to all the adjoining occupants of the lands, he shall not be required to keep up or support any part of such fence during the time his lands are open and unimproved, and he may thereafter remove his portion thereof, if the owner or occupant of the adjoining inclosure will not pay therefor, as provided in section 4307. [R. C. 1905, § 3249; 1903, ch. 100, § 20.]

§ 4314. **Supervisor neglecting to perform duty. Penalty.** Any supervisor who shall, when requested, unreasonably neglect to view any fence, or to perform any other duty required of him in this chapter, shall forfeit the sum of five dollars, and shall be liable to the party injured for all damages consequent upon such neglect. [R. C. 1905, § 3250; 1903, ch. 100, § 21.]

§ 4315. **Fees of supervisors.** Each supervisor shall be paid by the person employing him, at the rate of one dollar per day for the time he is so employed; and if such person neglects to pay the same within thirty days after the service is performed, each supervisor having performed any such service may recover in civil action the amount of such fees. [R. C. 1905, § 3251; 1903, ch. 100, § 22.]

§ 4316. **Fence viewers.** In all counties not divided into civil townships, the county commissioners shall act as fence viewers, and be governed by the provisions of this chapter; provided, the provisions of this chapter shall apply to the respective occupants of the land inclosed with fences for the purpose of pasturage or grazing. § 4319. **Rule of construction of code.** The rule of the common law, that statutes in derogation thereof are to be strictly construed, has no application to this code. The code establishes the law of this state respecting the subjects to which it relates, and its provisions and all proceedings under it are to be liberally construed, with a view to effect its objects and to promote justice. [R. C. 1905, § 3255; R. C. 1895, § 2582.]

§ 4320. **Same.** The provisions of this code, so far as they are substantially the same as existing statutes, must be construed as continuations thereof, and not as new enactments. [R. C. 1905, § 3256; R. C. 1895, § 2683.]

§ 4321. **Offices under acts repealed by code are continued, when.** All persons who, at the time this code takes effect, hold office under any of the acts repealed, continue to hold the same according to the tenure thereof, except those offices which are not continued by one of the codes adopted at this session of the legislative assembly, and excepting offices filled by appointment. [R. C. 1905, § 3257; R. C. 1895, § 2684.]

§ 4323. **Pending actions or proceedings not affected by code.** No action or proceeding commenced before this code takes effect, and no right accrued, is affected by its provisions, but the proceedings therein must conform to the requirements of this code as far as practicable. Lien upon personal property acquired under certain statute is unaffected by repeal of statute. *Hagler v. Kelly*, 14 N. D. 218, 103 N. W. 629.

§ 4324. **Limitations, how reckoned.** When a limitation or period of time prescribed in any existing statute for acquiring a right or barring a remedy, or for any other purpose, has begun to run before this code goes into effect, and the same or any limitation of time is prescribed in this code, the time which has already run shall be deemed part of the time prescribed as such limitation by this code. [R. C. 1905, § 3260; R. C. 1895, § 2687.]

§ 4325. **This act, how referred to.** This act, whenever cited, enumerated, referred to or amended may be designated simply as the political code, adding when necessary, the number of the section. [R. C. 1905, § 3261; R. C. 1895, § 2688.]

§ 4383. Desertion defined. Willful desertion is the voluntary separation of one of the married parties from the other with intent to desert.

1. Persistent refusal to have reasonable matrimonial intercourse as husband and wife, when health or physical condition does not make such refusal reasonably necessary, or the refusal of either party to dwell in the same house with the other party, when there is no just cause for such refusal, is desertion.

2. When one party is induced by the stratagem or fraud of the other party to leave the family dwelling place or to be absent, and during such absence the offending party departs with intent to desert the other, it is desertion by the party committing the stratagem or fraud, and not by the other.

3. Departure or absence of one party from the family dwelling place caused by cruelty or by threats of bodily harm from which danger would be reasonably apprehended from the other is not desertion by the absent party, but it is desertion by the other party.

4. Separation by consent, with or without the understanding that one of the parties will apply for a divorce, is not desertion.

5. Absence or separation, proper in itself, becomes desertion whenever the intent to desert is fixed during such absence or separation.

6. Consent to a separation is a revocable act and if one of the parties afterwards in good faith seeks a reconciliation and restoration, but the other refuses it, such refusal is desertion.

7. If one party deserts the other and before the expiration of the statutory period required to make the desertion a cause of divorce returns and offers in good faith to fulfill the marriage contract and solicits condonation, the desertion is cured. If the other party refuses such offer and condonation, the refusal shall be deemed and treated as desertion by such party from the time of the refusal.

8. A husband may choose any reasonable place or mode of living, and if the wife does not conform thereto it is desertion.

9. If the place or mode of living selected by the husband is unreasonable and grossly unfit and the wife does not conform thereto, it is desertion on the part of the husband from the time her reasonable objections are made known to him. [R. C. 1905, § 4052; Civ. C. 1877, § 60; R. C. 1899, § 2740.]

C. 1899, § 2745.]

Collusion is an agreement between the husband and wife that one of them shall commit, or appear to have committed, or be represented in court as having committed, acts constituting a cause of divorce for the purpose of enabling the other to obtain a divorce. [R. C. 1905, § 4058; Civ. C. 1877, § 61; R. C. 1899, § 2746.]

As to similar provision in Cal. Civ. Code, § 114, see *Beard v. Beard*, 65 Cal. 354, 4 Pac. 229; *Thomson v. Thomson*, 121 Cal. 11, 53 Pac. 403.

§ 4390. Condonation defined. Condonation is the conditional forgiveness of a matrimonial offense constituting a cause of divorce. [R. C. 1905, § 4059; Civ. C. 1877, § 61; R. C. 1899, § 2747.]

§ 4391. Requisites of condonation. The following requirements are necessary to condonation:

1. A knowledge on the part of the condoner of the facts constituting the cause of divorce.

2. Reconciliation and remission of the offense by the injured party.

3. Restoration of the offending party to all marital rights.

Condonation implies a condition subsequent, that the forgiving party must be treated with conjugal kindness. When the cause of divorce consists of a course of offensive conduct, or arises in cases of cruelty from successive acts of ill treatment, which may aggregately constitute the offense, cohabitation or passive endurance or conjugal kindness shall not be evidence of condonation of any of the acts constituting such cause, unless accompanied by an express agreement to condone. In such cases condonation can be made only after the cause of divorce has become complete as to the acts complained of. A fraudulent concealment by the condonee of facts constituting a different cause of divorce from the one condoned and existing at the time of condonation avoids such condonation. [R. C. 1905, § 4060; Civ. C. 1877, § 61; R. C. 1899, § 2748.]

Cruelty not condoned by subsequent cohabitation without express agreement and such agreement is revoked by subsequent cruelty. *Taylor v. Taylor*, 5 N. D. 58, 63 N. W. 893.

Forgiving party must be treated with kindness, or condonation is void. *Gardner v. Gardner*, 9 N. D. 192, 82 N. W. 872.

§ 4392. Revocation of condonation. Condonation is revoked and the original cause of divorce revived:

1. When the condonee commits acts constituting a like or other cause of divorce; or,

2. When the condonee is guilty of great conjugal unkindness, not amounting to a cause of divorce, but sufficiently habitual and gross to show that the conditions of condonation had not been accepted in good faith or not fulfilled. [R. C. 1905, § 4061; Civ. C. 1877, § 61; R. C. 1899, § 2749.]

§ 4393. Recrimination defined. Recrimination is a showing by the defendant of any cause of divorce against the plaintiff in bar of the plaintiff's cause of divorce. Condonation of a cause of divorce shown in the answer as a recriminatory defense is a bar to such defense, unless the condonation is

revoked as above provided, or two years have elapsed after the condonation and before accruing or completion of the cause of divorce against which the recrimination is shown. [R. C. 1905, § 4062; Civ. C. 1877, § 61; R. C. 1899, § 2750.]

§ 4394. Adultery by husband. When a divorce is granted for the adultery of the husband, the legitimacy of children of the marriage begotten of the wife before the commencement of the action is not affected. [R. C. 1905, § 4063; Civ. C. 1877, § 62; R. C. 1899, § 2751.]

§ 4395. By wife. Legitimacy. When a divorce is granted for the adultery of the wife the legitimacy of children begotten of her before the commission of the adultery is not affected; but the legitimacy of other children of the wife may be determined by the court upon the evidence in the case. In every such case all children begotten before the commencement of the action are to be presumed legitimate until the contrary is shown. [R. C. 1905, § 4064; Civ. C. 1877, § 63; R. C. 1899, § 2752.]

§ 4396. Time limited. A divorce must be denied when there is an unreasonable lapse of time before the commencement of the action. Unreasonable lapse of time is such a delay in commencing the action as establishes the presumption that there has been connivance, collusion or condonation of the offense, or full acquiescence in the same with intent to continue the marriage relation, notwithstanding the commission of the offense set up as a ground of divorce. The presumption arising from lapse of time may be rebutted by showing reasonable grounds for the delay in commencing the action. [R. C. 1905, § 4065; Civ. C. 1877, § 65; 1881, ch. 29, § 1; R. C. 1899, § 2753.]

§ 4397. Only statutory limitations. There are no limitations of time for commencing actions for divorce except such as are contained in the foregoing section. [R. C. 1905, § 4066; Civ. C. 1877, § 66; R. C. 1895, § 2754.]

§ 4398. Term of residence. A divorce must not be granted unless the plaintiff has in good faith been a resident of the state for twelve months next preceding the commencement of the action and is a citizen of the United States or has declared his intention to become such. The provisions of this section shall not apply to any action for divorce in which the complaint shall have been filed in the office of the clerk of the district court prior to the first day of July, 1899. [R. C. 1905, § 4067; 1899, chs. 75, 76; R. C. 1899, § 2755.]

ARTICLE 2.—ANNUAL REPORTS OF CORPORATE EXISTENCE.

§ 4517. Post office address. Every corporation hereafter organized under the laws of the state of North Dakota shall before receiving a certificate of organization file with the secretary of state a statement setting forth the post office address of its business office. Every incorporated company or joint stock company, other than railroads, banking, insurance, religious corporations and corporations not organized for pecuniary profit and authorized to do business in this state, shall annually between the first day of July and the first day of August report to the secretary of state the location of its principal office in this state, the names of its officers with their residence and post office address, the date of the expiration of their respective terms of office, whether or not the corporation is pursuing active business under its charter, and the kind of business engaged in, if any, which said report shall be made under the seal of the company and be signed and sworn to by the president, secretary, managing agent or other officer of the corporation, and in case said corporation is in the hands of an assignee or receiver, then such report shall be signed and sworn to by such assignee or receiver, which said report, together with a fee of two dollars and a half for filing the same shall be sent to the secretary of state in whose office it shall be filed. The secretary of state shall in no case receive or file said report until said fee is paid and a failure to make said report and pay said fee shall be prima facie evidence that said corporation is out of business. And it is made the duty of the secretary of state to notify such corporation by registered letter of its default, and unless such corporation shall within sixty days thereafter file such report and pay such fee, he shall enter upon the records of his office the cancellation of such charter or certificates to do business of the corporation failing to make report at the time and in the manner herein provided. [R. C. 1905, § 4186; 1905, ch. 65, § 2.]

§ 4519. Charters validated. Reports filed with the secretary of state. All corporations heretofore organized under the laws of the state of North Dakota, whose charters have become forfeited and cancelled under the provisions of section 4518, by reason of the failure to make and file with the secretary of state reports as in said section required, be, and the same hereby are, validated for all purposes; upon condition, however, that all corporations desiring to come under the provisions hereof shall on or before the first day of August, 1913, make and file with the said secretary of state full and complete reports as in said section prescribed, pay a penalty of ten dollars and all arrearages in fees, and the charter of any corporation complying with the provisions of this statute within said period is hereby declared valid in all respects. [1913, ch. 110.]

Laws 1911, ch. 103, provided as follows: "All corporations heretofore organized under the laws of the state of North Dakota, whose charters have become forfeited and cancelled under the provisions of section 4186 of the Revised Codes of 1905 [section 4518 herein] by reason of the failure to make and file with the secretary of state, reports as in said section required, be and the same hereby are validated for all purposes upon condition, however, that all corporations desiring to come under the provisions hereof shall on or before the first day of August, 1911, make and file with the said secretary of state, full and complete reports as in said section prescribed, and the charter of any corporation complying with the provisions of this statute within said period is hereby declared valid in all respects." A similar validating act is Laws 1907, ch. 54.

§ 4520. Secretary of state to furnish blanks. The secretary of state is hereby required on or before the first day of June of each year to mail to every corporation embraced in this article proper blanks to be used in making the report hereinbefore provided for; also a copy of this article together with a notice that a failure on the part of said corporation to make such report within the time prescribed by law, shall be prima facie evidence that such corporation is out of business and that upon such failure its articles of incorporation will be cancelled upon the records in the office of the secretary of state. [R. C. 1905, § 4187; 1905, ch. 65, § 3.]

§ 4521. Corporations may be restored, how. Any corporation which is pursuing an active business under its charter or certificate of authority to do business in the state of North Dakota failing to make said report at the time provided by law, may at any time within six months from such default

be reinstated upon the record of the office of the secretary of state upon the payment of a fee in the sum of five dollars for such reinstatement and filing in said office an affidavit stating all the facts required in section 4518, and in addition thereto the fact that it was at the time of such default and still is in active business in the state of North Dakota. [R. C. 1905, § 4188; 1905, ch. 65, § 4.]

§ 4522. Record of forfeitures and publication of same. The secretary of state shall keep a record in his office showing all forfeitures and shall publish annually a list of the names and location of all corporations whose authority to do business has been forfeited by virtue of the provisions of this article. [R. C. 1905, § 4189; 1905, ch. 65, § 5.]

§ 4523. Fees, how disposed of. The secretary of state shall keep an accurate account of all moneys coming to his department, and shall turn over and pay to the state treasurer any and all moneys for fees collected by him under the provisions of this article. Such fees must be paid in advance, and when collected must be paid into the state treasury at the end of each month and placed to the credit of the general fund. [1913, ch. 106.]

ARTICLE 3.—CORPORATE STOCK.

§ 4524. Subscription enforced. A subscription to the stock of a corporation about to be formed is to be held for the benefit of the corporation when it is formed and may be enforced by it. [R. C. 1905, § 4191; Civ. C. 1877, § 395; R. C. 1899, § 2873.]

§ 4525. Books opened for subscriptions. After the secretary of state issues the certificates of incorporation as provided in section 4512, the directors named in the articles of incorporation must proceed in the manner specified or provided in their by-laws, or, if none, then in such manner as they may by order adopt, to open books of subscription to the capital stock then unsubscribed, and to secure subscriptions to the full amount of the fixed capital; and to levy and collect assessments thereon in the manner provided by article 7 [10] of this chapter. [R. C. 1905, § 4192; Civ. C. 1877, § 396; R. C. 1895, § 2874.]

The reference at the conclusion of this section to "article 7 of this chapter" is incorrect. It should be "article 10." The error originated in R. C. 1895, § 2824, which has a marginal reference to Civ. C., § 396, and the latter correctly refers to the article constituting article 10 in the present compilation. The error in R. C. 1895 was repeated in R. C. 1899, § 2874.

§ 4526. May forfeit stock or recover subscription. When a corporation is authorized by the terms of subscription, or otherwise, to forfeit stock for nonpayment, it may either forfeit the stock, or recover the amount of the subscription, but it cannot do both. Upon all certificates of stock which are fully paid

up, issued by a corporation, shall be indorsed the words "fully paid up." When certificates of stock are issued before they are fully paid up the secretary shall, before the same are issued, indorse thereon the amount which has been paid. No corporation shall issue any certificates of stock under an agreement or with the understanding that the full par value shall not be paid. Any officer of a corporation who issues certificates of stock in violation of the provisions of this chapter, or who has knowledge thereof, and does not at the time dissent therefrom in writing shall be liable to the creditors of the corporation and to purchasers in good faith of such stock for all damages they may sustain thereby. Whenever the capital stock of any corporation is divided into shares, and certificates thereof are issued, such shares of stock are personal property and may be transferred by indorsement by the signature of the proprietor or his attorney or legal representative, and delivery of the certificate; but such transfer is not valid except between the parties thereto, until the same is so entered upon the books of the corporation as to show the names of the parties by and to whom transferred, the number or designation of the shares and the date of the transfer. All other meetings of the board of directors may be held at such place, within or without the state, as may be provided in the by-laws; provided, that the meetings of the board of directors of a railway corporation may be held at the business office of such corporation without the state as well as at its principal place of business within the state. [R. C. 1905, § 4217; 1897, ch. 116; R. C. 1899, § 2898.]

[R. C. 1905, § 4218; 1895, ch. 36, § 1; R. C. 1899, § 2899.]

§ 4552. **Meetings, how called.** When no provision is made in the by-laws for regular meetings of the directors and the mode of calling special meetings, all meetings must be called by special notice in writing, to be given to each director by the secretary on the order of the president, or if there is none, on the order of two directors. § 4553. **When called by justice.** Whenever from any cause there is no person authorized to call or to preside at a meeting of a corporation, any justice of the peace of the county where such corporation is established, may, on written application of three or more of the stockholders or of the members thereof, issue a warrant to one of the stockholders or members, directing him to call a meeting of the corporation by giving the notice required, and the justice may in the same warrant direct such person to preside at such meeting until a clerk is chosen and qualified, if there is no other officer present legally authorized to preside thereat. [R. C. 1905, § 4220; Civ. C. 1877, § 412; R. C. 1899, § 2901.]

§ 4554. **Liability of stockholders. Trust funds.** Each stockholder of a corporation is individually and personally liable for the debts of the corporation to the extent of the amount that is unpaid upon the stock held by him. Any creditor of the corporation may institute joint or several actions against any or all of the stockholders of a corporation whose shares have not been fully paid up, and in such action the court must ascertain the amount that is unpaid upon the stock held by each stockholder and for which he is liable, and several judgment must be rendered against each in conformity therewith. The liability of each stockholder is determined by the amount unpaid upon the stock or shares owned by him at the time such action is commenced, and such liability is not released by any subsequent transfer of stock. The term stockholder, as used in this section, shall apply not

only to such persons as appear by the books of the corporation to be such, but also to every equitable owner of stock, although the same appears on the books in the name of another; and also to every person who has advanced the installments or purchase money of stock in the name of a minor, so long as the latter remains a minor; and also to every guardian or other trustee who voluntarily invests any trust funds in the stock. Trust funds in the hands of a guardian or trustee shall not be liable under the provisions of this section by reason of any such investment, nor shall the person for whose benefit the investment is made be responsible in respect to the stock until he becomes competent and able to control the same; but the responsibility of the guardian or trustee making the investment shall continue until that period. Stock held as collateral security, or by a trustee, or in any other representative capacity does not make the holder thereof a stockholder within the meaning of this section, except in the cases above mentioned, so as to charge him with the debts or liabilities of the corporation; but the pledgor, or person, or estate represented is to be deemed the stockholder as respects such liability. [R. C. 1905, § 4221; Civ. C. 1877, § 413; 1879, ch. 9, § 1; R. C. 1895, § 2902.]

§ 4555. When uncalled meeting valid. When all the stockholders or members of a corporation are present at any meeting, however called or notified and sign a written consent thereto on the record of such meeting, the doings of such meeting are as valid as if had at a meeting legally called and noticed; but this section shall not be construed to authorize the stock or bonded indebtedness of corporations to be increased, except at a meeting held after sixty days' notice. The stockholders or members of such corporation, when so assembled, may elect officers to fill all vacancies then existing, and may act upon such other business as might lawfully be transacted at regular meetings of the corporation. § 4556. Nonresident transfers. Every such corporation so increasing its capital stock, shall file with the secretary of state, whenever issues of stock shall be made under this section,

2. The capital stock must in no case be diminished to an amount less than the indebtedness of the corporation, or the estimated cost of the works which it may be the purpose of the corporation to construct.

§ 4579. **Jurisdiction to sell stock.** By the publication of the notice the corporation acquires jurisdiction to sell and convey a perfect title to all of the stock described in the notice of sale upon which any portion of the assessment or costs of advertising remains unpaid at the hour appointed for the sale, but must sell no more of such stock than is necessary to pay the assessments due and costs of sale. [R. C. 1905, § 4245; Civ. C. 1877, § 432; R. C. 1899, § 2926.]

§ 4580. **Manner of sale.** On the day, at the place and at the time appointed in the notice of sale the secretary must, unless otherwise ordered by the directors, sell or cause to be sold at public auction to the highest bidder for cash so many shares of each parcel of the described stock as may be necessary to pay the assessment and charges thereon according to the terms of sale; if payment is made before the time fixed for sale, the party paying is only required to pay the actual cost of advertising in addition to the assessment. While the stock remains the property of the corporation it is not assessable, nor must any dividend be declared thereon; but all assessments and dividends must be apportioned upon the stock held by the stockholders of the corporation. Whenever any portion of the capital stock of a corporation is held by the corporation by purchase, a majority of the remaining shares is a majority of the stock for all purposes of election or voting on any question at a stockholders' meeting. § 4584. **Time extended by publication.** The dates fixed in any notice of assessment or notice of delinquent sale, published according to the provisions hereof, may be extended from time to time for not more than thirty days by order of the directors entered on the records of the corporation; but no order extending the time for the performance of any act specified in any notice is effectual unless notice of such extension or postponement is appended to and published with the notice to which the order relates. [R. C. 1905, § 4250; Civ. C. 1877, § 437; R. C. 1899, § 2931.]

§ 4585. **Irregularities do not invalidate.** No assessment is invalidated by a failure to make publication of the notices hereinbefore provided for, nor

by the nonperformance of any act required in order to enforce the payment of the same; but in case of any substantial error or omission in the course of proceedings for collection, all previous proceedings except the levying of the assessment, are void and publication must be begun anew. The affidavits must be filed in the office of the corporation and copies of the same certified by the secretary thereof are prima facie evidence of the facts therein stated. A majority of the incorporators shall be residents of the county of its principal place of business, and the term of existence of any such association without renewal shall not exceed twenty years. [1909, ch. 62, § 1.]

§ 4604. Purpose must be stated. Cannot loan to stockholders. Penalty. The purpose for which any association shall be formed must be distinctly and definitely specified in the articles of incorporation, together with its principal place of business, and it must not appropriate its funds to any other purpose, or must it loan any of its money to any stockholder therein, and if any such loan or misappropriation is made the officer who shall make it or who shall consent thereto shall be jointly and severally liable to the extent of such loan or misappropriation and interest and for all debts of the association contracted before repayment of the sum so loaned or misappropriated. ARTICLE 1.—INCORPORATION AND REGULATION.

§ 4610. **Who may form. Articles.** Any number of persons, not less than five, may form a corporation for the purpose of constructing, maintaining and operating a railroad for the transportation of freight and passengers and for the purpose of maintaining and operating any railroad already constructed for the like purpose.

The articles of incorporation shall state:

1. The name of the corporation.
2. The place from and to which such railroad is to be constructed, or maintained and operated as the case may be.
3. The estimated length of such railroad and the name of each county in this state through or into which it is made or intended to be made.
4. The amount of the capital stock of the corporation, the number of shares of which it shall consist, and if such stock shall consist of common and preferred stock, the number and amount of each class.
5. The names and residences of the directors of the corporation, who shall manage its affairs for the first year and until others are chosen in their places, and who shall not be less than five nor more than thirteen in number; and each such person shall subscribe thereto his name, place of residence and the

number of shares of stock he agrees to take in such corporation. There shall be annexed to such articles an affidavit of at least three of the directors therein named, that the signatures thereto are genuine and that it is intended in good faith to construct or maintain and operate the railroad therein mentioned; and thereupon said articles and affidavits shall be filed in the office of the secretary of state. [R. C. 1905, § 4263; 1879, ch. 46, § 1; R. C. 1895, § 2944.]

§ 4611. Number and term of directors. There shall be a board of not less than five nor more than thirteen directors of every such corporation, who shall be elected at such time, in such manner and for such term as shall be prescribed by its by-laws and shall hold their office until their respective successors shall be chosen. [R. C. 1905, § 4264; 1879, ch. 46, § 3; R. C. 1895, § 2945.]

§ 4612. Stock not transferable until calls paid. No stock of a railroad corporation is transferable, until all previous calls thereon shall have been fully paid in. [R. C. 1905, § 4265; 1879, ch. 46, § 6; R. C. 1899, § 2946.]

§ 4613. Powers. Every corporation formed under this article, and every railroad corporation authorized to construct, operate or maintain a railroad within this state, shall have in addition to the powers mentioned in section 4533 the following powers:

1. To cause such examination and surveys for its proposed railroad, as may be necessary to the selection of the most advantageous route; and for such purpose by its officers or agents and servants to enter upon the lands or waters of any person, but subject to responsibility for all damage which shall be done thereto.

2. To take and hold such voluntary grants of real estate and other property as may be made to it to aid in the construction, maintenance and accommodation of its railroad; but the real estate received by voluntary grant shall be held and used for the purposes of such grant only.

3. To acquire under the provisions of the chapter on eminent domain or by purchase all such real estate and other property as may be necessary for the construction, maintenance and operation of its railroads and the stations, depot grounds and other accommodations reasonably necessary to accomplish the objects of its incorporation; to hold and use the same, to lease or otherwise dispose of any part or parcel thereof, to sell the same when not required for railroad uses and no longer necessary to its use.

4. To lay out its road not exceeding one hundred feet in width and to construct the same; and for the purpose of cuttings and embankments and of obtaining gravel and other material to take as much land as may be necessary for the proper construction, operation and security of the road, and for the protection of such road from snow, and to cut down any standing trees that may be in danger of falling on the road, making compensation therefor as provided by law for land taken for the use of the corporation.

5. Subject to the provisions of section 4622, to construct its railroad across, along or upon any stream of water, water course, street, highway, toll or wagon road, plank road, turnpike, wharf, levee, river front, steamboat or other public landing or canal which its route shall intersect or touch; to carry any highway, street, toll or wagon road, plank road or turnpike which it shall touch, intersect or cross, over or under its track, as may be most expedient for the public good; to change the course or direction of any highway, street, turnpike, toll or wagon road or plank road when made necessary or desirable to secure more easy ascent or descent by reason of any embankment or cut made in the construction of the railroad and to take land necessary therefor; provided, such highway or road is not so changed from its original course more than six rods nor its distance thereby lengthened more than five rods.

6. To cross, intersect, join and unite its railroad with any railroad heretofore or hereafter constructed at any point on its route and upon the grounds

of such railroad corporation, with the necessary turn-outs, sidings and switches and other conveniences in furtherance of the objects of its connections. And every corporation whose railroad is or shall be hereafter intersected by any new railroad shall unite with the owners of such new railroad in forming such intersections and connections and grant the facilities aforesaid; and if the two corporations cannot agree upon the amount of compensation to be made therefor, or the points and manner of such crossings and connections, the same shall be ascertained and determined in the manner provided by law for the ascertainment and determination of damages for the taking of real property. But the making of such crossing by the railway corporation constructing said new railroad shall not be hindered, delayed or prevented pending the ascertainment and determination of said matter; provided, said railroad company proposing to make such crossing shall execute and file with the clerk of the district court in which such proceedings are pending, a bond in such amount as the judge of said court may order, conditioned that the railroad company executing the same shall pay whatever amount may be so ascertained and determined, and shall abide any judgment or order of the court made in relation to the matter in controversy; the sufficiency of said bond and the sureties thereof shall be approved by said judge, but no corporation which shall have obtained the right of way and constructed its road at the point of intersection before the commencement of an action under the provisions of the chapter on eminent domain shall be required to alter the grade or change the location of its road or be required to bear any part of the expense of making and maintaining such crossing.

7. To have and use equal room, ground rights, privileges and conveniences for tracks, switches, sidings and turn-outs upon any levee, river bank, or front, steamboat or other public landing and upon any street, block, alley, square or public ground within any incorporated town or city, any charter or ordinance of any such city or town to the contrary notwithstanding; and to accomplish this may adjust with other corporations the ground to be occupied by each with such tracks, switches, sidings and turn-outs, and if such corporations cannot agree upon such adjustment and the amount of compensation to be paid for the purchase or necessary change of location and removal of any track previously laid, the same shall be ascertained and determined and the common, mutual and separate rights adjusted in the manner provided by law for the ascertainment and determination of damages for the taking of real property. The court, or a judge thereof, may employ a competent engineer and define, locate and plat the ground and assign to each corporation the part for the tracks and other conveniences for each, and may require the removal or purchase of tracks previously laid so as to justly settle the rights of such corporation upon such ground, the damages to be paid being assessed in accordance with the chapter on eminent domain.

8. To take and convey persons or property over its road by the power or force of steam, or of animals, or by any mechanical power and to receive compensation therefor; and to do all business incident to railroad corporations.

9. To erect and maintain all necessary and convenient buildings, stations, fixtures and machinery for the accommodation and use of its passengers, freight and business, subject to the statutes in relation thereto.

10. To regulate the time and manner in which passengers and property shall be transported and the compensation to be paid therefor.

11. To borrow from time to time such sums of money at such rates of interest and upon such terms as the corporation or board of directors shall agree upon and authorize as necessary or expedient, and to execute deeds or mortgages, or both, as occasion may require on any railroads or parts thereof constructed or in process of construction, for amounts borrowed or owing by the corporation, and therein to make provisions granting, transferring or mortgaging its railroad track, right of way, depot grounds, rights,

privileges, franchises, immunities, exemptions, machine houses, rolling stock, furniture, tools, implements, appendages and appurtenances used in connection with such railroads, in any manner whatever then belonging to the corporation or which may thereafter belong to it as security for any bonds or evidences of debt therein mentioned, in such manner as the corporation or directors shall think proper, and such instruments shall fully convey the same, or so much thereof as shall be therein described. In case of sale by virtue of any such trust deed, or upon foreclosure of any such mortgage the persons acquiring title under such sale and their associates, successors and assigns, or such corporation as they shall organize according to section 4610, with all the powers conferred upon corporations by this chapter, shall thereafter have, exercise and enjoy all such described grants which were purchased at such sale, including all rights, privileges, grants, franchises, immunities and advantages mentioned in such instruments which were possessed by such corporation making the same or contracting such debts, so far as the same relate or appertain to that portion or line of road granted or mortgaged and purchased at such sale, and no further, as fully and absolutely in all respects as such corporation, its shareholders, officers and agents might have done if such sale had not taken place. And whenever the person so acquiring title under any such sale shall own or represent a majority in amount of the bonds or other evidences of debt secured by any such trust deed or mortgage, and shall also include the persons who owned at the time of the sale a majority in amount of the capital stock of such mortgagor corporation, such purchasers and such corporation as they shall organize as aforesaid, shall also have, possess and enjoy any exemption, privilege or immunity previously granted by any law to such former corporation relating to any of the property so acquired to the same extent as if such latter corporation had been named in such law as the grantee thereof. [R. C. 1905, § 4266; 1897, ch. 46, §§ 9, 10; 1883, ch. 92, § 1; R. C. 1895, § 2947; 1905, ch. 150.]

stitute one continuous main line, or when the road so purchased will constitute branches or feeders of any road maintained and operated by such purchasing corporation. Such purchase or lease must be authorized by the stockholders of the respective corporations at a meeting called as herein provided for the consolidation of railroads and by the same vote. But no railroad corporation shall consolidate with, or lease or purchase, or in any way become owner of, or control any other railroad corporation or any stock, franchises, rights or property thereof which owns and controls a parallel and competing line. In no case shall the capital stock of the company formed by such consolidation exceed the sum of the capital stock of the companies consolidated at the par value thereof, nor shall any bonds or other evidences of debt be issued as a consideration for or in connection with such consolidation. Before proceeding to make such examination, in accordance with such application or petition, said commissioners shall give to the petitioners and the railroad, railroad corporation or common carrier reasonable notice, in writing, of the time and place of entering upon the same. If, upon such an examination, it shall appear to said commissioners that the complaint alleged by the applicant or petitioners is well founded, they shall so adjudge, and shall inform the corporation operating such railroad or such railroad corporation or common carrier of their adjudication within ten days and shall also report their doings to the governor, as provided in section 4748. [R. C. 1905, § 4329; 1897, ch. 115, § 8; R. C. 1899, § 3017.]

§ 4715. Shall furnish, start and run cars without delay. Every common carrier operating a railway in this state shall without unreasonable delay furnish, start and run cars for the transportation of persons and property, which within a reasonable time theretofore is offered for transportation at any of its stations on its line of road and at the junctions of other railroads and at such stopping places as may be established for receiving and discharging passengers and freights; and shall take, receive, transport and discharge such passengers and property at, from and to such stations, junctions and places on and from all trains advertised to stop at the same for passengers and freight respectively, upon the due payment or tender of payment of tolls, freight or fare therefor, if such payment is demanded. The preamble to this act amending R. C. 1905, § 4331, is as follows: "Whereas, section 2261 of the Revised Codes of North Dakota of 1905 [section 3125 herein] confers upon the commissioners of railroads the right to require railroad companies to construct and maintain a side track for the use of shippers between regular stations, where such stations are ten miles or more apart; and,

"Whereas, the last clause of section 4331 of the Revised Codes of North Dakota of 1905 is in apparent conflict with said section 2261; now, therefore," etc. Section 2 of the act repeals all acts or parts of acts in conflict therewith, "except section 2261 of said Revised Codes" [section 3125 herein].

§ 4716. Time schedule of trains. Every corporation, company or person, operating a railroad within this state, shall, immediately after the taking effect of this act [sections 4716, 4717], cause to be placed in a conspicuous place in each passenger depot of such company, located at any station in this state, at which there is a telegraph office, a blackboard of suitable size, upon which such company or person shall cause to be written, at least thirty minutes before the schedule time for the arrival of each passenger train stopping upon such route at such station, the fact whether such train is on schedule time or not, and if late, how much, and the figures on said blackboard shall be changed at intervals of one hour to correspond with the facts until the arrival of such delayed train; provided, also, that any passenger trains not more than fifteen minutes late shall be deemed to be on time as to the operation of this act. [1907, ch. 201, § 1.]

§ 4717. Penalty for false reports or failure to bulletin trains. For each violation of the provisions of this act [sections 4716, 4717] in failing to report, or in making a false report, such corporation, company or person, so failing or refusing to comply with the provisions of this act, shall forfeit and pay the sum of twenty-five dollars, together with all taxable costs, to be recovered in a civil action to be prosecuted by the state's attorney of the county in which the neglect or refusal occurs, in the name of the state of North Dakota, which shall be paid over to the county in which such proceedings are had, and shall be a part of the common school fund. [1907, ch. 201, § 2.]

§ 4718. Continuous shipments. It shall be unlawful for any railroad, railroad corporation or common carrier subject to the provisions of this article, to enter into any combination, contract or agreement, expressed or implied, to prevent by change in time schedules, carriage in different cars or by other means or devices, the carriage of freights from being continuous from the place of shipment to the place of destination in this state; and no break of bulk, stoppage or interruption made by such railroad, railroad corporation or common carrier shall prevent the carriage of freight from being, and being treated as one continuous carriage from the place of shipment to the place of destination, unless such break, stoppage or interruption was made in good

faith for some necessary purpose and without any intent to avoid or unnecessarily interrupt such continuous carriage or to evade any of the provisions of this article. [R. C. 1905, § 4332; 1897, ch. 115, § 20; R. C. 1899, § 3020.]

§ 4718a. No preference or advantage. It shall be unlawful for any railroad, railroad corporation or common carrier, subject to the provisions of this article, to make or give any preference or advantage to any particular person, company, firm, corporation or locality or any particular description of traffic, in any respect whatsoever or to subject any particular person, company, firm, corporation or locality, or any particular description of traffic to any prejudice or disadvantage in any respect whatsoever; provided, however, that nothing herein shall be construed to prevent any railroad, railroad corporation or common carrier from giving preference as to time of shipment of live stock, uncured meats and other perishable property. § 4719. What constitutes unjust discrimination. If any railroad, railroad corporation or common carrier subject to the provisions of this article shall directly or indirectly, by any special rate, rebate, drawback or other device charge, demand, collect or receive from any person or persons a greater or less compensation for any service rendered, or to be rendered, in the transportation of passengers or property subject to the provisions of this article, than it charges, demands, collects or receives from any other person or persons for doing for him or them a like and contemporaneous service in the transportation of a like kind of traffic, it shall be deemed guilty of unjust discrimination, which is hereby prohibited and declared unlawful; this section, however, is not to be construed as prohibiting a less rate per one hundred pounds in a carload lot than is charged, collected or received from the same kind of freight in less than a carload lot. [R. C. 1905, § 4334; 1897, ch. 115, § 15; R. C. 1899, § 3022.]

§ 4720. Long and short hauls. It shall be unlawful for any railroads, railroad corporations or common carriers, subject to the provisions of this article, to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of a like kind of freight or property, for a shorter than for a longer distance over its railroads, all or any portion of the shorter haul being included within the longer; and said railroad, railroad corporations or common carriers shall charge no more for transporting passengers or freight to or from any point on its railroads than a fair and just rate as compared with the price it charges for the same kind of transportation to or from any other point; provided, that all the provisions of this section shall apply to the transportation of passengers and all kinds of freight and property shipped and transported over one or more connecting lines; provided, further, that such connecting lines shall transfer car lots without extra compensation, and shall transfer less than car lots at actual cost for such transfer; and provided, further, that rates shall be made and published by such connecting lines for such continuous shipment upon demand of any shipper or shippers and that such rates so made by two or more connecting lines shall be no greater in the aggregate than the rate would be if shipped continuously upon

one line of road. [R. C. 1905, § 4335; 1897, ch. 115, § 17; R. C. 1899, § 3023; 1903, ch. 143.]

§ 4721. Freight pooling. It shall be unlawful for any railroad, railroad corporation or common carrier, subject to the provisions of this article, to enter into any contract, agreement or combination with any other railroad, railroad corporation or common carrier for the pooling of freight of different and competing railroads or railroad corporations or common carriers, or divide between them the aggregate or net proceeds of the earnings of such railroads or railroad corporations or common carriers or any portion thereof; and in any case of an agreement for the pooling of freights as aforesaid, each day of its continuance shall be deemed a separate offense. [R. C. 1905, § 4336; 1897, ch. 115, § 18; R. C. 1899, § 3024.]

§ 4722. Distribution of cars. When any railroad company doing business in this state shall be unable from any reasonable cause to furnish cars at any railway station or side track in accordance with the demands made by all persons demanding cars at such station or side track for the shipment of freight in carload lots, such cars as are furnished shall be divided daily equally among the applicants in the order of their application until each shall have received one car, when the remainder shall be divided ratably among the several shippers in the proportion that the carload lots of freight offered by each bear to the entire number of carload lots of freight offered at such station or side track on that day; provided, that every application made in good faith on an earlier day shall be filled before supplying any to any applicant of a succeeding day. Discriminating in furnishing cars to shippers. 44 L.R.A.(N.S.) 648.

§ 4723. But one terminal charge for switching or transferring. There shall in no case be more than one terminal charge for switching or transferring any car, whether the same is loaded or empty, within the limits of any one city or town. If it is necessary for any car to pass over the tracks of more than one company within such city or town limits in order to reach its final destination or to be returned therefrom to its owner or owners, then the company first switching or transferring such car shall be entitled to receive the entire charge to be made therefor and shall be liable to the company or companies doing the subsequent switching or transferring thereof for its or their reasonable and equitable share of the compensation received and if the companies so jointly interested therein cannot agree upon the share thereof which each is entitled to receive, the same shall be determined by the commissioners of railroads, whose decision thereon shall be final and conclusive upon all parties interested and the said commissioners are authorized to establish such rules and regulations in that behalf as to them may seem just and reasonable and not in conflict with this article. [R. C. 1905, § 4338; 1890, ch. 122, § 7; R. C. 1899, § 3026.]

§ 4724. Schedules of rates and fares. Every railroad, railroad corporation or common carrier, subject to the provisions of this chapter, shall print and keep for public inspection schedules showing the rates and fares and charges for the transportation of passengers and property which any such railroad, railroad corporation or common carrier has established, and which are in force at the time upon its railroads as defined by this chapter. The schedules printed as aforesaid by any such railroad, railroad corporation or common carrier shall plainly state the places upon its railroads between which property and passengers will be carried and shall contain the classification of freight or express in force upon it, and shall also state separately any terminal charges and any rules or regulations which in any wise change, affect or determine any part of the aggregate of such aforesaid rates, fares and charges. Such schedules shall be plainly printed in large type of at least the size of ordinary pica, and a copy for the use of the public shall be kept in every freight, express or receiving office or passenger station of such railroad, rail-

road corporation or common carrier where it can be conveniently inspected, and it shall keep a printed notice posted in every such office and passenger station indicating where therein such schedules can be found. [R. C. 1905, § 4339; 1897, ch. 115, § 19; R. C. 1899, § 3027.]

§ 4725. Notice of changes in schedules. No advance shall be made in the rates, fares and charges which have been established and published as aforesaid by any railroad, railroad corporation or common carrier in compliance with the requirements of this article, except after ten days' notice in writing to the commissioners of railroads, which shall plainly state the changes proposed to be made in the schedules then in force and the time when the increased rates, fares or charges will go into effect; and the proposed charges shall be shown by printing new schedules, or shall be plainly indicated upon the schedules in force at the time and kept for public inspection. Reduction in such published rates, fares or charges may be made without previous notice, but whenever any such reduction is made, notice of the same shall immediately be publicly posted, and the change made shall immediately be made public by printing new schedules, or shall immediately be plainly indicated upon the schedules at the time in force and kept for public inspection. [R. C. 1905, § 4340; 1897, ch. 115, § 19; R. C. 1899, § 3028.]

§ 4726. No charge greater than the schedule. When any such railroad, railroad corporation or common carrier shall have established and published its rates, fares and charges, in compliance with the provisions of this article, it shall be unlawful for it to charge, demand, collect or receive from any person or persons a greater or less compensation for the transportation of passengers or property, or for any service in connection therewith than is specified in such published schedule of rates, fares and charges as may at the time be in force. [R. C. 1905, § 4341; 1897, ch. 115, § 19; R. C. 1899, § 3029.]

§ 4727. Schedules and contracts to be filed. Every railroad, railroad corporation or common carrier subject to the provisions of this article shall file with the board of commissioners of railroads of this state copies of its schedules of rates, fares and charges which have been established and published in compliance with the requirements of this article, and shall promptly notify said commissioners of all changes made in the same. Every such railroad, railroad corporation or common carrier shall also file with said commissioners copies of all contracts, agreements or arrangements with other railroads, railroad corporations or common carriers in relation to any traffic affected by the provisions of this article to which it may be a party. In cases where passengers and freight pass over continuous lines or routes in this state operated by more than one person or company and the several railroads, railroad corporations or common carriers operating such lines or routes have established joint tariffs or rates or fares or charges for such continuous lines or routes, copies of such joint tariffs shall also in like manner be filed with said commissioners. Such joint rates, fares and charges on such continuous lines so filed as aforesaid shall be made public by such railroads, railroad corporations or common carriers when directed by said commissioners, in so far as may, in the judgment of the commissioners, be deemed practicable; and said commissioners shall, from time to time, prescribe the measures of publicity which shall be given to such rates, fares and charges, or to such parts of them as they may deem it practicable for such railroads, railroad corporations or common carriers to publish and the places in which they shall be published; but no railroad, railroad corporation or common carrier, party to any such joint tariff shall be liable for the failure of any other railroad, railroad corporation or common carrier party thereto, to observe and adhere to the rates, fares or charges thus made and published. If any such shall neglect or refuse to file or publish its schedules or tariff of rates, fares and charges as provided in this article or any part of the same, it shall, in addition to other penalties herein prescribed, be subject to a writ of mandamus to be issued

by any district court of this state in the judicial district wherein such offense may be committed. And if such railroad, railroad corporation or common carrier be a foreign corporation then such writ may be issued by any district court, in the judicial district where such common carrier accepts traffic and has an agent to perform such service, to compel compliance with the aforesaid provisions of this article, and such writ shall issue in the name of the state of North Dakota at the relation or upon the petition of the said board of commissioners of railroads of this state; and failure to comply with its requirements shall be punishable as and for a contempt; and shall make said railroad, railroad corporation or common carrier liable to a penalty of five hundred dollars for each day's failure to comply therewith and when any such writ of mandamus shall be so applied for by said commissioners, no bond shall be required of them by any court or judge, in which or before whom any such application may be made. [R. C. 1905, § 4342; 1897, ch. 115, § 19; R. C. 1899, § 3030.]

§ 4728. **Commissioners to make and revise schedules.** The board of railroad commissioners shall have power to prescribe just and reasonable classifications of freight and to fix and prescribe just and reasonable schedules of charges for the transportation of intra-state freight and intra-state passengers, for sleeping car accommodations, for goods and all matter of every kind carried by express companies within this state, for the transmission of messages by telegraph and telephone companies and for the use of telephone lines within the state. The commissioners shall also have the power to make just and reasonable regulations for the apportionment of all such charges between two or more companies jointly engaged in the transportation of freight, passengers, express matter, telegraph or telephone messages and it shall be the duty of said commissioners to prepare such schedules and classifications; and said schedules so made by said commissioners shall in all suits brought against any such railroad, railroad corporation or common carriers, wherein is in any way involved the charges of any such railroad, railroad corporation or common carriers, for the transportation of any passenger, freight property or cars or unjust discrimination in relation thereto, be deemed and taken in all courts of this state as prima facie evidence that the rates therein fixed are reasonable and just maximum rates or charges for the transportation of passengers, freight, property and cars upon railroads or the transmission of messages by telephone or telegraph for which said schedules may have been respectively prepared. Said commissioners shall from time to time, but not oftener than once in six months, unless upon appeal from the order fixing such rate the court should modify or reverse such order, and then only to the extent made necessary by such modification or reversal, change and revise said schedules. When any schedule shall have been made or revised as aforesaid, it shall be the duty of said commissioners to forthwith serve a copy of said schedule upon such railroad, railroad corporation or common carrier affected thereby and a notice stating when such schedule shall go into effect, and to cause notice thereof to be published for two successive weeks in one public newspaper published in each judicial district in this state which notice shall state the fact that a new schedule has been made and the date of the taking effect of said schedule; and said schedule shall take effect at the time so stated in such notice and a printed copy of said revised schedule shall be conspicuously posted by such railroad, railroad corporation or common carrier in each freight, express or receiving office and passenger depot upon its line or lines. All such schedules, so made, shall be received and held in all such suits as prima facie the schedule of said commissioners without further proof than the production of the schedule desired to be used as evidence, with a certificate of said commissioners of railroads, that the same is a true copy of the schedule prepared by them for the railroad, railroad corporation or common carrier therein named, and that notice

of the making of the same has been published as required by law, provided, that before finally fixing and deciding what the original maximum rates and classifications shall be, it shall be the duty of the commissioners of railroads to cause notice of such meeting to be given each common carrier affected thereby by mailing a notice thereof addressed to the managing officer thereof at the address given in the last report of such common carrier to the secretary of state, or to such address as may have been given to and filed with said commission, at least thirty days before the date of said hearing, and to publish ten days' notice in two daily papers published in the state setting forth in such notice that at a certain time and place they will proceed to fix and determine such maximum rates and classifications; and they shall at such time and place and as soon as practicable afford to any person, firm, corporation, railroad, railroad corporation or common carrier who may desire it, an opportunity to make an explanation or showing or to furnish information to said commissioners on the subject of determining and fixing such maximum rates, fares and classifications; and a schedule of rates, fares and classifications of freights or property on all lines of railroad, railroad corporations or common carriers, subject to this article in North Dakota shall be fixed within sixty days from the taking effect of this article. [1911, ch. 255, § 2; R. C. 1905, § 4343; 1897, ch. 115, § 29; R. C. 1899, § 3031.]

§ 4729. Complaint of violation of schedule. Whenever any person upon his own behalf, or class of persons similarly situated, or any firm, corporation or association, or any mercantile, agricultural or manufacturing society, or any body politic or municipal organization, shall make complaint to said board of commissioners of railroads that the rate charged or published by any railroad, railroad corporation or common carrier, or the maximum rate fixed by said commissioners in the schedule of fares or rates made by them under the provisions of section 4728 or the maximum rate that may now or may hereafter be fixed is unreasonably high or discriminating, it shall be the duty of said commissioners to immediately investigate the matter of such complaint. If such complaint appears to be well founded and not trivial in character, the board shall fix a day for hearing the same and shall notify such railroad, railroad corporation or common carrier of the time and place of such hearing by serving a notice properly directed on any division superintendent, general or assistant superintendent, general manager, president, secretary or agent of such railroad, railroad corporation or common carrier, which notice shall contain the substance of the complaint so made, and the board shall also notify the person or persons complaining of such time and place. [R. C. 1905, § 4344; 1897, ch. 115, § 30; R. C. 1899, § 3032.]

§ 4730. Hearing evidence. Upon such hearing so provided for the said commissioners shall receive whatever evidence, statements or arguments either party may offer pertinent to the matter under investigation; and the burden of proof shall not be held to be upon the person or persons making the complaint, but the commissioners shall add to the showing made at such hearing whatever information they may then have, or can secure from any source whatsoever, and the person or persons complaining shall be entitled to introduce any published schedule of rates of any railroad, railroad corporation or common carrier or evidence of rates actually charged by any railroad, railroad corporation or common carrier for substantially the same kind of

service, whether in this or in any other state, and the lowest rate published or charged by any railroad, railroad corporation or common carrier for substantially the same kind of service, whether in this state or in any other state, shall, at the instance of the person or persons complaining, be accepted as prima facie evidence of a reasonable rate for the services under investigation, and if the railroad, railroad corporation or common carrier complained of is operating a line of railroad beyond the state of North Dakota, or if it appears that it has a traffic arrangement with any such railroad, railroad corporation or common carrier, then the commissioners in determining what is a reasonable rate shall take into consideration the charge made, or rate established by said railroad, railroad corporation or common carrier, or the company with which it has traffic arrangements for carrying freight, passengers or property from beyond the state to points within the state, and from within the state to points beyond the state; and if such company be operating a line of railway beyond the state they shall also take into consideration the rate charged or established for a substantially similar or greater service by such company in any other state in which said railroad, railroad corporation or common carrier operates a line of railway. [R. C. 1905, § 4345; 1897, ch. 115, § 31; R. C. 1899, § 3033.]

§ 4731. Decision. After such hearing and investigation the said commissioners shall fix and determine the maximum charge to be thereafter made by the railroad, railroad corporation or common carrier complained of, and the said commissioners shall render their decision in writing; and shall spread the same at length in the record to be kept for that purpose. Such decision shall specifically set out the sums or rates which the railroad, railroad corporation or common carrier, so complained of, may thereafter charge or receive for the service therein named and include a classification of such freight or property; and the said commissioners shall not be limited in their said decision and the schedule to be contained therein to the specific case or cases complained of, but it shall be extended to all such rates between points in this state and whatever part of the line of railway of such company, railroad, railroad corporation or common carrier within this state as may have been fairly within the scope of such investigation; and any such decisions so made and entered on record of said commissioners, including any such schedules and classifications shall when duly authenticated, be received and held in all suits brought against any such railroad, railroad corporation or common carrier wherein is in any way involved the charges of any such railroad, railroad corporation or carrier mentioned in said decisions, in any of the courts of this state, as prima facie evidence that the rates therein fixed are reasonable maximum rates, the same as the schedules made by said commissioners as provided in section 4728; and the rates, charges and classifications so established after such hearing and investigation shall from time to time thereafter upon complaint duly made be subject to revision by said commissioners the same as any other rates, charges and classifications. [R. C. 1905, § 4346; 1897, ch. 115, § 32; R. C. 1899, § 3034.]

§ 4732. Decrees of commissioners enforced. The district courts of this state shall have jurisdiction to enforce, by proper decrees, injunctions and orders, the reasonable rulings, orders and regulations affecting public right, made or to be made by the board of commissioners of railroads, such as are now, or may hereafter be authorized to be made by them for the future direction and observance of railroads, railroad corporations or common carriers in this state. The proceedings shall be by equitable action in the name of the state of North Dakota, and shall be instituted by the attorney-general, whenever advised by the board of commissioners of railroads that any railroad, railroad corporation or common carrier is violating and refusing to comply with any rule, order or regulation made by such commissioners of railroads, and applicable to such railroad, railroad corporation or common

carrier. It shall be the duty of the court in which any cause shall be pending to require the issues to be made up at the first term of the court to which the cause is brought which shall be the trial term, and to give the same precedence over other civil business. If the court shall find that such passenger fare, freight or express rate, rule, regulation or order is reasonable and just, and that in refusing compliance therewith said railroad company, railroad corporation or common carrier is failing and omitting the performance of any public duty or obligation, the court shall decree a mandatory and perpetual injunction compelling obedience to and compliance with such rule, fare, rate, order or regulation by said railroad, railroad corporation or common carrier or its officers, agents, servants and employes and may grant such other relief as may be deemed just and proper with costs. All violations of such decree shall render the company, person, officers, agents, servants and employes, who are in any manner instrumental in such violation, guilty of contempt of court, and the court may punish such contempt by fine not exceeding one thousand dollars for each offense, or may imprison the person guilty of contempt until he shall sufficiently purge himself therefrom. And such decree shall continue and remain in effect and be enforced until the rule, fare or rate, order or regulation shall be modified or vacated by the board of commissioners of railroads. [R. C. 1905, § 4347; 1897, ch. 115, § 11; R. C. 1899, § 3035.]

§ 4733. Compensation of attorney. Costs. The attorney-general is hereby authorized, in case he shall deem it necessary so to do in order to enforce the provisions of this article, to employ an attorney to assist him in any proceedings brought under this article, and such attorney shall be paid from the general fund of the state of North Dakota for his services an amount to be approved by the attorney-general and the board of railroad commissioners, and all necessary and usual costs of actions brought by the attorney-general under this article shall be itemized and paid from said fund upon his approval. Whenever a decree shall be entered against a railroad, railroad corporation, common carrier or person under section 4732, the court shall render judgment for costs, including a reasonable attorney's fee for counsel representing the state in said case, and said judgment shall be enforced by execution. If the order appealed from does not regulate or fix the tariff of rates, fares or charges, the district court to which the appeal is taken may in its discretion suspend the operation and effect of the order appealed from, pending such appeal. The district courts of this state shall be deemed to be always in session for the purpose of hearing and determining all appeals taken under the provisions of this article. The party taking such appeal may bring the same on for hearing and determination at any time after taking such appeal, upon serving a notice to that effect upon any one of the commissioners or their secretary at least ten days prior to the day set for such hearing. If such railroad, railroad corporation or common carrier within the time specified shall make reparation for the injury alleged to have been done or shall correct the wrong complained of, it shall be relieved of liability to the complainant only for the particular violation of law thus complained of. If it shall not satisfy the complaint within the time specified, or there shall appear to be any reasonable ground for investigating said complaint, it shall be the duty of the said commissioners to investigate the matters complained of in such manner and by such means as said commissioners shall deem proper, and said commissioners whenever they may have sufficient reason to believe that any railroad, railroad corporation or common carrier is violating any of the provisions of this article shall at once institute an inquiry in the same manner, and to the same effect, as though complaint had been made. No complaint shall at any time be dismissed because of the absence of direct damage to the complainant or petitioner. [R. C. 1905, § 4355; 1897, ch. 115, § 25; R. C. 1899, § 3043.]

If approved, it must be entered of record on the journal of the board; but the board of county commissioners must require the corporation, at its own expense, and the corporation must so change and open the highways so taken and used as to make the same as good as they were before the appropriation thereof; and must so construct all crossings of public highways over and by its road and its toll gates as not to hinder or obstruct the use of the same. [R. C. 1905, § 4408; Civ. C. 1877, § 489; R. C. 1899, § 3076.]

[1909, ch. 150, § 5.]

§ 4851. Dividends on securities property of company. Each policy holder shall pay or receive according to the first assessment and his policy shall then be cancelled, unless he pays the further sum determined by the second assessment, in which case his policy shall continue in force; but in neither case shall a policy holder receive or have credited to him more than he would have received on having his policy cancelled by a vote of the directors under the by-laws. The court or judge may, in its discretion, issue an injunction forthwith or upon notice and hearing thereon, and after a full hearing of the matter may dissolve or modify such injunction or make it perpetual, and may make all orders and decrees needful in the premises and may appoint agents or receivers to take possession of the property and effects of the company and to settle its affairs according to the course of proceedings in equity. § 5056. Fraudulent statements. Penalty. Any person, officer, member or examining physician, who shall knowingly or willfully make any false or fraudulent statement or representation, in or with reference to any application for membership, or for the purpose of obtaining any money or benefit in any association transacting business under this article, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or imprisonment in the county jail for not less than thirty days, nor more than one year, or both, in the discretion of the court; and any person who shall willfully make a false statement of any material fact or thing in a sworn statement as to the death or disability of a certificate holder in any such association, for the purpose of procuring payment of a benefit named in the certificate of such holder, and any person who shall willfully make any false statement in any verified report or declaration, under oath, required or authorized by this article, shall be guilty of perjury, and shall be proceeded against and punished as provided by the statutes of this state in relation to the crime of perjury. [R. C. 1905, § 4583; 1901, ch. 90, § 14.]

§ 5057. Refusing to make statement. Penalty. Any such association refusing or neglecting to make the report, as provided in this article, shall be

excluded from doing business within this state. The commissioner of insurance must, within sixty days after failure to make such report, or in case any such association shall exceed its powers, or shall conduct its business fraudulently, or shall fail to comply with any of the provisions of this article, give notice in writing to the attorney-general, who shall immediately commence an action against any such association to enjoin the same from carrying on any business. No injunction against any such association shall be granted by any court, except on application by the attorney-general, at the request of the commissioner of insurance, whether the state, or a member, or other party, seeks relief. No association so enjoined shall have authority to continue business until such report shall be made, or overt act or violations complained of shall have been corrected, nor until the costs of such action be paid by it, provided the court shall find that such association was in default as charged, whereupon the commissioner of insurance shall reinstate such association, and not until then shall such association be allowed to again do business in this state. Any officer, agent or person acting for any association or subordinate body thereof within this state, while such association shall be so enjoined or prohibited from doing business pursuant to this article, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine not less than twenty-five dollars nor more than two hundred dollars, or by imprisonment in the county jail for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court. [R. C. 1905, § 4584; 1901, ch. 90, § 15.]

§ 5058. **Penalty for failure to comply.** Any person who shall act within this state, as an officer, agent or otherwise, for any association, which shall have failed, neglected or refused to comply with, or shall have violated any of the provisions of this article, or shall have failed or neglected to procure from the commissioner of insurance a proper certificate of authority to transact business, as provided for by this article, shall be subject to the penalty provided in the last preceding section for the misdemeanor therein specified. [R. C. 1905, § 4585; 1901, ch. 90, § 16.]

ARTICLE 6.—FRATERNAL BENEFIT SOCIETIES.

§ 5059. **Fraternal benefit societies defined.** Any corporation, society, order or voluntary association, without capital stock, organized and carried on solely for the mutual benefit of its members and their beneficiaries, and not for profit, and having a lodge system with ritualistic form of work and representative form of government, and which shall make provisions for the payment of death benefits in accordance with section 5062, is hereby declared to be a fraternal benefit society. [1913, ch. 191, § 1.]

See the note under the title of article 5 immediately preceding section 5043.

§ 5060. **Lodge system defined.** Any society having a supreme governing or legislative body, and subordinate lodges or branches by whatever name known, into which members shall be elected, initiated and admitted in accordance with its constitution, laws, rules, regulations and prescribed ritualistic ceremonies, which subordinate lodges or branches shall be required by the laws of such society to hold regular or stated meetings at least once in each month, shall be deemed to be operating on the lodge system. [1913, ch. 191, § 2.]

§ 5061. **Representative form of government defined.** Any such society shall be deemed to have a representative form of government when it shall provide in its constitution and laws for a supreme legislative or governing body, composed of representatives elected either by the members or by delegates elected directly or indirectly by the members, together with such other members as may be prescribed by its constitution and laws; provided, that the elective members shall constitute a majority in number and have not less than two-thirds of the votes, nor less than the votes required to amend its constitution and laws, and provided further, that the meetings of the supreme or governing

body, and the election of officers, representatives or delegates shall be held as often as once in four years. The members, officers, representatives or delegates of a fraternal benefit society shall not vote by proxy. [1913, ch. 191, § 3.]

§ 5061a. Exemptions. Except as herein provided, such societies shall be governed by this article, and shall be exempt from all provisions of the insurance laws of this state, not only in governmental relations with the state, but for every other purpose, and no law hereafter shall apply to them unless they be expressly designated therein. [1913, ch. 191, § 4.]

§ 5062. Benefits. Subsection 1. Every society transacting business under this article shall provide for the payment of death benefits, and may provide for the payment of benefits in case of temporary or permanent physical disability, either as the result of disease, accident, or old age; provided, the period of life at which the payment of benefits or disability on account of old age shall commence, shall not be under seventy years; and may provide for monuments or tombstones to the memory of its deceased members, and for the payment of funeral benefits. Such society shall have the power to give a member, when permanently disabled or on attaining the age of seventy, all, or such portion of the face value of his certificate as the laws of the society may provide; provided, that nothing in this act contained shall be so construed as to prevent the issuing of benefit for a term of years less than the whole of life, which are payable upon the death or disability of the member occurring within the term for which the benefit certificate may be issued. Such society shall, upon written application of the member, have the power to accept a part of the periodical contributions in cash, and charge the remainder, not exceeding one-half of the periodical contribution, against the certificate with interest payable or compounded annually at a rate not lower than four per cent per annum; provided, that this privilege shall not be granted except to societies which have readjusted or may hereafter readjust their rates of contributions, and to contracts affected by such readjustment.

Subsection 2. Any society which shall show by the annual valuation hereinafter provided for that it is accumulating and maintaining the reserve not lower than the usual reserve computed by the American experience table and four per cent interest, may grant to its members extended and paid up protection, or such withdrawal equities as its constitution and laws may provide; provided, that such grants shall in no case exceed in value the portion of the reserve to the credit of such members to whom they are made. [1913, ch. 191, § 5.]

§ 5063. Beneficiaries. The payment of death benefits shall be confirmed (confin'd) to wife, husband, relative by blood to the fourth degree, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather, stepmother, stepchildren, children by legal adoption, or to a person or persons dependent upon the member; provided, that if after the issuance of the original certificate the member shall become dependent upon an incorporated charitable institution, he shall have the privilege with the consent of the society to make such institution his beneficiary. Within the above restrictions, each member shall have the right to designate his beneficiary, and from time to time have the same changed in accordance with the laws, rules and regulations of the society, and no beneficiary shall have or obtain any vested interest in the said benefit until the same has become due and payable upon the death of the said member; provided, that any society may, by its laws, limit the scope or beneficiaries within the above classes. [1913, ch. 191, § 6.]

Who is a "dependent" within statute or rules defining beneficiaries of mutual benefit societies. 2 L.R.A.(N.S.) 653; 36 L.R.A.(N.S.) 208; 37 L.R.A.(N.S.) 1191.

§ 5064. Qualifications of membership. Any society may admit to beneficial membership any person not less than sixteen and not more than sixty years of age, who has been examined by a legally qualified physician, and whose examination has been supervised and approved in accordance with the laws of

the society; provided, that any beneficiary member of such society who shall apply for a certificate providing for disability benefits, need not be required to pass an additional medical examination therefor. Nothing herein contained shall prevent such society from accepting general or social members. [1913, ch. 191, § 7.]

§ 5065. Certificate. Every certificate issued by any such society shall specify the amount of benefit provided thereby, and shall provide that the certificate, the charter or articles of incorporation, or, if a voluntary association, the articles of association, the constitution and laws of the society and the applications for membership and medical examination, signed by the applicant, and all amendments to each thereof, shall constitute the agreement between the society and the member, and copies of the same certified by the secretary of the society, or corresponding officer, shall be received in evidence of the terms and conditions thereof, and any changes, additions or amendments to said charter or articles of incorporation, or articles of association, if a voluntary association, constitution or laws duly made or enacted subsequent to the issuance of the benefit certificate shall bind the member and his beneficiaries and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to and were in force at the time of the application for membership. [1913, ch. 191, § 8.]

§ 5066. Funds. Subsection 1. Any society may create, maintain, invest, disburse and apply an emergency, surplus or other similar fund in accordance with its laws. Unless otherwise provided in the contract, such funds shall be held, invested and disbursed for the use and benefit of the society, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any apportionment or the surrender of any part thereof, except as provided in subsection 2 of section 5062. The funds from which benefits shall be paid and the funds from which the expenses of the society shall be defrayed, shall be derived from periodical or other payments by the members of the society and accretions of said funds; provided, that no society domestic or foreign, shall hereafter be incorporated or admitted to transact business in this state which does not provide for stated periodical contributions sufficient to provide for meeting the mortuary obligations contracted, when valued upon the basis of the national fraternal congress table of mortality as adopted by the national fraternity congress, August 23, 1899, or any higher standard with interest assumption not more than four per cent per annum, nor write or accept members for temporary or permanent disability benefits except upon tables based upon reliable experience, with an interest assumption not higher than four per cent per annum. [1913, ch. 191, § 9.]

Subsection 2. Deferred payments or installments of claims shall be considered as fixed liabilities on the happening of the contingency upon which such payments or installments are thereafter to be paid. Such liability shall be the present value of such future payments of installments upon the rate of interest and mortality assumed by the society for valuation, and every society shall maintain a fund sufficient to meet such liabilities regardless of proposed future collections to meet any such liabilities.

§ 5067. Investments. Every society shall invest its funds only in securities permitted by the laws of this state for the investment of the assets of life insurance companies; provided, that any foreign society permitted or seeking to do business in this state, which invests its funds in accordance with the laws of the state in which it is incorporated, shall be held to meet the requirements of this article for the investment of funds. [1913, ch. 191, § 10.]

§ 5068. Distribution of funds. Every provision of the laws of the society for the payment by members of such society, in whatever form made, shall distinctly state the purpose of the same and the proportion thereof which

may be used for expenses, and no part of the money collected for mortuary or disability purposes, or the net accretions of either or any of said funds shall be used for expenses. [1913, ch. 191, § 11.]

Distribution of assets of insolvent insurance company. 38 L.R.A. 97.

§ 5069. Organization. Seven or more persons, citizens of the United States, and a majority of whom are citizens of this state, who desire to form a fraternal benefit society, as defined by this article, may make and sign (giving their addresses) and acknowledge before some officer competent to take acknowledgment of deeds, articles of incorporation, in which shall be stated:

1st. The proposed corporate name of the society, which shall not so closely resemble the name of any society or insurance company already transacting business in this state as to mislead the public or to lead to confusion;

2nd. The purpose for which it is formed—which shall not include more liberal powers than are granted by this article, provided that any lawful, social, intellectual, educational, charitable, benevolent, moral or religious advantages may be set forth among the purposes of the society—and the mode in which its corporate powers are to be exercised;

3rd. The names, residences and official titles of all the officers, trustees, directors or other persons who are to have and exercise the general control and management of the affairs and funds of the society for the first year, or until the ensuing election, at which all such officers shall be elected by the supreme legislative or governing body, which election shall be held not later than one year from the date of the issuance of the permanent certificate.

Such articles of incorporation and duly certified copies of the constitution and laws, rules and regulations, and copies of all proposed form of benefit certificates, applications therefor and circulars to be issued by such society, and a bond in the sum of five thousand dollars, with sureties approved by the commissioner of insurance, conditioned upon the return of the advance payments, as provided in this section, to applicants, if the organization is not completed within one year, shall be filed with the commissioner of insurance, who may require such further information as he deems necessary, and if the purposes of the society conform to the requirements of this article, and all provisions of law have been complied with the commissioner of insurance shall so certify and retain and record (or file) the articles of incorporation, and furnish the incorporators a preliminary certificate authorizing said society to solicit members as hereinafter provided.

Upon receipt of said certificate from the commissioner of insurance said society may solicit members for the purpose of completing its organization and shall collect from each applicant the amount of not less than one regular monthly payment, in accordance with its table of rates as provided by its constitution and laws, and shall issue to each such applicant a receipt for the amount so collected. But no such society shall incur any liability other than for such advanced payments, nor issue any benefit certificate nor pay or allow, or offer or promise to pay or allow to any person any death or disability benefit until actual bona fide applications for death benefit certificates have been secured upon at least five hundred lives for at least one thousand dollars each, and all such applicants for death benefits shall have been regularly examined by legally qualified practicing physicians, and certificates of such examinations have been duly filed and approved by the chief medical examiner of such society; nor until there shall be established ten subordinate lodges or branches, into which said five hundred applicants have been initiated; nor until there has been submitted to the commissioner of insurance, under oath of the president and secretary, or corresponding officers of such society, a list of such applicants, giving their names, addresses, date examined, date approved, date initiated, name and number of the subordinate branch of which each applicant is a member, amount of benefits to be granted, rate of stated periodical contributions, which shall be

sufficient to provide for meeting the mortuary obligation, contracted, when valued for death benefits upon the basis of the national fraternal congress table of mortality, as adopted by the national fraternal congress August 23, 1899, or any higher standard at the option of the society, and for disability benefits by tables based upon reliable experience and for combined death and permanent total disability benefits by tables based upon reliable experience, with an interest assumption not higher than four per cent per annum; nor until it shall be shown to the commissioner of insurance by the sworn statement of the treasurer, or corresponding officer of such society that at least five hundred applicants have each paid in cash at least one regular monthly payment, as herein provided per one thousand dollars of indemnity to be affected, which payments in the aggregate shall amount to at least twenty-five hundred dollars; all of which shall be credited to the mortuary or disability fund on account of such applicants, and no part of which may be used for expenses.

Said advanced payments shall, during the period of organization, be held in trust, and, if the organization is not completed within one year, as hereinafter provided, returned to said applicants.

The commissioner of insurance may make such examination and require such further information as he deems advisable, and, upon presentation of satisfactory evidence that the society has complied with all the provisions of law, he shall issue to such society a certificate to that effect. Such certificate shall be prima facie evidence of the existence of such society at the date of such certificate. The commissioner of insurance shall cause a record of such certificate to be made and certified copy of such record may be given in evidence with like effect as the original certificate.

No preliminary certificate granted under the provisions of this section shall be valid after one year from its date, or after such further period, not exceeding one year, as may be authorized by the commissioner of insurance upon cause shown; unless the five hundred applicants herein required have been secured, and the organization has been completed, as herein provided, and the articles of incorporation and all proceedings thereunder shall become null and void in one year from the date of said preliminary certificate, or at the expiration of said extended period, unless such society shall have completed its organization and commenced business as herein provided. When any domestic society shall have discontinued business for the period of one year, or has less than four hundred members, its charter shall become null and void.

Every such society shall have the power to make a constitution and by-laws for the government of the society, the admission of its members, the management of its affairs, and the fixing and readjusting of the rates of contribution of its members from time to time; and it shall have the power to change, alter, add to, or amend such constitution and by-laws, and shall have such other powers as are necessary and incidental to carrying into effect the objects and purposes of the society. [1913, ch. 191, § 12.]

§ 5070. Powers retained. Reincorporation. Amendments. Any society now engaged in transacting business in this state may exercise, after the passage of this article, all of the rights conferred thereby, and all of the rights, powers and privileges not exercised or possessed by it under its charter or articles of incorporation not inconsistent with this article, if incorporated; or if it be a voluntary association it may incorporate hereunder. But no society already organized shall be required to reincorporate hereunder, and any such society may amend its articles of incorporation from time to time in the manner provided therein, or in its constitution and laws, and all such amendments shall be filed with the commissioner of insurance and shall become operative upon such filing unless a later time be provided in such amendments, or in its articles of incorporation, constitution or laws. [1913, ch. 191, § 13.]

§ 5071. Mergers and transfers. No domestic societies shall merge with or accept the transfer of the membership or funds of any other society unless such merger or transfer is evidenced by a contract in writing, setting out in full the terms and conditions of such merger or transfer, and filed with the commissioner of insurance of this state together with a sworn statement of the financial condition of each of said societies by its president and secretary, or corresponding officers, and a certificate of such officers, duly verified under oath of said officers of each of the contracting societies that such merger or transfer has been approved by a vote of two-thirds of the members of the supreme legislative or governing body of each of said societies. Upon the submission of said contract, financial statements and certificates, the commissioner of insurance shall examine the same, and if he shall find such financial statements to be correct and the said contract to be in conformity with the provisions of this section, and that such merger or transfer is just and equitable to the members of each of said societies he shall approve said merger or transfer, issue his certificate to that effect, and thereupon the said contract of merger or transfer shall be of full force and effect.

In case such contract is not approved the facts of its submission and its contents shall not be disclosed by the commissioner of insurance. [1913, ch. 191, § 14.]

§ 5072. Annual license. Societies which are now authorized to transact business in this state may continue such business until the first day of April next succeeding the passage of this article, and the authority of such societies may thereafter be renewed annually, but in all cases to terminate on the first day of the succeeding April; provided, however, the license shall continue in full force and effect until the new license be issued or specifically refused. For each such license or renewal the society shall pay the commissioner of insurance dollars. A duly certified copy or duplicate of such license shall be prima facie evidence that the licensee is a fraternal benefit society within the meaning of this article. [1913, ch. 191, § 15.]

§ 5073. Admission of foreign society. No foreign society now transacting business, organized prior to the passage of this article, which is not now authorized to transact business in this state, shall transact any business herein without a license from the commissioner of insurance. Any such society shall be entitled to a license to transact business within this state upon filing with the commissioner a duly certified copy of its charter or articles of association, a copy of its constitution and laws, certified by its secretary or corresponding officer; a power of attorney to the commissioner of insurance as hereinafter provided; a statement of its business under oath of its president and secretary, or corresponding officers, in the form required by the commissioner, duly verified by an examination made by the supervising insurance official of its home state or other state satisfactory to the commissioner of insurance of this state; a certificate from the proper official in its home state, province, or country, that the society is legally organized; a copy of its contract, which must show that benefits are provided for by periodical, or other payments by persons holding similar contracts; and upon furnishing the commissioner such other information as he may deem necessary to a proper exhibit of its business and plan of working, and upon showing that its assets are invested in accordance with the laws of the state, territory, district, province or country where it is organized, he shall issue a license to such society to do business in this state until the first day of the succeeding April, and such license shall, upon compliance with the provisions of this article, be renewed annually but in all cases to terminate on the first day of the succeeding April; provided, however, that license shall continue in full force and effect until the new license be issued or specifically refused. Any foreign society desiring admission to this state shall have

the qualifications required of domestic societies organized under this article and have its assets invested as required by the laws of the state, territory, district, country or province where it is organized. For each such license or renewal the society shall pay the commissioner dollars. When the commissioner refuses to license any society, or revokes its authority to do business in this state he shall reduce his ruling, order or decision to writing and file the same in his office, and shall furnish a copy thereof, together with a statement of his reasons, to the officers of the society, upon request, and the action of the commissioner shall be reviewable by proper proceedings in any court of competent jurisdiction within the state; provided, however, that nothing contained in this or the preceding section shall be taken or construed as preventing any such society from continuing in good faith all contracts made in this state during the time such society was legally authorized to transact business herein. [1913, ch. 191, § 16.]

§ 5074. Power of attorney and service of process. Every society, whether domestic or foreign, now transacting business in this state, shall, within thirty days after the passage of this article, and every said society hereafter applying for admission shall, before being licensed, appoint in writing the commissioner of insurance and his successors in office to be its true and lawful attorney, upon whom all legal process in any action or proceeding against it shall be served, and in such writing shall agree that any lawful process against it which is served upon such attorney shall be of the same legal force and validity as if served upon the society, and that the authority shall continue in force so long as any liability remains outstanding in this state.

Copies of such appointment, certified by said commissioner of insurance, shall be deemed sufficient evidence thereof and shall be admitted in evidence with the same force and effect as the original thereof might be admitted. Service shall only be made upon such attorney, must be made in duplicate upon the commissioner of insurance, or, in his absence, upon the person in charge of his office, and shall be deemed sufficient service upon such society; provided, however, that no such service shall be valid or binding against any such society when it is required thereunder to file its answer, pleading or defense, in less than thirty days from the date of mailing the copy of such service to such society. When legal process against any such society is served upon said commissioner of insurance he shall forthwith forward by registered mail one of the duplicate copies prepaid and directed to its secretary or corresponding officer. Legal process shall not be served upon any such society except in the manner provided herein. [1913, ch. 191, § 17.]

§ 5075. Place of meeting, location of office. Any domestic society may provide that the meetings of its legislative or governing body may be held in any state, district, province or territory wherein such society has subordinate branches, and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in this state; but its principal office shall be located in this state. [1913, ch. 191, § 18.]

§ 5076. No personal liability. Officers and members of the supreme, grand, or any subordinate body of any such incorporated society shall not be individually liable for the payment of any disability or death benefit provided for in the laws and agreements of such society, but the same shall be payable only out of the funds of such society and in the manner provided by its laws. [1913, ch. 191, § 19.]

Liability of members of mutual insurance company. 32 L.R.A. 481.

Jurisdiction of equity to enforce liability of member of mutual insurance company. 40 L.R.A. (N.S.) 781.

§ 5077. Waiver of the provisions of the laws. The constitution and laws of the society may provide that no subordinate body, nor any of its subordinate officers or members shall have the power or authority to waive any of the provisions of the laws and constitution of the society, and the same

shall be binding on the society and each and every member thereof and on all beneficiaries of members. [1913, ch. 191, § 20.]

§ 5078. Benefit not attachable. No money or other benefit, charity or relief or aid to be paid, provided or rendered by any such society shall be liable to attachment, garnishment or other process, or be seized, taken, appropriated or applied by any legal or equitable process or operation of law to pay any debt or liability of a member or beneficiary, or any other person who may have a right thereunder, either before or after payment. [1913, ch. 191, § 21.]

§ 5079. Constitution and laws. Amendment. Every society transacting business under this article shall file with the commissioner of insurance a duly certified copy of all amendments of or additions to its constitution and laws within ninety days after the enactment of the same. Printed copies of the constitution and laws as amended, changed or added to, certified by the secretary or corresponding officer of the society shall be prima facie evidence of the legal adoption thereof. [1913, ch. 191, § 22.]

§ 5080. Annual reports. Every society transacting business in this state shall annually, on or before the first day of March, file with the commissioner of insurance, in such form as he may require, a statement under oath of its president and secretary, or corresponding officers, of its condition and standing on the thirty-first day of December next preceding, and of its transactions for the year ending on that date, and also shall furnish such other information as the commissioner of insurance may deem necessary to a proper exhibit of its business and plan of working. The commissioner may at other times require any further statement he may deem necessary to be made relating to such society.

In addition to the annual report herein required each society shall annually report to the commissioner a valuation of its certificates in force on December thirty-first, last preceding; including those issued within the year for which the report is filed, in cases where the contributions for the first year in whole or in part are used for current mortality and expenses; provided, the first report of valuation shall be made as of December thirty-first, 1912. Such report of valuation shall show, as contingent liabilities, the present midyear value of the promised benefits provided in the constitution and laws of such society under certificates then subject to valuation; and, as contingent assets, the present midyear values of the future net contributions provided in the constitution and laws as the same are in practice actually collected. At the option of any society, in lieu of the above, the valuation may show the net value of the certificates subject to valuation hereinbefore provided, and said net value, when computed in case of monthly contributions, may be the means of the terminal values for the end of the preceding and of the current insurance years.

Such valuation shall be certified by a competent accountant or actuary, or, at the request and expense of the society, verified by the actuary of the department of insurance of the home state of the society, and shall be filed with the commissioner of insurance within ninety days after the submission of the last preceding annual report. The legal minimum standard of valuation for all certificates, except for disability benefits, shall be the national fraternal congress table of mortality as adopted by the national fraternal congress August twenty-third, 1899, or, at the option of the society, any higher table; or at its option it may use a table based upon the society's own experience of at least twenty years and covering not less than one hundred thousand lives with interest assumption not more than four per cent per annum. Each such valuation report shall set forth clearly and fully the mortality and interest bases and the method of valuation. Any society providing for disability benefits shall keep the net contributions for such benefits in a fund separate and apart from all other benefit and expense funds

and the valuation of all other business of the society; provided, that where a combined contribution table is used by a society for both death and permanent total disability benefits the valuation shall be according to tables of reliable experience, and in such case a separation of the funds shall not be required.

The valuation herein provided for shall not be considered or regarded as a test of the financial solvency of the society, but each society shall be held to be legally solvent so long as the funds in its possession are equal to or in excess of its matured liabilities.

Beginning with the year 1914 a report of such valuation and an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each beneficiary member of the society not later than June first of each year; or, in lieu thereof, such report of valuation and showing of the society's condition as thereby disclosed may be published in the society's official paper and the issue containing the same mailed to each beneficiary member of the society. The laws of such society shall provide that if the stated periodical contributions of the members are insufficient to pay all matured death and disability claims in full, and to provide for the creation and maintenance of the funds required by its laws, additional, increased or extra rates of contribution shall be collected from the members to meet such deficiency; and such laws may provide that, upon the written application or consent of the member, his certificate may be charged with its proportion of any deficiency disclosed by valuation, with interest not exceeding five per centum per annum. [1913, ch. 191, § 23.]

§ 5081. Provisions to insure future security. If the valuation of the certificates, as hereinbefore provided, on December thirty-first, 1917, shall show that the present value of future net contributions, together with the admitted assets, is less than the present value of the promised benefits and accrued liabilities such society shall thereafter maintain said financial condition at each succeeding triennial valuation in respect of the degree of deficiency, as shown in the valuation as of December thirty-first, 1917. If at any succeeding triennial valuation such society does not show at least the same condition the commissioner shall direct that it thereafter comply with the requirements herein specified. If the next succeeding triennial valuation after the receipt of such notice shall show that the society has failed to maintain the condition required herein the commissioner may, in the absence of good cause shown for such failure, institute proceedings for the dissolution of such society, in accordance with the provisions of section 5083 or in the case of a foreign society, its license may be cancelled in the manner provided in this article.

Any such society, shown by any triennial valuation, subsequent to December thirty-first, 1917, not to have maintained the condition herein required, shall within two years thereafter make such improvement as to show a percentage of deficiency not greater than as of December thirty-first, 1917, or thereafter, as to all new members admitted, be subject, so far as stated rates of contributions are concerned, to the provisions of section 5069, applicable in the organization of new societies; provided, that the net mortuary or beneficial contributions and funds of such new members shall be kept separate and apart from the other funds of the society. If such required improvement is not shown by the succeeding triennial valuation then the said new members may be placed in a separate class, and their certificates valued as an independent society in respect of contributions and funds. [1913, ch. 191, § 23a.]

§ 5082. Alternative provisions. In lieu of the requirements of sections 5080 and 5081 any society accepting in its laws the provisions of this section may value its certificates on a basis herein designated "accumulation basis" by crediting each member with the net amount contributed for each year with

interest at approximately the net rate earned and by charging him with his share of the losses for each year, herein designated "cost of insurance," and carrying the balance, if any, to his credit. The charge for the cost of insurance may be according to the actual experience of the society applied to a table of mortality recognized by the law of this state, and shall take into consideration the amount at risk during each year, which shall be the amount payable at death less the credit to the member. Except as specifically provided in its articles or laws or contracts no charge shall be carried forward from the first valuation hereunder against any member for any past share of losses exceeding the contributions and credit. If, after the first valuation, any member's share of losses for any year exceeds his credit including the contribution for the year the contribution shall be increased to cover his share of the losses. Any such excess share of losses chargeable to any member may be paid out of a fund or contributions especially created or required for such purpose.

Any member may transfer to any place adopted by the society with net rates on which tabular reserves are maintained and on such transfer shall be entitled to make such application of his credit as provided in the laws of the society.

Certificate issued, rerated or readjusted on a basis providing for adequate rate with adequate reserves to mature such certificates upon assumption for mortality and interest recognized by the law of this state shall be valued on such basis, herein designated the "tabular basis;" provided, that if on the first valuation under this section a deficiency in reserve shall be shown for any such certificate the same shall be valued on the accumulation basis.

Whenever in any society having members upon the tabular basis and upon the accumulation basis the total of all costs of insurance provided for any year shall be insufficient to meet the actual death and disability losses for the year the deficiency shall be met for the year from the available funds after setting aside all credits in the reserve; or from increased contributions, or by an increase in the number of assessments applied to the society as a whole, or to classes of members as may be specified in its laws. Savings from a lower amount of death losses may be returned in like manner as may be specified in its laws.

If the laws of the society so provide the assets representing the reserves of any separate class of members may be carried separately for such class as if an independent society, and the required reserve accumulation of such class so set apart shall not thereafter be mingled with the assets of other classes of the society.

A table showing the credits to individual members for each age and year of entry and showing opposite each credit the tabular reserve required on the whole life or other plan of insurance specified in the contract, according to assumptions for mortality and interest recognized by the law of this state and adopted by the society, shall be filed by the society with each annual report, and also be furnished to each member before July first of each year.

In lieu of the aforesaid statement there may be furnished to each member within the same time a statement giving the credit for such member, and giving the tabular reserve and level rate required for a transfer carrying out the plan of insurance specified in the contract. No table or statement need be made or furnished where the reserves are maintained on the tabular basis.

For this purpose individual bookkeeping accounts for each member shall not be required, and all calculations may be made by actuarial methods.

Nothing herein contained shall prevent the maintenance of such surplus over and above the credits on the accumulation basis and the reserves on the tabular basis pursuant to its law; nor be construed as giving to the individual member any right or claim to any such reserve or credit other than in manner as expressed in the contract and its law; nor as making any such reserve

or credits a liability in determining the legal solvency of the society. [1913, ch. 191, § 23b.]

§ 5083. Examination of domestic societies. The commissioner of insurance, or any person he may appoint, shall have the power of visitation and examination into the affairs of any domestic society. He may employ assistants for the purpose of such examination, and, he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the society, and may summon and qualify as witness under oath and examine its officers, agents and employes, or other persons in relation to the affairs, transactions and condition of the society. The expense of such examination shall be paid by the society examined upon statement furnished by the commissioner of insurance, and the examination shall be made at least once in three years.

Whenever, after examination, the commissioner of insurance is satisfied that any domestic society has failed to comply with any provisions of this article, or is exceeding its powers, or is not carrying out its contracts in good faith, or is transacting business fraudulently; or whenever any domestic society, after the existence of one year or more, shall have a membership of less than 400 (or shall determine to discontinue business) the commissioner of insurance may present the facts relating thereto to the attorney-general, who shall, if he deem the circumstances warrant, commence an action in quo warranto in a court of competent jurisdiction, and such court shall thereupon notify the officers of such society of a hearing, and if it shall then appear that such society should be closed, said society shall be enjoined from carrying on any further business and some person shall be appointed receiver of such society, and shall proceed at once to take possession of the books, papers, moneys and other assets of the society, and shall forthwith, under the direction of the court, proceed to close the affairs of the society and to distribute its funds to those entitled thereto.

No such proceedings shall be commenced by the attorney-general against any such society until after notice has been duly served on the chief executive officers of the society and a reasonable opportunity given to it on a date to be named in said notice to show cause why such proceedings should not be commenced. [1913, ch. 191, § 24.]

§ 5084. Application for receiver, etc. No application for injunction against or proceedings for the dissolution of or the appointment of a receiver for any such domestic society or branch thereof shall be entertained by any court in this state unless the same is made by the attorney-general. [1913, ch. 191, § 25.]

§ 5085. Examination of foreign societies. The commissioner of insurance, or any person whom he may appoint, may examine any foreign society transacting or applying for admission to transact business in this state. The said commissioner may employ assistants, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the society and may summon and qualify as witness under oath and examine its officers, agents and employes and other persons in relation to the affairs, transactions and conditions of the society. He may, in his discretion, accept in lieu of such examination the examination of the insurance department of the state, territory, district, province or country where such society is organized. The actual expenses of examiners making any such examination shall be paid by the society upon statement furnished by the commissioner of insurance.

If any such society, or its officers, refuse to submit to such examination, or to comply with the provisions of the section relative thereto, the authority of such society to write new business in this state shall be suspended or license refused until satisfactory evidence is furnished the commissioner relating to the condition and affairs of the society, and during such sus-

pension the society shall not write new business in this state. [1913, ch. 191, § 26.]

§ 5086. No adverse publications. Pending, during or after an examination or investigation of any such society, either domestic or foreign, the commissioner of insurance shall make public no financial statement, report or finding, nor shall he permit to become public any financial statement, report or finding affecting the status, standing or rights of any such society until a copy thereof shall have been served upon such society at its home office, nor until such society shall have been afforded a reasonable opportunity to answer any such financial statement, report or finding, and to make such showing in connection therewith as it may desire. [1913, ch. 191, § 27.]

§ 5087. Revocation of license. When the commissioner of insurance, on investigation, is satisfied that any foreign society transacting business under this article has exceeded its powers, or has failed to comply with any provisions of this article, or is conducting business fraudulently, or is not carrying out its contracts in good faith, he shall notify the society of his findings, and state in writing the grounds of his dissatisfaction, and after reasonable notice require said society, on a date named, to show cause why its license should not be revoked. If on the date named in said notice such objections have not been removed to the satisfaction of the said commissioner of insurance, or the society does not present good and sufficient reasons why its authority to transact business in this state should not at that time be revoked, he may revoke the authority of the society to continue business in this state. All decisions and findings of the commissioner made under the provisions of this section may be reviewed by the proper proceedings in any court of competent jurisdiction, as provided in section 5073. [1913, ch. 191, § 28.]

§ 5088. Exemption of certain societies. Nothing contained in this article shall be construed to affect or apply to grand or subordinate lodges of Masons, Odd Fellows or Knights of Pythias (exclusive of the Insurance Department of the Supreme Lodge Knights of Pythias), and the Junior Order of the United American Mechanics (exclusive of the Beneficiary Degree of Insurance branch of the National Council Junior Order United American Mechanics), or societies which limit their membership to any one hazardous occupation, nor to similar societies which do not issue insurance certificates, nor to an association of local lodges of a society now doing business in this state, which provides death benefits not exceeding five hundred dollars to any one person or disability benefits not exceeding three hundred dollars in any one year to any one person, or both, nor to any contracts of reinsurance business on such plan in this state, nor to domestic societies which limit their membership to the employes of a particular city or town, designated firm, business house or corporation, nor to domestic lodges, orders or associations of a purely religious, charitable and benevolent description, which do not provide for a death benefit of more than one hundred dollars, or for disability benefits of more than one hundred and fifty dollars to any one person in any one year. The commissioner of insurance may require from any such society such information as will enable him to determine whether such society is exempt from the provisions of this article.

Any fraternal benefit society, heretofore organized and incorporated and operating within the definition set forth in sections 5059, 5060 and 5061 of this article, providing for benefits in case of death or disability resulting solely from accidents, but which does not obligate itself to pay death or sick benefits, may be licensed under the provisions of this article, and shall have all the privileges and shall be subject to all the provisions and regulations of this act, except that the provisions of this article requiring medical examinations, valuations of benefit certificates, and that the certificate shall

specify the amount of benefits, shall not apply to such society. [1913, ch. 191, § 29.]

§ 5089. Taxation. Every fraternal benefit society organized or licensed under this article is hereby declared to be a charitable and benevolent institution, and all of its funds shall be exempt from all and every state, county, district, municipal and school tax, other than taxes on real estate and office equipment. [1913, ch. 191, § 30.]

Any person who shall solicit membership for, or in any manner assist in procuring membership in any fraternal benefit society not licensed to do business in this state, or who shall solicit membership for, or in any manner assist in procuring membership in any such society not authorized, as herein provided, to do business, as herein defined in this state, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty or more than two hundred dollars.

Any society, or any officer, agent or employe thereof neglecting or refusing to comply with, or violating any of the provisions of this article, the penalty for which neglect, refusal or violation is not specified in this section, shall be fined not exceeding two hundred dollars upon conviction thereof. [1913, ch. 191, § 31.]

The register of deeds in whose office the plats aforesaid are recorded shall write in plain, legible letters across the plat or that part of a plat so vacated the word "vacated," and shall make a reference on the same to the volume and page in which such instrument of vacation is recorded. [1907, ch. 44; R. C. 1905, § 4587; Civ. C. 1877, § 554; R. C. 1899, § 3192.]

[R. C. 1905, § 4589; Civ. C. 1877, § 556; R. C. 1899, § 3194.]

all the privileges the purchase of a corporation lot confers. [R. C. 1905, § 4591; Civ. C. 1877, § 558; R. C. 1899, § 3196.]

§ 5097. **Only lot owners entitled to vote.** At each subsequent election of officers of any such corporation held after the first annual election the owner or owners of a lot in the cemetery, and none other, shall be entitled to one vote at such election or for any other purpose and no more than one vote; and shall by virtue of such proprietorship be a member of the corporation and eligible to any of its offices; but if there is more than one proprietor of any such lot then such one of the proprietors as the majority of them shall designate may cast the one vote as aforesaid; and each trustee or director shall be the sole proprietor of a lot in such cemetery. ARTICLE 8.—HOMES FOR ORPHANS.

§ 5100. **Rules and regulations.** Whenever not less than twenty reputable citizens of the state of North Dakota have or shall associate themselves into a corporation under the laws of this state, for the purpose of securing homes for orphans or for homeless, abandoned and neglected or grossly ill-treated children, by adoption or otherwise, into private families, have or shall file with the secretary of state their articles of incorporation, together with a certificate signed by the governor and three or more members of the supreme court of the state of North Dakota, of their confidence in the trustworthiness of said corporation for said purposes, said corporation shall have power to receive such children for the purposes above expressed, in the manner herein specified; provided, that at the end of ten years said power shall cease, unless a new certificate as provided above, signed by at least three members of the supreme court of North Dakota, shall be filed as above, and such certificates shall be filed every ten years during the continuance of such society. Such society shall have a main office and adopt rules for the transaction of business, which shall be published, and its financial records shall be open to the inspection of the public. [R. C. 1905, § 4595; 1897, ch. 87, § 1; R. C. 1899, § 3199a.]

§ 5101. **Powers of society.** Such society shall have the power to receive into its hands and under its control, and may become the legal guardian of any child under fourteen years of age without his consent, and over fourteen years and under eighteen years with his consent, of the state, who is grossly ill-treated by any person or persons exercising control over it, or who shall have been abandoned or is without a home, or is surrounded by bad or immoral influences, or whose living parent or parents, by written authority, shall assign the custody of the same to such society; and such society is hereby authorized and empowered to consent through its duly authorized agent in the courts of this state, in place of, instead of, and whenever it is

by law permitted to the parent or guardian of a minor child, to consent to the adoption of such child in the court, under the laws and in the manner provided for the adoption of children, and such agent of said society shall have power to administer oaths of and acknowledge affidavits in all matters pertaining to the business of such society. Such society shall have the power and authority to enter into contracts with the persons taking the children, but not legally adopting them, as soon as possible after the period of ninety days' trial upon which the child may have been taken has elapsed; and this contract shall provide for the proper care of the child until the age of eighteen years in the case of a girl and twenty-one years in the case of a boy, and shall specify the amount to be paid to the ward at the expiration of the period of the contract; provided, that in no case shall such contract contain any provision of a sectarian or political nature regarding the care, custody or education of such children. [R. C. 1905, § 4596; 1897, ch. 87, § 2; 1899, ch. 98, § 2; R. C. 1899, § 3199b.]

§ 5102. Compensation. The said society shall not in any case charge or receive from the person or persons adopting any child through said society, any compensation for the same, except the expense of taking the child to the home where the child is placed, and persons so taking a child shall not be authorized to require of the society compensation for the care, clothing or medical attendance of such child, if it is returned to the keeping of said society. [R. C. 1905, § 4597; 1897, ch. 87, § 3; R. C. 1899, § 3199c.]

§ 5103. Society shall report condition. It shall be the duty of such society to keep a careful supervision of all children so placed by them and require of all families who have taken, except those who have legally adopted them, a full report of the condition and welfare of the child, not less frequently than once a year. The authorized agents of the society shall have the right to visit such families and personally investigate the condition and welfare of the children as occasion may require; and if such agents shall become satisfied upon due investigation that the influence of the home is vicious or harmful to the child, or that the treatment is unduly severe or seriously lacking in wise and considerate care, then the superintendent of the society shall have authority to require the return of the child to the care of the society at its main office at the expense of the family having it. [R. C. 1905, § 4598; 1897, ch. 87, § 4; R. C. 1899, § 3199d.]

§ 5104. In cases of complaints. Whenever a complaint or a petition in writing of two of the commissioners of a county, or two of the town supervisors of any town, or two aldermen of any city, or two officers of any incorporated village or town, shall be made to the county judge, stating that any minor child or children under fourteen years of age, residing in such county, are in their opinion dependent upon the public for support or have been abandoned or neglected, or are in a state of vagrancy or mendicancy, or are in a state of want or suffering, or are in peril of life, health or morality, by cruel or bad treatment, or by the habitual intemperance or grave misconduct of parents or guardians, it shall thereupon be the duty of such county judge to investigate the facts in such case and ascertain whether such child or children are dependent, neglected, abandoned or ill-treated, the residence and so far as possible the whereabouts of the parents, whether the condition and treatment of said children and general surroundings are such as to imperil the life, health or morality in consequence of their surroundings, or of the grave misconduct or habitual intemperance of their parents or guardian, and if said county judge shall so find he shall enter such finding in his office, certifying and directing that such child or children shall be and are turned over to the care and custody of said society for the purpose of adoption into private families or otherwise as to said society seems best, and shall order that it be taken in charge of at once or as soon as it can be conveniently done by said society, and shall deliver to said society a certified copy of such order,

which order shall contain besides such finding a statement of the facts as far as ascertained as to the age of the child, name, nationality, residence and occupation of the parents or either of them. Upon entering such order the parents of said child shall be released from all parental duties towards, and responsibility for such child, and shall thereafter have no rights over or to the custody, services or earnings of such child. In case any parent or other person having the custody of such child, shall refuse to surrender said child to said society or its agent, said county judge is hereby authorized and empowered to direct the sheriff of the county to take possession of said child; and if so directed, it shall be the duty of the said sheriff to deliver said child to said society or its agent. The said county judge is hereby authorized to compel the attendance of witnesses on such examination, and it shall be the duty of the county attorney, when requested by the county judge, to attend any examination on behalf of the petitioners. Any friend of said child may appear in its behalf in said county court, and the said county judge may in his discretion request any county commissioner, town supervisor, alderman or other officer of the town or city, where such examination is held or where said child resides, to appear in behalf of the child, and the records of such proceedings shall show who, if any one, appeared in behalf of the petitioner or of the child on such examination. [R. C. 1905, § 4599; 1897, ch. 87, § 5; 1899, ch. 98, § 5; R. C. 1899, § 3199e.]

Court in proceedings hereunder has no authority to call jury, and continuance to allow jury trial is without legal authority. *State ex rel. Kronchnabel v. Taylor*, 30 S. D. 304, 138 N. W. 372.

§ 5105. Citations issued in certain cases. Whenever a petition such as is provided for in section 5104, shall be presented, signed by the parties as above provided, if it shall appear that one or both parents of the child reside in said county, the county judge shall issue a citation or notice, fixing the time and place for the hearing of said petition, which shall be served on one or both of said parents, if either can be found in the county, not less than two days before the time fixed for the hearing of said petition, requiring them to appear, if they so desire, on said day and hour, and show cause, if any, why such child should not be taken from them and delivered to the care and custody of said society for the purposes of adoption into a private family or otherwise as said society shall determine; provided, such citation or notice shall not be necessary if such parent or parents shall join in such petition. It shall be the duty of the county judge, in case such citation or notice has not been served upon said parents, before proceeding to hear and determine the petition, to require a certificate of the sheriff of the county that he has made diligent search to find and serve the same on one or both of the parents, but has been unable to find either of them; but, in case of such inability to give such notice, the proceedings shall be heard the same as though such notice had been given and such citation duly served. It is also herein expressly enacted that no provision of this article shall be construed as giving any claim to any society organized under it to an appropriation from the treasury of the state. [R. C. 1905, § 4600; 1899, ch. 87, §§ 6, 7; R. C. 1899, § 3199f.]

§ 5106. Unlawful to solicit for orphan's homes without a license. License, how obtained. Exceptions. It shall be unlawful for any person to solicit contributions for an orphan asylum, children's home, rescue home, hospital or such like charitable organization, organized or established in any other state, without having first obtained a license from the state examiner, until such time as a state board of charities shall have been established, when said license shall be issued by the secretary of such board of charities, as in this

section provided. When any person desires to solicit aid for any charitable organization, as described in this section, they shall first file a statement with the state examiner, until there shall be a state board of charities established, duly verified under oath, giving a detailed history of the work and needs of the organization they represent. It shall then be the duty of the state examiner, or of the board of public charities when established, to investigate the case, and if satisfied that the cause is trustworthy, a permit shall be issued to such applicant, giving him or her the right to solicit within the state of North Dakota. Such permit shall be good for one year only and may be renewed from year to year, but shall be subject to revocation at any time for just cause. Any person receiving such a permit must at all times, when soliciting, produce the same if called upon to do so, and a refusal shall be deemed *prima facie* evidence that the solicitor is violating the provisions of this section. This section shall not apply to sisters of charity, salvation army, deaconesses, who wear a distinct garb, nor to taking up collections in churches for organizations distinctly denominational in character and management. Any person violating the provisions of this section shall be deemed guilty of a misdemeanor and shall be subject to punishment as provided in section 9205. [R. C. 1905, § 4601; 1903, ch. 39.]

§ 5107. Foreign societies must give bond. Before any association or society, incorporated in any other state, for the purpose of caring for orphans or dependent children, shall bring or send any child or children into the state of North Dakota for the purpose of being placed in a family home, by adoption or otherwise, they shall first file a bond in favor of the state of North Dakota, in the penal sum of five hundred dollars, with the treasurer of the county, where such child or children may be placed, conditioned that such child has no contagious or incurable disease, or has no deformity, or is not of feeble mind, or of vicious character, and that association or society will promptly receive and remove from the state of North Dakota such child if it shall become a public charge within the period of five years after being brought into the state; provided that this article shall not be construed so as to prohibit any person residing in the state of North Dakota from receiving and adopting into his family any child or children of relatives from another state; and provided, further, that this act [section] shall not be so construed as to prevent the free interchange of dependent children without bond, between such associations or societies organized under the laws of other states and associations or societies organized under the laws of North Dakota for the purpose of caring for dependent children by placing them in family homes by adoption or otherwise; and such associations or societies organized for such purposes within the state of North Dakota may become the legal guardians of such dependent children assigned or released to them by similar legally authorized associations or societies in other states. (1) There is hereby created a department of banking which shall have charge of the execution of all laws relating to state banks, savings banks, trust companies, building and loan associations, mutual investment corporations, mutual savings corporations and other financial corporations heretofore or hereafter organized or doing business under the laws of the state of North Dakota, and engaged wholly or in part in the receiving of deposits or the selling of their certificates of indebtedness or other obligations to the public. Such department shall be designated as the "department of banking," and it shall be under the management and control of the state banking board and a chief officer to be known as the state examiner.

(2) The state banking board shall consist of the governor, the secretary of state and the attorney-general; and ex-officio the president and secretary of the corporation known as the North Dakota bankers' association, so long as said corporation shall maintain its corporate capacity. None of the members of said board shall receive any compensation for their services other than that now provided by law and the two members last named shall be entitled to attend all meetings of said board and to participate in its deliberations but shall not vote in the deciding of questions coming before it. The governor shall be the chairman of said board and the attorney-general shall be ex-officio the attorney for the board, and the state examiner shall be its secretary. A majority of the first three members shall constitute a quorum. Said board shall hold regular meetings on the first Wednesdays of January, April, July and October of each year, at the office of the department in the state capitol at Bismarck, and special meetings at the call of the governor.

(3) The said board shall have, and there is hereby vested in it, the power

to make such rules and regulations for the government of such corporations, as in its judgment may seem wise and expedient, which rules shall not conflict with any laws of the state of North Dakota or of the United States. It shall be the duty of said board at each regular meeting and at any special meeting called for that purpose, to examine all reports made by said corporations relating to their condition, and all reports of regular and special examinations made by the state examiner and deputy examiners from his department and filed with said board during the preceding quarter or such period as shall have elapsed since the last meeting of said board, and to approve or disapprove the same, and to make and enforce such orders as, in its judgment, may be necessary or proper to protect the public and particularly the depositors or creditors of said institutions. Said board and the state examiner and deputy examiners shall have the power to subpoena witnesses, administer oaths, and generally to do and perform any and all acts and things necessary to the complete performance of the duties herein imposed, and to enforce all of the provisions of this article, and for the purpose of enabling them to perform all the duties imposed upon them, the provisions of section 8200 shall be held as applicable to their proceedings. Any and all orders made by said board shall be immediately operative and remain in full force until modified, amended or annulled by such board, or by a court of competent jurisdiction, in an action to be commenced by the party against whom such order may have been issued. Said board shall keep a full and complete record of all its proceedings and of all orders made by it, and the records of the state banking board, and of the state examiner, and of any and all reports made by or filed with the board or the state examiner shall, under proper restrictions, during regular business hours, be open to inspection and examination by stockholders, depositors, creditors and sureties on any bonds of any of the said corporations or on the bonds of any officer or employe thereof. The said board is hereby vested with the power and authority to appoint by its own order, receivers for insolvent corporations as defined in this article, and such receivers shall have the same power and authority, and their acts the same validity as if appointed under and by the direction of a district court, but nothing herein contained shall be construed so as to take away from the courts the power to appoint receivers of such institutions at any stage of the proceedings and thus terminate the receivership ordered by the board.

(4) The state examiner shall, under the direction and subject to the orders of the state banking board, exercise a constant supervision, either personal or through the deputy examiners hereinafter provided for, over the business and affairs of all the financial corporations placed by this act within the jurisdiction of the state banking board and shall, personally or through the deputy examiners herein provided for, visit at least twice each year, all of said corporations, inspecting and verifying the assets and liabilities of each, and so far investigate the character and value of the assets of each such corporation as to ascertain with reasonable certainty that the values are correctly carried on its books. He shall further investigate the methods of operation and conduct of said corporations and their systems of accounting, to ascertain whether such methods are in accordance with the law and sound banking usage and principles, and report the findings, conclusions and recommendations upon such examinations to the banking board and put into force and effect such orders and directions as it may make in reference thereto.

(5) The state examiner shall be ex-officio secretary of the state banking board, and he shall keep all proper records and files pertaining to the duties and work of his office and the proceedings of the board and shall report to the board annually, touching on all his official acts and those of his deputy examiners, giving abstracts of statistics and of the conditions of the various

institutions to which his duties relate, and making such recommendations and suggestions as he may deem proper, which report shall be printed and bound in a satisfactory and substantial manner and distributed among all of the state banks and other corporations within his jurisdiction. The state banking board shall make biennial reports the same as other state officers and boards, in which there shall be included with a full report of its proceedings, a summary or abstract of the reports of the state examiner.

(6) The state examiner may, subject to the approval of the state banking board, appoint and at pleasure remove, not more than ten (10) deputy examiners and one stenographer and such other employes as may in the judgment of the state banking board, be necessary for the proper discharge of the business of his department. Each deputy examiner shall give bond to the state in the sum of ten thousand dollars to be approved and filed in the same manner as the bond of the state examiner. The state examiner shall select and designate one of said deputy examiners to be the office deputy and to act during the absence or disability of the state examiner, and in such cases the deputy examiner so authorized shall have charge of the office and administer its affairs. Six of the said deputy examiners so appointed shall have had at least three years' active experience in bank work within this state and shall furnish such evidence of qualification as expert accountants and general fitness for the duties as may be demanded by the banking board.

(7) For the purpose of the better administration of his department the state examiner shall, immediately after the taking effect of this act, proceed to divide the state into six districts which shall have as nearly as may be, banks and other financial institutions of an equal number, and arranged with reference to convenience and economy in travel and shall at once designate the district in which each of his six deputy examiners shall make examinations, and such deputy examiners shall confine their work, as near as may be, to the examination of corporations located within their respective districts, except that any such deputy examiners may be temporarily transferred to other districts, or more than one deputy examiner may be assigned temporarily to any district when the proper performance of the work therein would indicate the necessity for so doing. No deputy examiner shall have any interest directly or indirectly in any corporation within the jurisdiction of the banking department, nor in any corporation engaged wholly or in part in the writing or issuing of bonds of or for any such corporation or of the officers or employes of any such corporations.

(8) Each deputy examiner herein provided for shall be under the direct orders and instructions of the state examiner and shall make report to him in such form as he or the banking board may prescribe during or immediately after the completion of the examination of each financial institution examined by him, with such recommendations and suggestions as he may deem advisable.

(9) The salary of each deputy examiner shall be two thousand dollars per annum and in addition thereto he shall be paid his actual and necessary travelling expenses when engaged in the discharge of his duties; the salary of the stenographer shall be twelve hundred dollars per annum and the salaries of other clerks or assistants herein provided for, shall be fixed by the state banking board. Any association formed under this chapter may, by vote of its shareholders owning two-thirds of its stock, reduce its capital to any sum, not below the amount required by this chapter to authorize the formation of the association, but no such reduction shall be made until the amount of the proposed reduction is reported to the state banking board and their approval thereof obtained in writing, and no such reduction shall be construed as affecting the liability of shareholders for any debts of the association incurred prior to such reduction, and every such reduction before the same shall become valid must be certified to in the same manner as an increase of capital stock. The application must be signed by a majority of the board of directors, or other officers having the management of the affairs of the association, and must be verified in the same manner as a complaint in a civil action. A certified copy of the application shall be filed with the state examiner, or such state officer as is

Before the final hearing and determination of the application, the state examiner shall make a thorough examination of the affairs of such association, and file a certified statement of such examination with the clerk of court of the county where such application is made, which statement shall be a part of the papers in the case. After the time of publication has expired the court may, upon five days' notice to the persons who have filed objections or without further notice if no objections have been filed, proceed to hear and determine the application, and if all the statements therein made are shown to be true, the court must declare the association dissolved. No stockholder or officer of such association shall be allowed to withdraw from such association, or surrender or dispose of his shares of stock after the filing or making of such application for dissolution and prior to the final determination of the case. Upon the dissolution of such association by the district court, the clerk of said court shall forthwith notify the secretary of state of such dissolution, by sending a copy of the order of the court, and said order and notice shall be filed by the secretary of state with the original certificate of organization. The application, notices and proof of publication, objections, if any, and declaration of dissolution, constitute the judgment roll, and from the judgment an appeal may be taken in the same manner as in other actions. § 5186. Impairment of capital. If any portion of the capital of any banking association is reduced without the approval of the state banking board or impaired for any purpose whatever, while any debts of the association

remain unsatisfied, no dividend or profit on the shares of the capital stock of the association shall thereafter be made until the deficit of the capital is made good, either by subscription of the stockholders or out of the subsequently accruing profits of the association. And, if at any time, it shall appear that the capital stock of any banking association has become impaired, the state banking board must immediately issue and enforce the necessary order restraining the declaring of dividends and requiring the deficit to be made good. [R. C. 1905, § 4671; 1905, ch. 165, § 37.]

See section 5204.

§ 5187. Assets not to be used in other business. [R. C. 1905, § 4672; 1905, ch. 165, § 38.]

See section 5204.

§ 5188. Banks exempt from attachment and execution. Every banking association in this state shall be exempt from the legal process of attachment and execution. But if any bank fails, neglects or refuses to pay any valid final judgment or decree that may be rendered against it by any court of competent jurisdiction, not properly stayed by an appeal bond within the time prescribed by statute or order of court after rendition thereof, the state banking board shall declare such bank insolvent or in failing circumstances and shall forthwith cause a receiver to be appointed to wind up its affairs. [R. C. 1905, § 4673; 1905, ch. 165, § 39.]

See section 5204.

§ 5189. Insolvent, when. A bank shall be deemed insolvent:

1. When the actual cash market value of its assets is insufficient to pay its liabilities.
2. When it is unable to meet the demands of its creditors in the usual and customary manner.
3. When it shall fail to make good its reserve as required by law.
4. When it shall fail to comply with any lawful order of the state banking board within any time specified therein. [R. C. 1905, § 4674; 1905, ch. 165, § 40.]

See section 5204.

§ 5190. Secretary to keep bank record. It shall be the duty of the secretary of the state banking board to keep a "bank record" wherein shall be recorded the name and location of each bank in the state, its capitalization and changes thereof, its officers, and its reserve agents, and changes of the same, and in docket form such other proceedings as may have been had relative to the same, by the state banking board, and by the state examiner. This chapter repeals all laws repugnant to and inconsistent herewith; provided, that this article shall not affect any offense committed or right accruing prior to July first, 1905, but all such offenses or rights of action shall remain and be prosecuted under the law existing at the time such offense was committed or such right of action accrued. [R. C. 1905, § 4676; 1905, ch. 165, § 42.]

CHAPTER 29.

§ 5192. Certain persons not to borrow. Exceptions conditioned. That no officer or employe of any banking association in this state nor the public examiner, his deputies or any employe of such public examiner's department, shall be permitted to borrow any of the funds of the banking association upon his own note or obligation, whether secured or unsecured, without first obtaining the approval of a majority of the board of directors of said banking association or from a committee selected by a majority of the board of directors, the names of the committee so selected from the directors of said banking association to be recorded in the minutes of the association. All loans approved and obtained under authority of this act shall be made a part of the records of said banking association; provided, further, that if the directors of any incorporated banking association shall knowingly permit any of the officers, directors or employes of such banking association, or the public examiner, his deputies or any employe of the state public examiner's department to borrow any funds from such banking association in excess of that authorized by law or in a dishonest manner or in a manner incurring great risk or loss to such banking association, every director who is directly or indirectly responsible by his acts for any loss to such banking association shall be held liable in his personal and individual capacity for all damage which the corporation or any other person shall have sustained in consequence thereof. [1911, ch. 53.]

CHAPTER 30.

SAVINGS BANKS.

§ 5193. Organization. Any number of persons, not less than five, at least three of whom must be residents of this state, may associate themselves together for the purpose of organizing and operating a savings bank, by complying with the provisions of sections 4636, 4637 and 4638 of the Revised Codes and thereupon shall be vested with the powers provided for in sections 4639 and 4640 of the Revised Codes, subject to such limitations as are in this article provided. [1911, ch. 56, § 1.]

"Sections 4636, 4637 and 4638 of the Revised Codes" mentioned in this section are, respectively, sections 5147, 5148 and 5149 herein. Section 4639 as amended is section 5150 herein. Section 4640 was expressly repealed in Laws 1911, ch. 54, § 5 and again in Laws 1913, ch. 52, § 5, and sections 5151, 5152 herein are manifest substitutes for the repealed section.

§ 5194. Capital stock. The capital of every such savings bank shall be divided into shares of the par value of one hundred dollars (\$100) each, and shall not be less than twenty-five thousand dollars (\$25,000) in cities, towns or villages having a population of less than five thousand, nor less than fifty thousand dollars (\$50,000) in cities having a population of five thousand or more, and the capital stock of every association incorporated hereunder, shall be paid up in full before such corporation shall be authorized to commence business. [1911, ch. 56, § 2.]

§ 5195. Management. Officers. Meetings. The business and property of savings banks incorporated hereunder shall be managed by a board of directors, not less than five, nor more than nine, the majority of whom shall be residents of this state, all of whom shall be share-holders, and no person shall be eligible as director of any savings bank, nor can he qualify to serve as such unless he owns in his own right not less than ten (10) shares of the

capital stock in such bank. Each director before acting as such, shall take an oath that he will diligently, faithfully and impartially perform the duties imposed upon him by law, that he will not violate or willingly permit to be violated any of its provisions; that he is the owner in his own right of ten (10) shares of the capital stock of such savings bank, and that the same is not hypothecated as security to any loan or debt, which oath shall be filed with and preserved in the office of the public examiner. The directors at their first meeting and as often thereafter as the by-laws require, shall elect from their number a president, whose term shall be indeterminate but at the pleasure of a majority of the board of directors, and one or more vice-presidents, a treasurer, and a secretary of the board of directors for the ensuing year, and shall have authority to appoint a cashier and assistants to other officers and employes as may be required, and which appointees shall hold their office during the pleasure of the board of directors, and shall give such security for the faithful performance of their duties as may be required of them by the by-laws. [1911, ch. 56, § 3.]

§ 5196. **Deposits.** Savings banks organized hereunder may receive on deposit money equal to twenty times the aggregate amount of its paid up capital and surplus, and no greater amount of deposits shall be received without a corresponding increase in the aggregate paid up capital and surplus. Deposits so received shall be paid to the order of such depositor or his representative, with such interest and under such regulations as the board of directors from time to time prescribe, not inconsistent with the provisions of this chapter, which rules and regulations shall be printed in a pass book furnished the depositor, and also conspicuously exposed in the business office of the bank in some place accessible and visible to all and no alterations which may at any time be made in such rules and regulations affecting the rights of depositors acquired previously thereto in respect to the deposits or interest thereon shall be operative until sixty days after the posting of such alteration; provided, however, that in order to prevent loss to the depositor, by enforced sale of securities before their real value, it shall be lawful for the directors in their discretion, to require notice of one week before the withdrawal of any part of any savings deposits of more than ten dollars (\$10) and not exceeding one hundred dollars (\$100); of two weeks before the withdrawal of any part of any deposit of more than one hundred dollars (\$100) and not exceeding five hundred dollars (\$500); of three weeks before the withdrawal of any part of any deposit of more than five hundred dollars (\$500) and not exceeding one thousand dollars (\$1,000); of thirty days before the withdrawal of any part of any deposit of more than one thousand dollars (\$1,000) and not exceeding two thousand dollars (\$2,000); of sixty days before the withdrawal of any part of any deposit of more than two thousand dollars (\$2,000) and not exceeding three thousand dollars (\$3,000), and in case where the deposit has been made on certificate for a definite time and the depositor fails to withdraw the same within thirty days after such definite time, then notice for withdrawal may be required as prescribed above; and provided, further, that the directors of such savings bank may, and by the written consent of, and shall, at the direction of the state banking board, make any changes deemed necessary in regard to the notices heretofore required to be given by the depositor for the withdrawal of their deposits, by extending the time that notice shall be given by any depositor for the withdrawal of all deposits, to any period of time not exceeding six months; and provided, further, that the directors may limit the aggregate amount that any depositor may deposit to such sum as they deem it expedient to receive, and may in their discretion refuse to receive any deposit, and may also, at any time, return all or any part of any deposit and the accrued interest thereon to any depositor without notice. [1911, ch. 56, § 4.]

§ 5197. Limit of interest. All accounts, upon which no deposits or drafts have been made for the period of six years in succession, and the whereabouts of the depositor be not known to any officer of the savings bank, shall be so far closed that neither the sum deposited nor the interest which shall have accrued thereon shall be entitled to any interest after the expiration of six years from the date of the last deposit or draft. This provision, however, shall not apply to endowments nor to trust estates nor to other cases where special provision is made therefor at the time of the deposit thereof. [1911, ch. 56, § 5.]

§ 5198. Investment of fund. A savings bank incorporated hereunder shall invest its capital, its deposits, its surplus and its profits only as follows:

First. In bonds of the United States.

Second. In bonds or evidences of debt in this state or in the bonds of other states in the union.

Third. In bonds or warrants of any county in this state, or in the bonds or warrants of any city in this state, or any special improvement district therein, or in the bonds or warrants of any village, township, school district or drainage district in this state, issued pursuant to the authority of law, but not exceeding thirty per cent of the assets of such savings bank shall be invested in such bonds or warrants.

Fourth. In notes or bonds secured by mortgage or deed of trust upon unincumbered real estate in this state, which real estate shall be worth, exclusive of all improvements at least twice the amount loaned thereon, but, in addition thereto, there may be loaned thirty per cent of an appraised value of any buildings on said real estate provided fire insurance policies are maintained and deposited as collateral to such mortgage.

Fifth. In the mortgage bonds of any railroad corporation, incorporated under the laws of any of the United States, provided that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment:

1. Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness.

2. Such railroad shall have paid in dividends in cash to its stockholders, an amount of at least four per cent per annum upon all its outstanding stock of every class.

Sixth. To the extent of sixty per cent of the total demand deposits, in promissory notes due not more than one year from the date of loan, but no such loan shall be made unless the obligation evidencing the same bears the signature or indorsement of at least two persons whose net worth, as shown by sworn statement, is more than ten times the amount of the loan, provided, that where there are pledged securities such as such corporation is by this chapter authorized to invest its funds, there may be loaned an amount not to exceed eighty per cent of the value of such securities, and provided, further, that no such loan shall be made to a person in excess of five per cent of the total demand deposits, and in no event more than fifteen per cent of the capital stock and surplus. [1911, ch. 56, § 6.]

§ 5199. Dividends. No dividend shall be declared or paid to any stockholder save out of the undivided profits on hand after paying or setting apart a sum sufficient for the payment of:

First. All expense for operating the bank.

Second. All interest due and accrued to depositors according to the rate fixed therefor in the by-laws.

Third. The taxes for the current year.

Fourth. Ten per cent of the net profits to the surplus fund until such fund amounts to thirty per cent of the paid-in capital stock. [1911, ch. 56, § 7.]

§ 5200. Deposits by executors, minors, etc. Deposits made by a person as executor, administrator or guardian, or in any other official position, shall be

payable to him as such official, or if personally made by a minor, shall be paid to him, although he have no guardian, or if he has a guardian, it shall not be necessary to obtain his consent to such payment, but a check, receipt of acquittance, signed by such minor therefor shall be valid and binding. If made by any corporation, association or society, payment shall be made to any person authorized by its board of directors or trustees to receive the same. [1911. ch. 56, § 8.]

§ 5201. Reserve. Each savings bank shall at all times have on hand in available funds an amount which shall equal: (1) Twenty per cent of its total deposits subject to check, or on demand, (2) eight per cent of its total deposits on time certificate, and (3) five per cent of its total savings deposits subject to notice as herein authorized, three-fifths of these amounts may consist of balances due the savings bank from such solvent state or national banks or trust companies as shall have been approved by the state banking board, but the remaining two-fifths of such reserve shall consist of actual cash on hand; cash items shall not be included in computing reserve, and no savings bank shall carry as cash or cash items any paper or other matter except legitimate bank exchange, which shall be cleared on the same or next successive business day. Whenever the available funds within the meaning of this section shall be below the percentage of its deposits stated therein, such savings bank shall not increase its liabilities by taking any new loans or make any dividend of its profits until the required proportion between the aggregate amount of the deposits and its lawful money reserve has been restored, and the said banking board shall notify any bank whose reserve shall be below the amount required, to make good such reserve, and if such savings bank shall fail to do so for a period of thirty days after such notice, the state banking board may impose a penalty of not less than one hundred dollars (\$100) nor more than five hundred dollars (\$500), which penalty shall be collected in the same manner as other penalties described in this chapter. [1911, ch. 56, § 9.]

§ 5202. Savings deposits, who may take. Penalty. Every corporation organized under the provisions of this chapter shall use the words "savings bank" as a part of its corporate name, and it shall not be the same name as that of any other bank heretofore or hereafter incorporated in this state, and no corporation not organized under the provisions of this chapter shall use the word "savings" as a part of its title, and no corporation, except national banking corporations, state banks and annuity, safe deposit and trust companies organized under the laws of this state, shall receive savings deposits without first complying with and organizing under the provisions of this chapter. Any person violating the provisions of this section shall be guilty of a misdemeanor. [1911, ch. 56, § 10.]

§ 5203. Loans to directors and officers. No savings bank shall make any loan to any of its directors or officers except on security as required herein, and in addition thereto a resolution of the board of directors passed and spread on the records of the corporation. [1911, ch. 56, § 11.]

§ 5204. Other provisions applicable. Except as herein otherwise provided, the following sections of the civil code [R. C. 1950] are hereby made applicable to savings banks under this article, to wit:

Sections 4635 [am'd, 5146 herein], 4642 [5156 herein], 4643 [5158 herein], 4644 [5159 herein], 4645 [5160 herein], 4646 [5161 herein], 4647 [5162 herein], 4651 [5166 herein], 4652 [5167 herein], 4653 [5168 herein], 4654 [5169 herein], 4656 [5171 herein], 4658 [5173 herein], 4659 [5174 herein], 4660 [5175 herein], 4661 [5176 herein], 4663 [5178 herein], 4664 [am'd, 5179 herein], 4665 [5180 herein], 4666 [5181 herein], 4667 [5182 herein], 4668 [5183 herein], 4669 [5184 herein], 4670 [5185 herein], 4671 [5186 herein], 4672 [5187 herein], 4673 [5188 herein], 4674 [5189 herein] and 4675 [5190 herein]. [1911, ch. 56, § 12.]

CHAPTER 31.

ORGANIZATION AND MANAGEMENT OF ANNUITY, SAFE DEPOSIT AND TRUST COMPANIES.

§ 5205. Formation. Any number of persons, not less than nine, not less than three of whom must be residents of this state, may associate themselves, and become incorporated for the purpose of transacting business as an annuity, safe deposit, surety and trust company, upon complying with the provisions of this chapter, and any company so formed, and its successors, shall be entitled to the rights and privileges, and subject to the duties and obligations herein provided, and shall have perpetual succession. The provisions of chapter 12 of the civil code shall be applied to and be observed by persons organizing under this chapter, except as herein otherwise provided, and except as to provisions thereof inconsistent with the provisions of this chapter. [R. C. 1905, § 4677; 1897, ch. 143, §§ 1, 2; R. C. 1899, § 3258a.]

§ 5206. Capital stock. Minimum amount. Shares. The amount of capital stock of any such corporation hereafter organized shall not be less than one hundred thousand dollars, and the same shall be divided into shares of one hundred dollars each. No such corporation hereafter organized shall be authorized to transact any business or exercise any powers as such until the aforesaid minimum amount of capital stock shall have been subscribed for, and not less than fifty thousand dollars thereof shall have been actually paid in, invested and deposited as hereinafter provided. Said fifty thousand dollars shall be invested in bonds of the United States, or of the state of North Dakota, or in the bonds of other states, which shall have the approval of the state auditor, and state examiner, or in the bonds or obligations of townships, school districts, cities, villages and counties within the state of North Dakota, which bonds or obligations have not been issued as a bonus for, or purchase of, or subscription to any railroad or other private enterprise, and whose total bonded indebtedness does not exceed five per centum of the then assessed valuation thereof; or in bonds or promissory notes, secured by first mortgages or deeds of trust, upon unincumbered real estate, situated within the state of North Dakota, worth three times the amount of the obligation so secured, and the deposit of such corporation shall not be permitted, at any time, to be less than fifty thousand dollars in amount, and not less than one-sixth of its capital stock. [R. C. 1905, § 4678; 1897, ch. 143, §§ 3, 4; R. C. 1899, § 3258b.]

§ 5207. Certificate of deposit. State treasurer's duties. Whenever any such corporation shall have so invested fifty thousand dollars of its paid-in capital, and shall assign, transfer and deliver to the state treasurer the said securities and all evidences of such investment so made, he shall execute and deliver a certificate of such deposit; and thereupon the said corporation may commence and carry on business under the provisions of this chapter. The state treasurer and his successors in office shall hold the said securities so deposited with him as collateral security for the depositors and creditors of said corporation, and for the faithful execution of any trusts which may lawfully be imposed upon or accepted by such corporation; such corporation may from time to time withdraw the said securities from said state treasurer, or any part thereof, upon depositing with him other securities of equal amount and value and of the kinds specified in [section 4668], and until otherwise ordered by a court of competent jurisdiction, the said state treasurer shall pay over to such corporation, the interest dividends which he shall collect upon such securities, and any such corporation having a larger deposit with the state treasurer than fifty thousand dollars shall be allowed at any time to withdraw its deposits in excess of said sum; provided its whole deposit shall

at no time be less than one-sixth of its capital stock. [R. C. 1905, § 4679; 1897, ch. 142, § 5; R. C. 1899, § 3258c; 1903, ch. 202.]

This section is R. C. 1905, § 4679. The reference to "section 4668," here given in brackets merely for the purpose of calling attention to it, is undoubtedly erroneous. The error was committed by compilers in R. C. 1899, § 3258c, repeated by the legislature in the amendment of that section in Laws 1903, ch. 202, and again by compilers in R. C. 1905, § 4679. The original reference in Laws 1897, ch. 142, § 5, was to "section 4 of this act," which constitutes all of section 5206 herein except the first sentence of the latter. The reference in section 5707 should therefore be "section 5206."

Board of railroad commissioners may inquire into general business conduct and reliability of sureties on bonds given by grain elevator operator. *State ex rel. Dakota Trust Co. v. Stutsman*, 24 N. D. 68, 139 N. W. 83.

§ 5208. Directors. Qualifications. Terms of office. All the corporate powers of such corporation shall be exercised by a board of directors of not less than nine nor more than fifteen in number, and such officers and agents as they shall elect or appoint. A majority of such directors must be citizens of the state of North Dakota, and each director must own at least ten shares of the capital stock. The articles of association must state the names and residences of the first board of directors, of whom the first named one-third shall serve for a period of three years, the second one-third for a period of two years and the balance thereof shall serve for a period of one year from the date fixed for the commencement of such corporation. In case any of the persons so named shall not become stockholders to the amount required to qualify, or if they fail or refuse to qualify from any cause, the directors who shall qualify may elect qualified stockholders to fill such vacancies, and thereafter, at each annual meeting of the stockholders, directors shall be elected to serve three years in place of those whose terms shall then expire. [R. C. 1905, § 4680; 1897, ch. 143, § 6; R. C. 1899, § 3258d.]

§ 5209. Election of directors. Officers. Bonds. An annual election shall be held at the principal office or place of business of the company, which must be within this state, upon a day to be fixed by the articles of the association, and notice of which election shall be given by publication at least ten days prior to such date, in a newspaper printed and published at the county seat of the county in which such company has its principal place of business, at which the directors provided for in section 5207 shall be elected, and in case of a failure to elect on that day or on a day to which such annual meeting may be adjourned, the directors whose regular terms do not then expire shall proceed to elect such number of directors as shall have failed of election, and any vacancy in the office of director may be filled by the board until the next annual meeting. The board of directors at their next meeting following the election of directors and after such directors have qualified, shall elect from their own number a president and vice-president and such other officers as may be necessary to the transaction of their business. They shall define the powers, authority and duties of such officers and employes by by-laws or resolutions, fix the conditions, form and amount of their bonds, and approve the same, but no such officer or employe shall enter upon the discharge of his duties until such bond shall have been so approved and shall have been filed with the state examiner, and by him approved. [R. C. 1905, § 4681; 1897, ch. 143, § 7; R. C. 1899, § 3258e.]

§ 5210. Corporate powers. Every corporation organized under the provisions of this chapter, and qualified as provided by section 5207, shall have all the general powers and privileges of corporations generally as heretofore or hereafter provided by the general laws of the state of North Dakota, and in addition thereto, and without being required to further qualify under the laws relating to banking and insurance corporations, except as in this chapter provided, shall have special power and authority:

1. To acquire, lease, purchase, own, hold, use and improve, mortgage, lease, sell and convey such real estate and personal property as may be necessary

for the convenient transaction of its business, and for the use and occupation of its officers, agents and employes, and the safe keeping and investment of its assets, deposits and property held in trust. Any estate or interest in real estate which such corporation shall acquire under and by virtue of the foreclosure of any deed of trust, mortgage, or other security, or by the compromise, compounding or settlement of any obligation or security, or otherwise, in the course of its legitimate business, whether as owner or trustee, it may continue to own, hold, use, occupy, lease, bargain, sell and convey the same as the directors may deem best for the interests of such company, or of the particular estate or trust to which the same belongs; and to that end, it may become a purchaser at any foreclosure sale, or sale under decree or judgment, to which it is a party, as trustee or otherwise. But no part of its capital, accumulations, deposits, trust funds, property or security owned or held by such company, in trust or otherwise, shall be invested in real estate, except as herein authorized, unless the same is done under and by virtue of a particular contract, agreement or instrument, or order, judgment or decree of court, which shall confer a special power or authority so to do, and then only with or to the extent of the moneys or funds thereby provided, and belonging to such particular trust; and for the general transaction of its business, to make and deliver, and in like manner accept and receive all necessary and proper deeds, conveyances, mortgages, leases and other contracts and writings obligatory, and to have and exercise all necessary rights, franchises, muniments, estates, powers and privileges necessary to that end; and such corporation is authorized to loan money and funds and secure such loans by mortgage; and shall have the power to purchase notes, bonds, mortgages and other evidences of indebtedness, and other securities, and to convert the same into cash and into other securities.

2. To take, accept and hold by the order, judgment and decree of any court of record in this state, or of any other state, or of the United States, or by gift, grant, assignment, transfer, devise, legacy or bequest from or with any public or private corporation, or persons whomsoever, any real estate or personal property upon trusts created in accordance with, or which shall not conflict with the laws of this state, or of the United States, and to execute and perform any and all such legal and lawful trusts in regard to the same, upon the terms, conditions, limitations and restrictions, which may be declared, imposed, established by or agreed upon, in or by such order, judgment, decree, gift, grant, assignment, transfer, contract, devise, legacy or bequest. To accept from and execute for, or in behalf of, trusts for minors, and married women, in respect to their separate property, real or personal, and antenuptial settlements, or otherwise, to act for the purposes of transferring, issuing, registering or countersigning the certificates of stocks, bonds, coupons or other evidences of debt of any corporation, association, person, city, town, township, school district, state or other authority, or to receive or to pay out moneys in redemption of the bonds, coupons or other evidences of indebtedness of such public or private corporations or persons.

3. To take, accept and hold on deposit, for savings account or for safe keeping, or in escrow, any and all moneys, bonds, stocks and other securities, or personal property whatsoever, which any state, county, city, town, township or school district officer, or any corporation, public or private, person or persons, shall be authorized, permitted or required by law or otherwise to deposit in a bank or other safe deposit, or to pay into or deposit in any court of record in this state. And when any officer, corporation, public or private, or any executor, administrator, guardian, assignee, receiver, trustee or any person acting in a trust capacity of whatsoever nature, or any individual, shall be authorized, required or permitted by law or otherwise, to pay into or deposit in any court of record in this state any moneys, bonds, instruments in writing, stock or other securities, or personal property whatsoever, the same instead

thereof may be paid into or deposited with any corporation organized and acting under this chapter, which shall be designated for that purpose by the court having jurisdiction of the subject matter, or by the person, corporation, tribunal or body owning or controlling the same. Whenever any executor, administrator, guardian, assignee, receiver, trustee or any person acting in any trust capacity whatsoever, shall deposit any moneys, bonds, instruments, in writing, stocks or other securities, or any personal property whatsoever, belonging to his trust, with any corporation qualified and acting under this chapter, and shall take a receipt of such corporation therefor, he and his sureties shall thereafter be relieved from all liability therefor until the same shall again be delivered to him by such corporation; provided, that any corporation organized under chapter 31, having a savings department, shall make the same reports and be subject to the same examinations and be under the same restrictions as to their savings department as now provided by law for banks.

4. To act as trustee, assignee or receiver, in all cases where it shall be lawful for any court, officer, corporation or person to appoint a trustee, assignee or receiver, and to be appointed, commissioned and act as administrator of any estate, executor of any last will or testament of any deceased person, or estate of any minor, or of the estate of any lunatic, imbecile, spendthrift, habitual drunkard or other person disqualified to manage an estate. And it shall be lawful for any court in this state, having jurisdiction of the estates or wills of such persons, either within or without this state, to appoint or commission any such corporation organized and acting under, and having qualified with all the provisions of this chapter, as such administrator, executor, guardian, trustee, assignee or receiver in all cases where, under the laws of this state, such court could lawfully so appoint and commission any natural person; and in such cases no bond or other security or oath or other qualification shall be necessary to enable such corporation to accept such appointment and trusts.

5. To accept and receive deposits of money for general savings account, for safe keeping, or for investment, and to provide by its by-laws and regulations for the payment of interest or dividends thereon, for the investment thereof, and conditions for repaying or withdrawing the same, and when any such deposit may have been received from a minor the repayment of same to such minor or his order shall be a complete discharge of such corporation from any further liability therefor. To loan money upon such securities as may be deemed advisable by its board of directors, and to borrow money in like manner upon the security of its own property or credit.

6. To act as attorney in fact for any public or private corporation, or person, in the management or control of real estate or personal property, its sale or conveyance, in the negotiation of and sale of mortgages or other securities, the satisfaction of and discharge of record of mortgages or other securities, the collection of rents, payments of taxes, and generally to act for and represent corporations and persons under powers and letters of attorney, in all respects as a natural person could do.

7. To make, compile and certify to abstracts of title of real estate, upon such conditions and subject to such liability as may now exist or be hereafter created, by or under the laws of this state relating to abstractors, and under such conditions and restrictions as may be prescribed by its by-laws or by resolutions of its board of directors, to insure the validity and genuineness of titles to real property.

8. To insure and guarantee the fidelity and faithful performance of the duties of state, county, township, city, town and school district officers and employees; of the depositaries of public or other funds, and all persons, firms, companies or corporations who may require or are permitted to make, execute or give bonds or undertakings with security, for the faithful performance of any duty, and any court, board of auditors, board of commissioners or

trustees, or any person or persons who are now or shall hereafter be required to approve the sufficiency of any such bond or undertaking may accept such bond or undertaking and approve the same, when the conditions of such bond or undertaking are guaranteed by a corporation duly organized, qualified and acting under the provisions of this chapter, and all such corporations are vested with full power and authority to guarantee such bonds and undertakings, and the certificate provided for in section 5207 shall, until revoked, be conclusive evidence of the qualification of such corporation, and of its authority to become and be accepted as such surety; provided, that nothing herein contained shall apply to bonds given in criminal actions.

9. Whenever any sum or sums of money, or any real or personal property shall have been received by, deposited with or conveyed to be held by such corporation, for savings or investment account, or in trust under any of the provisions of subdivisions 1, 2, 3, 4 or 5 of this section, such moneys or property and all evidences of the investment of the same, and their accretions, must be kept by such corporation, separate and apart and readily identified from similar property of its own or of other persons, and the same shall not be liable for any debt or claim against said corporation, except for debts or claims accruing to and in favor of the person or persons making such deposits or creating such trusts, or the beneficiaries thereunder. [R. C. 1905, § 4682; 1897, ch. 143, § 8; R. C. 1899, § 3258f; 1903, ch. 195, § 1.]

§ 5211. Discretionary powers. The directors of any such corporation shall have discretionary power to invest all moneys received by it on deposit or in trust, and the investment or deposit of which shall not be otherwise limited or directed, in such securities as are not hereinafter expressly prohibited and it shall be held responsible to the owners or cestui que trust of such moneys, for the validity, regularity, quality, value and genuineness of all such investments and securities at the time said investments are so made, and for the safe keeping of the evidences and securities thereof. But if any special direction, limitation, agreement or trust is imposed upon, made or conferred in and by the order, judgment, decree, will or other document, contract, deed, conveyance or other written instrument, as to the particular manner in which or the particular class or kinds of securities, funds or property, whether real or personal, the same shall be invested in, then the said corporation shall follow and carry out such order, judgment, decree, contract, deed or written instrument or instruction, and in case of such special direction or limitation, such corporation shall not be held liable or responsible for any loss, damage or injury which may occur to or be incurred by any person or cestui que trust by reason of its proper performance of such trust as aforesaid. [R. C. 1905, § 4683; 1897, ch. 143, § 8; R. C. 1899, § 3258g.]

§ 5212. Power to accept trusts. It shall be lawful for any such corporation organized, qualified and acting under the provisions of this chapter, to become the assignee under any assignment for the benefit of creditors, or to act as receiver, or to accept any other trust which it is authorized to accept under this chapter, whether conferred by any person, corporation or court, without giving any bond or other security which would be otherwise necessary under the laws of this state, to enable a natural person to execute such trust. It shall be lawful for any such trust company to become the sole surety upon any bond or undertaking for or on behalf of any person, persons or corporation, in any suit, action or special proceeding, in any court in this state, where

bond or undertaking shall be necessary under the laws of this state, or in any other matter, municipal or otherwise, where a bond or undertaking shall be required, without any other bondsman or surety, and without justification or qualification. In case where a bond or new sureties to a bond may be required by a judge of any court of this state, or by the provisions of any statute of this state, from any person, persons or corporation, acting in any trust capacity whatever, if the value of the estate or fund is so great that the judge of the court having jurisdiction of the proceedings deems it inexpedient to require security in the full amount prescribed by law, he may direct that any securities for the payment of moneys belonging to the estate or fund be deposited, subject to the order of such person acting in such trust capacity, countersigned by a judge of said court, with any trust company organized and qualified to do business under the provisions of this chapter. After such deposit has been made, said judge may fix the amount of the bond, with respect to the value of the remainder only of such estate or fund. [R. C. 1905, § 4684; 1897, ch. 143, § 8; R. C. 1899, § 3258h.]

§ 5213. **When bond not required.** Any such corporation, organized and incorporated under the provisions of this chapter, having made the deposit and received the certificate of the state auditor as provided in section 5206, which shall hereafter be appointed to execute any trust, or to act as herein authorized in any capacity, by any court, or by any public or private corporation, or by any person, and which shall accept and enter upon the duties of any such trust, shall thereafter be fully qualified to fully discharge and perform such trust, without entering into or giving any sale bond, replevin bond, attachment bond, injunction or appeal bond, or other bond, undertaking, or security whatsoever, which a natural person would be required to furnish or enter into, in the progress of the execution of any trust, or in any suit, action or special proceeding, during the performance of any such trust, in any court in this state. [R. C. 1905, § 4685; 1897, ch. 143, § 8; R. C. 1899, § 3258i.]

§ 5214. **Transfer of trust.** Any executor, administrator, guardian, trustee, assignee or receiver, now or hereafter to be appointed, may resign his trust in favor of a corporation organized, acting and qualified under this chapter, and thereupon such corporation may be appointed, by any court having jurisdiction of the subject matter of such trust, upon such terms and conditions as such court may prescribe. [R. C. 1905, § 4686; 1897, ch. 143, § 8; R. C. 1899, § 3258j.]

§ 5215. **Compensation.** For the faithful performance of any trust, duty, obligation or service so imposed upon, conferred or accepted by any such corporation, it shall be entitled to ask, demand and receive such reasonable compensation therefor as the same shall be worth, or such compensation as may have been or may be fixed by the contract or agreement of the parties, as well as any and all advances necessarily paid out and expended in the discharge and performance thereof, and to charge legal interest upon such advances unless otherwise agreed upon, and any compensation or commission paid, or agreed to be paid, for the negotiation of any loan, or the execution of any trust by any such company shall not be deemed interest within the meaning of the laws of this state. Nor shall any excess thereof, over any rate of interest permitted by law, be decreed or held in any court of law or equity to be usury; and such company shall have a lien upon all moneys, securities and all property of every description which may come into its possession while in the performance of such trust for the payment of all sums due or to become due to it for services, expenses and advances, and the costs and expenses of enforcing such payment. [R. C. 1905, § 4687; 1897, ch. 143, § 8; R. C. 1899, § 3258k.]

§ 5216. **Investment of trust funds.** Any sum of money not less than one hundred dollars, which shall be collected or received by any such corporation in its trust capacity, and which money shall not be required for the purpose of

such trust, or is not to be accounted for within one year from the date of such collection, receipt or deposit, shall be invested by such corporation, as soon as practicable, and in such securities as are mentioned in section 5206, and the net interest and profits of such investments, less the reasonable charges and disbursements of said company in the premises, shall be accounted for and paid over as a part of such trust; and the net accumulations of such interest and profits thereon shall likewise be invested and reinvested as a part of such principal; and such investments shall be received and allowed in the settlement of such trust. [R. C. 1905, § 4688; 1897, ch. 143, § 9; R. C. 1899, § 3258l.]

§ 5217. Prohibited dealings. Indebtedness of agents. Such corporation shall not loan its funds, moneys, capital, trust funds or other property whatsoever to any director, officer, agent or other employe thereof, nor shall any such director, officer, agent or other employe become in any manner indebted to said company by means of any overdraft, promissory note, account, indorsement, guaranty or other contract whatsoever unless such indebtedness shall have been first approved or authorized by the board of directors, or an investment committee created by it, and such approval entered in the minutes of the proceedings of such board or committee, and any such director, agent or employe who shall become so indebted to said company, contrary to the provisions hereof, shall be deemed guilty of the crime of embezzlement to the amount of such indebtedness, from the time such indebtedness shall be created, and upon conviction thereof shall be punished in the manner prescribed by the laws of this state for embezzlement of like amount. The execution and delivery of the official bond of such officer, agent or employe, or his indorsement of commercial paper, however, shall not be considered as an indebtedness for the purpose of this section. [R. C. 1905, § 4689; 1897, ch. 143, § 10; R. C. 1899, § 3258m; 1903, ch. 195, § 2.]

§ 5218. Powers of court. Annual report. Any such corporation shall be subject at all times to the further orders, judgments and decrees of any court of record from which or under which it shall have accepted any trust, appointment or commission as to such trust, and shall render to such court such itemized and verified accounts, statements and reports as may be required by law, or as such courts shall order in relation to such particular trust. It shall also be subject to the general jurisdiction of the district court of the county in which its principal place of business is located. It shall render to the state examiner a full and detailed verified account of its condition, on the first day of June in each year, and such further accounts, either total or partial, or in relation to any particular investments, trusts, funds or other business as the said state examiner may from time to time direct and request, and a condensed statement of such annual report, approved by the state examiner, shall be published by the said corporation in a public newspaper, printed and published in the county in which its principal place of business is located, and if none, then in such newspaper as the state examiner shall direct. [R. C. 1905, § 4690; 1897, ch. 143, § 11; R. C. 1899, § 3258n.]

§ 5219. Capital. Increase of capital stock. Increase of deposit. Re-insurance. Every such corporation, organized under the provisions of this chapter, shall have the full amount of its subscribed capital stock paid in within two years after commencement of business, and such payment may be made in such installments as may be prescribed in its by-laws, or by resolution of its board of directors, and such capital stock may be increased from time to time by a majority vote of all the stockholders of such corporation, voting at any regularly called general or special election, in the notice of which election, the object thereof is fully set out, but no such increase of capital stock shall be valid unless paid in in cash, and certified to the state auditor in writing, and under oath by the president or secretary, or managing officer of

such corporation. Whenever it shall appear to the satisfaction of the state examiner, from an examination of the business of such company, that the deposit made by it with the state auditor, as hereinbefore provided, is insufficient to insure the safety of its deposits, trust and contingent liabilities, and he shall make an order, as hereinafter provided, requiring an increase of such deposit, then such company may deposit with the state auditor, other and further securities of the kind, class and value designated in section 5206, in an amount sufficient to comply with said order. [R. C. 1905, § 4691; 1897, ch. 143, § 13; R. C. 1899, § 3258o.]

§ 5220. Duty of public examiner. It shall be the duty of the public examiner, once in every six months, or oftener if required by the written, verified information filed with him by any person interested in any trust with which such corporation may be charged, and without notice to the officers of such company, to make a full, true, complete and accurate examination and investigation of the affairs of such corporation and to assume and exercise over such corporation, its business, officers, directors and employes, all the power and authority conferred upon him over banking and other financial or moneyed corporations. If it shall appear to the state examiner from any examination made by him that said corporation has committed a violation of the law or that it is conducting business in an unsafe or unauthorized manner, or that the deposit made by it with the state auditor as hereinbefore provided, is insufficient to protect the interests of all concerned, then the state examiner shall, by an order under his hand and the seal of his office, and addressed to such corporation, direct the discontinuance of such illegal or unsafe practice, and to conform with the requirements of the law, or to make a further deposit with the state auditor in an amount sufficient to insure the safety of its trusts, deposits and liabilities. And whenever such corporation shall refuse to comply with any such order as aforesaid, or whenever it shall appear to the said state examiner that it is unsafe or inexpedient for any such corporation to continue to transact business, he shall communicate the facts to the attorney-general, and thereupon he shall be authorized to institute such proceedings against any such corporation, as is now, or may hereafter be provided by law, in case of insolvent corporations or such other proceedings as the case may require. [R. C. 1905, § 4692; 1897, ch. 143, §§ 12, 14; R. C. 1899, § 3258p; 1903, ch. 195, § 3.]

CHAPTER 32.

SUPERVISION OF INVESTMENT COMPANIES.

§ 5221. Domestic and foreign investment companies defined. Every corporation, every copartnership or company and every association (other than state and national banks, savings banks, trust companies, real estate mortgage companies dealing exclusively in real estate mortgage notes, and corporations not organized for profit), organized or which shall be organized in this state, whether incorporated or unincorporated, which shall sell or negotiate for the sale of any stocks or investment bonds or investment certificates of any corporation, foreign or domestic, other than bonds of the United States, the state of North Dakota, or of some municipality of the state of North Dakota, to any person or persons in the state of North Dakota, other than those specifically exempted herein, shall be known for the purpose of this chapter as a domestic investment company. Every such investment company organized in any other state, territory or government, or organized under the laws of any other state, territory or government, shall be known for the purpose of this chapter as a foreign investment company. [1913, ch. 109, § 1.]

§ 5222. What documents to be filed with secretary of state. Before offering or attempting to sell any stocks or investment bonds or investment certificates

of any kind or character other than those specifically exempted in section 5221 to any person or persons, or transacting any business whatever in this state, excepting that of preparing the documents hereinafter required, every such investment company, domestic or foreign, shall file in the office of the state examiner of this state, in addition to those required by law to be filed by corporations and associations in the office of the secretary of state, together with a filing fee of fifteen dollars, the following documents, to wit: a statement showing in full detail the plan upon which it proposes to transact business; a copy of all contracts, bonds and other instruments which it proposes to make with or sell to its contributors or customers; a statement which shall show the name and location of the investment company, and an itemized account of its actual financial condition, and the amount of its property and liabilities, and such other information touching its affairs as said state examiner may require. If such investment company shall be a copartnership or an unincorporated association, it shall also file with the state examiner a copy of its articles of copartnership or association, and all other papers pertaining to its organization; and if it be a corporation organized under the laws of North Dakota it shall also file with the state examiner a copy of its articles of incorporation, constitution and by-laws, and all other papers pertaining to its organization. If it shall be an investment company organized under the laws of any other state, territory or government, incorporated or unincorporated, it shall also file with the said state examiner a copy of the laws of such state, territory or government under which it exists or is incorporated, and also a copy of its charter, articles of incorporation, constitution and by-laws and all amendments thereof which have been made and all other papers pertaining to its organization. [1913, ch. 109, § 2.]

§ 5223. Verification and certification of documents filed. All of the above described papers shall be verified by the oath of a member of a copartnership or company, if it be a copartnership or company, or by the oath of a duly authorized officer, if it be an incorporated or unincorporated association. All such papers, however, as are recorded or are on file in any public office shall be further certified to by the officer of whose records or archives they form a part as being correct copies of such records or archives. [1913, ch. 109, § 3.]

§ 5224. Filing of written consent to service of process on secretary of state. Every foreign investment company shall also file its written consent, irrevocable, that actions may be commenced against it, in the proper court of any county in this state in which a cause of action may arise, or in which the plaintiff may reside, by the service of process on the secretary of state, and stipulating and agreeing that such service of process on the secretary of state shall be taken and held, in all courts, to be as valid and binding as if due service had been made on the company itself, according to the laws of this or any other state, and such instrument shall be authenticated by the seal of said foreign investment company and by the signatures of all the members of the copartnership or company, or by the signatures of the president and secretary of the incorporated or unincorporated association, if it be an incorporated or unincorporated association, and shall be accompanied by a duly certified copy of the order or resolution of the board of directors, trustees or managers of the corporation authorizing the said secretary and president to execute the same. [1913, ch. 109, § 4.]

§ 5225. Examination by state examiner. Favorable statement; unfavorable finding. It shall be the duty of the state examiner to examine the statements and documents so filed, and if said state examiner shall deem it advisable he shall make or have made a detailed examination of such investment company's affairs, which examination shall be at the expense of such investment company, as hereinafter provided; and if he finds that such investment company is solvent, that its articles of incorporation or association, its constitution and

by-laws, its proposed plan of business and proposed contract, contain and provide for a fair, just and equitable plan for the transaction of business, and in his judgment promises a fair return on the stocks, bonds and other securities by it offered for sale, the state examiner shall issue to such investment company a statement reciting that such company has complied with the provisions of this act, that detailed information in regard to the company and its securities is on file in the state examiner's office for public inspection and information, that such investment company is permitted to do business in this state, and such statement shall also recite in bold type that the state examiner in no wise recommends the securities to be offered for sale by such security company. But if said state examiner finds that such articles of incorporation or association, charter, constitution and by-laws, plan of business or proposed contract contain any provision that is unfair, unjust, inequitable or oppressive to any class of contributors or customers, or if he decides from his examination of its affairs that said investment company is not solvent or does not intend to do a fair and honest business, or in his judgment does not promise a fair return on the stocks, bonds or other securities by it offered for sale, then he shall notify such investment company in writing of his findings, and it shall be unlawful for such company to do any further business in this state until it shall so change its constitution and by-laws, articles of incorporation or association, its proposed plan of business and proposed contract and its general financial condition in such manner as to satisfy the state examiner that it is solvent, and its articles of incorporation or association, its constitution and by-laws, its proposed plan of business and proposed contracts, provide for a fair, just and equitable plan for the transaction of business, and does, in his judgment, promise a fair return on the stocks, bonds and other securities by it offered for sale; provided, that all expenses paid or incurred and all fees or charges received or collected for any examination made under the provisions of this section of this chapter shall be reported in detail by the state examiner and a full report and record made thereof in detail. [1913, ch. 109, § 5.]

§ 5226. Conditions precedent to transacting business. It shall not be lawful for any investment company, either as principal or agent, to transact any business in form or character similar to that set forth in section 5221, except as is provided in section 5222, until it shall have filed the papers and documents above provided for. No amendment of the charter, articles of incorporation, constitution and by-laws of any such investment company shall become operative until a copy of the same has been filed with the state examiner as provided in regard to the original filing of charters, articles of incorporation, constitution and by-laws, nor shall it be lawful for any such investment company to transact business on any other plan than that set forth in the statement required to be filed by section 5222, or to make any contracts other than that shown in the copy of the proposed contract required to be filed by section 5222, until a written statement showing in full detail the proposed new plan of transacting business and a copy of the proposed new contract shall have been filed with the state examiner, in like manner as provided in regard to the original plan of business and proposed contract, and the consent of the state examiner obtained as to making such proposed new plan of business and proposed new contract. [1913, ch. 109, § 6.]

§ 5227. Registration of agents. Any investment company may appoint one or more agents, but no such agent shall do any business for said investment company in this state until he shall first register with the state examiner as agent for such investment company, and for each such registration there shall be paid to the state examiner the sum of two dollars. Such registration shall entitle such agent to represent said investment company as its agent until the first day of March following, unless said authority is sooner revoked by the state examiner, and such authority shall be subject to revocation at any time

by the state examiner for cause appearing to him sufficient. [1913, ch. 109, § 7.]

§ 5228. Appeal from examiner's refusal to grant statement. An appeal may be taken from the decision of the state examiner refusing to grant the statement provided for in this act to the district court of any county in the state of North Dakota.

Such appeal may be taken by filing with the clerk of said court a certified transcript of all papers on file in the office of the state examiner relating to such application and decision, within thirty days after the rendition of such decision, and serving notice of such appeal upon said examiner and filing a bond in the sum of two hundred and fifty dollars with said clerk, conditioned for payment of all costs in case said appeal is dismissed and decision of the examiner sustained, said bond to be approved by the clerk of said court as provided for approval of bonds in arrest and bail proceedings. The judge shall hear said appeal not less than ten nor more than thirty days after the filing of said appeal with the clerk, the day of hearing to be fixed by the court. The case shall be tried in all respects as a court case without a jury, and costs shall be allowed and taxed as costs are now taxed in said courts in civil actions, and upon like notice. [1913, ch. 109, § 8.]

§ 5229. Company to file annual or special report. Every investment company, domestic or foreign, shall file at the close of business on December thirty-first of each year, and at such other times as required by the state examiner, a statement verified by the oath of the copartnership or company, if it be a copartnership or company, or by the oath of a duly authorized officer, if it be an incorporated or unincorporated association, setting forth in such form as may be prescribed by the said state examiner, its financial condition and the amount of its assets and liabilities, and furnishing such other information concerning its affairs as said state examiner may require. Each regular statement of December thirty-first shall be accompanied by a filing fee of two dollars and fifty cents. Any investment company failing to file its report at the close of business December thirty-first of each year or within ten days of that date, or failing to file any other or special report herein required within thirty days after receipt of request or requisition therefor, shall forfeit its right to do business in this state, and shall be subject to such further penalties as hereinafter provided for violation of this chapter. [1913, ch. 109, § 9.]

§ 5230. Accounts of investment companies, how kept. The general accounts of every investment company, domestic or foreign, doing business in this state, shall be kept in double entry, and such company, its copartners or managing officers, shall at least once in each month make a trial balance of such accounts which shall be recorded in a book provided for that purpose; such trial balance and all other books and accounts of such company shall at all times during business hours, except on Sundays and legal holidays, be open to the inspection of stockholders and investors in said company or investors in the stocks, investment bonds or investment certificates by it offered for sale and to the state examiner and his deputies. [1913, ch. 109, § 10.]

§ 5231. General supervision by state examiner. Fee for examination. The state examiner shall have general supervision and control, as provided by this chapter, over any and all investment companies, domestic or foreign, doing business in this state, and all such investment companies shall be subject to examination by the state examiner or his duly authorized deputies at any time the state examiner may deem it advisable and in the same manner as is now provided for the examination of state banks. The rights, powers and privileges of the state examiner in connection with such examinations shall be the same as is now provided with reference to the examination of state

banks; and such investment company shall pay a fee for each of such examinations, not to exceed fifteen dollars for each day or fraction thereof, plus the actual traveling and hotel expenses of said state examiner or deputy that he is absent from the capitol building for the purpose of making such examination, and the failure or refusal of any investment company to pay such fee upon demand of the state examiner, or deputy, shall work a forfeiture of its right to do business in this state. [1913, ch. 109, § 11.]

§ 5232. Impairment of assets; receivership. Whenever it shall appear to the state examiner that the assets of any investment company doing business in this state are impaired to the extent that the assets do not equal its liabilities, or that it is conducting its business in an unsafe, inequitable or unauthorized manner, or is jeopardizing the interests of its stockholders or investors in stocks, investment bonds or investment certificates by it offered for sale, or whenever any investment company shall fail or refuse to file any papers, statements or documents required by this chapter, without giving satisfactory reasons therefor, said state examiner shall at once communicate such facts to the attorney-general, who shall thereupon apply to any district court, or a judge thereof, for the appointment of a receiver to take charge of and wind up the business of such investment company; and if such fact or facts be made to appear, it shall be sufficient evidence to authorize the appointment of a receiver and the making of such order and decrees in such cases as equity may require. [1913, ch. 109, § 12.]

§ 5233. Penalty for false statement or entry. Any person who shall knowingly or willfully subscribe to or make or cause to be made any false statements or false entry in any book of such investment company, or exhibit any false paper with the intention of deceiving any person authorized to examine into the affairs of such investment company, or shall make or publish any false statement of the financial condition of such investment company, or the stocks, investment bonds or investment certificates by it offered for sale, shall be deemed guilty of a felony, and upon conviction thereof shall be fined not less than two hundred dollars nor more than ten thousand dollars, or shall be imprisoned for not less than one year nor more than ten years in the state penitentiary, or by both such fine and imprisonment. [1913, ch. 109, § 13.]

§ 5234. Penalty for doing business in violation hereof. Any person or persons, agent or agents, who shall sell or attempt to sell the stock, investment bonds or investment certificates of any investment company, domestic or foreign, or the stock, investment bonds or investment certificates by it offered for sale, who have not complied with the provisions of this chapter; or any investment company, domestic or foreign, which shall do any business, or offer or attempt to do any business, except as provided in section 5222, which shall not have complied with the provisions of this chapter; or any agent or agents who shall do or attempt to do any business for any investment company, domestic or foreign, in this state, which agent is not at the time duly registered and has fully complied with the provisions of this chapter, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined for each offense not less than one hundred dollars nor more than five hundred dollars, and by imprisonment in the county jail for not more than ninety days. [1913, ch. 109, § 14.]

§ 5235. Fees and expenses of state examiner. All fees herein provided for shall be collected by the state examiner and by him shall be turned into the state treasury, and shall be kept in a special fund for the payment of the actual and necessary expenses herein provided. All money actually and necessarily paid out by the state examiner for traveling or incidental expenses on duties performed under this chapter shall be audited as other claims against the state and paid out of the special fund herein created. [1913, ch. 109, § 15.]

CHAPTER 33.

EXISTING CORPORATIONS ELECTING TO CONTINUE UNDER THIS CHAPTER.

§ 5236. **Proceedings when existing corporations elect to continue.** Any corporation existing at the time of the taking effect of this chapter formed under the laws of this state, may elect to continue its existence under the provisions of the preceding chapters applicable thereto and it may at any time thereafter make such choice or election at any meeting of the stockholders or members, or at any meeting called by the directors or trustees expressly for considering the subject, if voted for by stockholders representing a majority of the capital stock or by a majority of its members; or it may be made by the directors or trustees upon the written consent of that number of such stockholders or members. A certificate of the action of the directors or trustees, signed by them and their secretary, with the seal of the corporation, when the election is made upon such written consent, or a certificate of the proceedings of the meeting of the stockholders or members, when such election is so made, signed by the chairman and secretary of the meeting and a majority of the directors and trustees, must be filed in the office of the secretary of state and thereafter the corporation shall continue its existence under the provisions of the preceding chapters which are applicable thereto and shall possess all the rights and powers and be subject to all the obligations, restrictions and limitations prescribed thereby. [R. C. 1905, § 4693; Civ. C. 1877, § 566; R. C. 1899, § 3259.]

1. If such accumulation is directed to commence on the creation of the

interest out of which the income is to arise, it must be made for the benefit of one or more minors then in being, and terminate at the expiration of their minority; or,

When, in consequence of a valid limitation of a future interest, there is a suspension of the power of alienation or of the ownership, during the continuation of which the income is undisposed of, and no valid direction for its accumulation is given, such income belongs to the persons presumptively entitled to the next eventual interest. [R. C. 1905, § 4753; Civ. C. 1877, § 210; R. C. 1899, § 3317.]

[R. C. 1905, § 4757; Civ. C. 1877, § 214; R. C. 1899, § 3321.]

§ 5454. **Meeting ships. Limitation.** In case of ships meeting the following rules must be observed in addition to those prescribed by any statutes of this state, which relate to navigation:

1. Whenever any ship proceeding in one direction meets another ship proceeding in another direction so that if both ships were to continue their respective courses they would pass so near as to involve the risk of a collision, the helms of both ships must be put to port so as to pass on the port side of each other, except when the circumstances of the case are such as to render a departure from the rule necessary in order to avoid immediate danger and subject also to a due regard to the dangers of navigation.

2. A steamer navigating a narrow channel must, whenever it is safe and practicable, keep to that side of that fair way or mid-channel which lies on the starboard side of the steamer. A steamer when passing another steamer in such channel must always leave the other upon the larboard side.

3. When steamers must inevitably or necessarily cross so near that by continuing their respective courses there would be a risk of collision each vessel must put her helm to port so as always to pass on the larboard side of each other.

The rules of this section do not apply to any case for which a different rule is provided by the regulations for the government of pilots of steamers approaching each other within sound of the steam whistle, or by the regulations concerning lights upon steamers, or other matters prescribed under authority of any act of congress. [R. C. 1905, § 5055; 1891, ch. 67, § 5; R. C. 1895, § 3610.]
